Engines Collide at Junction

Two Trainsmen Died of Injuries Received in Wreck.

A serious accident resulting in the death of two men occurred at C.P.R. Junction, otherwise known as Bonarville, on Saturday afternoon. The dead men are, Mr. Lang, fireman of the C.N.R. train and Mr. Michael Houlahan, brakeman of C.N.R. train.

The Canadian Northern train was proceeding over the crossing of the C.P.R. and was struck near the front of the engine by the C.P.R. east bound freight train, causing the C.N. engine to overturn, pinning the two men under the debris. The fireman lived about 3 hours but could not be extricated before the arrival of the wrecking outfit. The brakeman was rushed to Peterboro hospital by special C.P.R. train but succumbed to his injuries at 3 a.m. Sunday. He was about 40 years of age and had been in the employ of the Central Ontario railway for many years, previous to that company being taken over by the C.N.R. His home was in Trenton.

Mr. Lang was a resident of Hawkeston and had been in the employ of the C.N.R. a short while. An inquest will be held immediately and investigation of the cause of the collision will be made.

Peace Within Sight But Not Within Reach

Viscount Grey Says League of Nations Must be Formed at Peace Conference and Must Include Germany as Member.

London, Oct. 15.—Viscount Grey, the former secretary of Foreign Affairs in the first speech he has made in two years, said he thought peace was within sight, but not within reach.

He praised the wisdom of President Wilson's reply to the German note. Viscount Grey spoke at Westminster at a "League of Nations" meeting.

The country, he declared, must give its united support to the Government in the conduct of the war until peace was within reach. A league of nations could not be a substitute for the successful termination of the war.

Never had he seen how it would be possible to form a league of nations before peace was concluded. Such a league must be founded at the peace conference, if delayed beyond a few days the chances that it would ever be formed were slight.

A league of nations, he urged, must include Germany. There could be no thought of disarmament until Germany had disarmed.

Washington, Oct. 15.—Mrs. Wellington Koo, wife of the Chinese minister died on Thursday from pneumonia, which followed an attack of Spanish influenza. She had been ill about a week.

Naphin and Constable Smith went up the street on a tour of exploration and found the car in a damaged condition at Jones Creek. There had apparently been an accident. The axle of the Gray-Dort was bent, the fenders bent and other vital parts of the car's anatomy damaged. A Ford which belonged to Mr. Macpherson of Thurlow was also a considerable sufferer. The thieves have not yet been apprehended.

Mrs. Helena Wheeler, 37 Ridley Ave., received word yesterday morning that her son, Lance-Corp. Harvey Wheeler, had been admitted to Beaufort hospital, suffering from gunshot wounds in right shoulder and neck. Lance-Corp. Wheeler was previously reported wounded last spring but later returned to the service. He enlisted from The Ontario office and went overseas with the 235th battalion as a private and won his promotion on the field. His many friends here will hope for a speedy recovery.

The Belleville Board of Health last night decided to close the city schools, the churches, theatres and lodges until further notice. The movement will be in accord with public sentiment and was rendered necessary by the very serious nature of the epidemic of influenza and pneumonia about the district. Reports do not indicate that the contagion has abated or passed the "peak."

Due to the closing of the schools there will be a large number of boys available about the city to assist in farm work. Mr. P. Broedel of the Y.M.C.A. has kindly undertaken to place as many of the boys as care to go with farmers desiring help in the apple and root harvest.

Adj. Trickey who has for several months past been commanding officer of the local corps of the Salvation Army will be leaving Belleville next week, to take up work in connection with the Million Dollar drive that the S. A. is undertaking for patriotic purposes. This will probably mean Adj. Trickey's permanent removal from the city where he has already won a warm place in the affections of the people.

At "Fourth" degree Bro. Jas. E. Glenn, the W. M. of Lake lodge presided as toastmaster. Addresses were delivered by the visiting brothers and musical numbers were contributed by Bro. Nuptial Notes

POSTER—ARNETT.

Midst glorious sunshine at the Dunn Avenue Presbyterian Church, Toronto, yesterday, a very pretty wedding took place when Miss Doris Arnett, daughter of Mr. and Mrs. L. R. Arnett, of Melbourne Avenue, became the bride of Lieut. Lorne Douglas Foster, second son of Mr. and Mrs. R. M. Foster, of Cravenaig, Trenton, Ont. The bride, who was given away by her father, was smartly frocked in Robin Blue velvet, trimmed with seal; wearing a black hat, trimmed with feathers, and a bouquet of Orphelia roses. Miss Marguerite Turner was bridesmaid. Capt. Alvey of the Engineers, acted as best man.

