PLEASE MENTION THE FARMER'S ADVOCATE.

GOSSIP.

Shropshire shearing rams, ram lambs and ewes are advertised in this issue by Mr. Malcolm McDougall, Tiverton, Bruce Co., Ont. About 50 head in all are offered, some 30 of which are rams, all registered or eligible, bred from sires from the flocks of Hon. John Dryden and John Campbell. They are said to be a good lot, low-set, well covered, and in good condition. See the advertisement and write for prices, etc.

Geo. D. Fletcher, Binkham, Ont., breeder of Shorthorns, in ordering change of advertisement writes: "My young stock at present are a very thrifty lot, and my stock bull, Spicy Robin, is making himself quite famous by the prominent places his calves are taking in large show and sale rings in Canada and the U. S. Many of them have sold for long figures, among which was Roan Missie, bred by me, and sold at W. C. Edwards' sale at Chicago, June 14th, 1902, under 18 months old, for \$700. Spicy Robin, together with a number of his get, will probably be exhibited at Toronto and other leading exhibitions this fall."

Mr. Gus. A. Langelier, Quebec, whose advertisement of Ayrshire cattle and Large Yorkshire hogs appears in this issue, writes: "My herd of Ayrshires is headed by Duke of Carlheim, a smooth young bull that gives promise of becoming a sire capable of improving any herd. He is by Matchless (7560), a noted prizewinner, out of Imp. Nellie Osborne, champion cow at the World's Fair, Chicago. His grandsire is the well-known Imp. Glencairn III, and his granddam, Belle Hamlin (6057), is a persistent milker, with a record of 7,452 lbs. milk for last year. It is easy, therefore, to see this bull is bred from stock which have shone not only in the show-ring but also at the stall, and the herd of which he is now the head should be heard from in future. In Yorkshires, we now have ten imported animals, which should take a leading position at the fall shows. One of the sows, Imp. Summer Hill Waltham Sarah 5th (9752), is probably as good a specimen of the Improved Large Yorkshire as now exists in Canada. She was bred by Sir Gilbert Greenall, and to anyone posted in breeding, that fact alone is sufficient to show that she is a typical animal. There is probably no higher-priced pig in the Province of Quebec at the present time. Her last litter of nine pigs were all raised, and thus she possesses the commendable quality of being both a show animal and a breeder. Summer Hill Dalmey Chief 2nd (9070) is a young boar of great length and smoothness. He was bred by Earl Roseberry, at Dalmey Park, and is fit to head any herd. I have a few more young things also bred by Earl Roseberry, which should have no trouble to win at the fall shows. Some of them are for sale to make room for expected litters."
