At the last meeting of Southampton council, the hotel licenses in that village were raised from \$100 to \$150.

Russians troops have wiped out a robber band in Manchuria. Probably a misprint. It was rubber band.

Police Magistrate Weir dismissed with costs the Lord's Day Alliance case against the Ontario Sugar Company at Berlin, Ont.

The masons and bricklayers of the city of Stratford went out on the strike on Saturday last. They demand an increase of wages from 35 to 40 cents per hour. It is likely the increase will be granted.

An operation was performed on a young son of Mr. John Gray, Varney, recently. It was first thought the boy had appendicitis, and an operation was performed but no trace of the disease was found. Before the wound was closed up, a large worm about eleven inches long was found curled up in the intestines, making a ball which stopped all passage.

There is a movement on at Ottawa for the removal of the duty on soft coal imported from the United States. The duty is 58cts. a ton. The Ottawa Board of Trade has adopted a resolution unanimously in favor of the removal of the duty. All the railway companies and manufacturers are in favor of the duty being removed.

Burglars entered George Mitchell's private bank at Fiesherston Monday night. The front door was forced open with a crowbar. No explosives were used on the safe, the combination of which was smashed with chisels and a strong punch. It is understood that quite a large sum of money was secured by the thieves. There is absolutely no clue.

The provincial secretary's department has sent out a circular to all license inspectors throughout the province calling upon them to strictly enforce the liquor license law. The circular, in part, reads: "There is a fairly general complaint that inspectors are not doing their duty. When complaints to this effect reach the department and it is made to appear that any inspector's failure to exercise proper vigilance in discharge of his official duties, justifies such complaint, the resignation of the inspector affected thereby will be considered necessary." The circular adds that it is expected that inspectors will take action in the direction of procuring enforcement of the law and in dealing with violations of it without waiting for formal complaint.

In an attempt to kill an aged horse John Eckert, a farmer, living near Newberry, Mich., recently had a miraculous escape from being blown to death. Desiring to see the horse die he attached a piece of dynamite to the horse's neck by a string. He then touched off the fuse with a match and started to run. Instead of standing still the animal started to follow its owner. Eckert finally reached a wire fence through which he crawled. A moment later, when Eckert was only two rods away, the dynamite exploded. The shock knocked the man down, but did not hurt him seriously. The horse was blown to atoms.

Several explanations are given of the expression "by hook or crook." Two London lawyers, Hook and Crook, were celebrated for locating sites of buildings after the great fire, the owners often concluding that they must get back their property by "Hook or Crook." Once voters open to bribery indicated it by placing straw men in their shoes and were called "straw men," and when prosecuted for this offense they were brought up before Judges Hook and Crook. It not infrequently happened that a writ of habeas corpus was issued, and as often the sheriff's return had not the indorsement "hic est corpus"—that is, "here is the body"—and the offender went scot free, which action the public regarded as "hocus

### THEY KNOW IT.

Thousands of people throughout the country know that the ordinary remedies for piles—ointments, suppositories and appliances—will not cure.

The best of them bring only passing relief.

Dr. Leonhardt's Hem Roid is a tablet taken internally that removes the cause of Piles, hence, the cure is permanent. Every package sold carries a guarantee with it.

It is perfectly harmless to the most delicate constitution. A month's treatment in each package sold at \$1.00.

### A Valuable Animal.

A man, while crossing a meadow, was attacked by a young bull and was severely bruised. Just as the victim had landed on the safe side of the fence a farmer approached, and, calling the man, said:

"Do you want to buy that animal?"

"No; I want to kill the beastly thing, and I'm going to do it if I have to walk ten miles for a gun."

"Why, what's your grievance against the poor critter?"

"D'n't you see him toss me over the fence?"

"Well, yes, I did, but it was only his way of accommodating folk. He seed you wanted to get into the next field, and he helped you over, and that's why he's so valuable. Why, last winter, when I had the roomatics, I couldn't get along without him."

There are 30 steam road rollers in use in the towns and cities of Ontario. The cities of Hamilton and Toronto each own two. The one owned by the city of Brockville is valued at \$4000. The others vary in price from \$875 to \$3,800.

Mr. Brenzel, a young man about 22 years old, who is deaf and dumb, was killed on the track near Elmwood by the mail train on Tuesday afternoon of last week. He lives about one and a half miles out of Elmwood and was walking into the village on the track when the train overtook him. The engineer blew the whistle, but of course it was not heard, and as people often wait till the train is near them before getting off the track, the engineer did not make an effort to stop the train. Brenzel was knocked about 16 feet to one side and was instantly killed, his spine being broken. The accident occurred at the bend about rods south of the village.

It is suggested as possible that an amendment may be made to the Customs Act so as to shut out books that would tend to incite the young to crime and violence. The law was changed last year so as to forbid the admission of pictures and posters of this same type, but it is considered advisable that the prohibition should include these books. Another suggestion is that a new clause should be added to the Criminal Code to punish storekeepers who attempt to sell undesirable publications whether books or pictures.