A reception was held at the home of the bride's parents, the house was gaily decorated with Autumn leaves and Chrysanthemums. The bride's polished table was extremely pretty, being done in the Veteran Colors in Military design. Mr. and Mrs. L. D. Foster left for brief wedding tour west. On their return they will reside on McClellan Avenue, Trenton, Ont.

GEN. CURRIE'S SPLENDID TRIBUTE TO RECORD OF CANADIAN TROOPS

With the Canadian Forces, France. Gen. Sir Henry Horne Commanding the First British Army, wired as follows to Gen. Sir Arthur Currie, commander of the Canadian Corps, Oct. 3rd:

"I wish to express to you and the troops my appreciation of the determined fighting of the Canadian Corps during the past five days. During this time the Canadian Corps, assisted by the 11th Division and portions of the 58th Division, successfully carried through the difficult task of forcing the Canal du Nord, in the face of a determined enemy and captured Boislun Wood and the high ground north and north west of Cambrai. The importance which the enemy attached to these positions is shown by the number of divisions which he has employed and by the violence of his counter-attacks during the past two days. Troops of no less than twelve divisions have been engaged during this period in an attempt to stem the successful advance of the Corps."

Currie's Praise of Corps

Gen. Currie addressed the following order to the troops:

"I wish to express to all troops now fighting in the Canadian Corps my high appreciation of the splendid fighting qualities displayed by them in the successful battles of the first week in October. The mission assigned to the Corps was the protection of the flank of the third and fourth armies in their advance, and that mission has been carried out to the complete satisfaction of the commander-in-chief. In your advance you overcame the very formidable obstacle of the Canal du Nord. You carried by assault the fortified Bourlon wood, the Maroing line, and seized the high ground extending along the Douai-Cambrai road. The towns of Oisy-le-Verger, Nipnoy, Haynesourt, Marquin, Sains, Les Marquins, Sannoit, Bourlon, Pontaine de Notre Dame, Raoulencourt, Sully, St. Oile, Neuville St. Remy, and Tilloy are now ours and your patrols entered Cambrai itself."

12 Divisions Met and Beaten

"How arduous was the task assigned to you and how valuable to the enemy was the ground you captured. Can be judged by the fact that while as in the operation of the first, third and fourth British armies, 36 enemy divisions have been engaged to this date. Twelve of these divisions supported by 11 independent machine gun units, have been met and defeated by the Canadian Corps. As you formed the flank you suffered the heaviest and frontal artillery fire all the way and the hundreds of machine guns captured testify to the violence of the opposition from this source."

"Every evidence confirms the fact that the enemy suffered enormous casualties. He fought stubbornly and well and for that reason your victory is the more creditable. You have taken in this battle over seven thousand prisoners and two hundred field and heavy guns, thus bringing the total captures of the Canadian Corps since August 8 up to 38,000 prisoners, five hundred guns, over three thousand machine guns and a large amount of stores of all kinds."

"Even of greater importance than these captures stand the fact that you have wrested sixty-nine towns and villages and over one hundred and seventy-five square miles of soil from the Hun in the short period of two months. The Canadian Corps, to which was attached the 32nd Division for the battle of Amiens, the 4th and 51st Divisions for the battle of Arras and the 11th Division for the battle of Cambrai, has encountered and defeated decisively forty German divisions; that is nearly one-quarter of the German forces on the west front."

"In the performance of these mighty achievements all arms and branches of the Corps have been their purposeful enemy one for all and all for one. The dash and magnificent bravery of our incomparable infantry have at all times been devotedly seconded with great skill and daring by our machine gunners, while the artillery lent their powerful and never failing support. The initiative and resourcefulness displayed by the engineers contributed materially to the depth and rapidity of our advances."

"The devotion of the medical personnel has been worthy of every praise. The administrative services, working at all times under great pressure and adverse conditions, surpassed their usual efficiency. The chaplain services by their continual devotion to the spiritual welfare of the troops and their utter disregard of personal risk, have endeared themselves to the hearts of everyone."

CATHOLIC CHURCHES TO SAVE FUEL

Lindey—Two patriotic resolutions that will have a beneficial influence were passed by the Catholic Bishops of Ontario at a meeting in this city, when those present included the Archbishops of Toronto and Kingston, and the Bishops of Sault Ste. Marie, London, Peterboro and Pembroke.

They passed a resolution requesting each bishop to take steps to lessen the consumption of coal in the churches of his diocese during the winter by restricting all non-essential services. They also adopted a resolution urging all Catholics of the province to subscribe, as far as their means will allow, to the coming Victory Loan.

Another resolution passed was one recommending to the military authorities, when there is cessation of hostilities, to facilitate the speedy return to Canada of young men who have been pursuing university studies prior to enlisting.—Post.
