

## SPRINGHILL MINES HAVE SUFFERED MUCH DAMAGE DURING THE LONG STRIKE

SPRINGHILL, N. S., Oct. 27.—Hiram Donkin, deputy commissioner of mines at the Nova Scotia Steel and Coal Co., were in Springhill Saturday in regard to the inspection of the mine. The inspection of the mine was completed by Monday afternoon. The deputy commissioner states that the government had ordered the inspection to be made so as to have complete knowledge of the condition of the mine. The mines had suffered considerable damage since the strike began. No. 8 mine had fallen in badly. In some places the back sections of 2 1/2 and 2,000 levels, and the condition was now such that it would not be long before the damage would be much worse. The better condition, and the company has succeeded admirably in keeping the mines comparatively free from water. The deputy commissioner was not in a position to state what action the government contemplated in regard to mines, neither did he know whether inspection had been made, as the suggestion of Engineer Cowan. Mr. Donkin stated that Premier Murray instructed him to inquire into the strike situation and

if there was any possible way by which anything could be done that the Premier would be more than willing to endeavor to accomplish it. The deputy commissioner said that he did not see anything in the dispute that would involve a prolonged strike or a strike of any kind. He said that he had advised the mine owners to return to work and had then returned to work nothing would have been lost to them. The decision was made. His own view of the matter was that the decision did not apply to outside of Nos. 85 and 9 chutes and the attorney-general's view was the same. He did not care to discuss the matter of the strike, but paid a tribute to the men for the fair and reasonable spirit shown by them. The deputy commissioner held a conference with a number of lodge leaders, but nothing has been given out for publication. Last night the office employees of the company were visited by the committee and asked to quit work and join the union. These men have been on the staff of the company for years and are among the town's very best citizens. They are not union men, however, and the lodge recent. The deputy commissioner learns that these employees intend to continue where they are.

## PROVINCIAL NEWS.

CHARLOTTE, N. C., Oct. 18.—John Charles McNeil, poet and raconteur, died yesterday at his home in Scotland County, aged 33 years. He was a graduate of Wakeforest College and for some time had been professor of English in Mercer University at Macon, Georgia.

In 1905 President Roosevelt personally presented him with the Patterson Memorial Cup for the most gifted work of the year. NEW YORK, Oct. 18.—James W. Westcott, one of the most successful gamblers in America and brother of Mrs. Katherine Westcott, head of the Theosophical Organization, is dead at his home here. Westcott, who was Richard Canfield's most formidable rival at Saratoga, was stricken with pneumonia and Bright's disease. He was a fortune valued at nearly \$500,000.

MONCTON, N. B., Oct. 18.—More complications are likely to arise, over the secret of a few days ago of ex-Constable Blair Leblanc. He was taken into custody by Police Officer J. A. Leblanc and McDermott at the instance of Constable Stevenson, who had a capias for Leblanc, the latter resisting. Leblanc has announced he is going to sue the officers who are affected and will replace them as keeper of the lockup. Now Stevenson says he will sue the Chief of Police for allowing Leblanc to go after being placed in jail. There was no charge laid against Leblanc at the time of his arrest and the Chief gave him freedom a few hours after he was placed in jail.

SYDNEY, N. S. W., Oct. 18.—Deaths from Newcastle state that a serious "creep" has occurred in the old mine workings under the residential quarter of that city. Buildings on a quarter of 15 acres are affected, and the damage so far is estimated at half a million dollars. There have been no casualties.

A mine creep is a slow movement of rock surrounding the excavation to replace that taken out. The movement often causes a change of levels on the surface.

WOODSTOCK, Oct. 17.—A meeting of business men was held in the Town Council chamber last evening to discuss the local telephone situation. J. C. Henty occupied the chair, with A. D. Holyoke as secretary.

The present included His Worship Mayor Munro, Ald. W. S. Sutton, E. W. Williams, John McConnaughy, T. S. Stewart, Herbert Atherton, E. K. Connell, J. Douglas Carey, George W. Upham, Arthur L. Burpee, W. F. Gilden, John H. Thompson, E. N. Payson, Frank O. Anna, R. E. Holyoke, Thomas Fewer, Ben. Griffiths, Fred Davidson, Wm. Balmains, J. Rankin Brown, John A. Lindsay, John McConnaughy, T. S. Stewart, Arthur Stevens, George Syll, H. V. Dalling, Samuel Parsons, J. H. Harvey, H. G. Noble, H. A. Seeley, J. A. Doak, I. E. Sheagreen. The chairman said he had been approached by many citizens who were of the opinion that instead of a private company immediately coming into existence to compete with the N. B. concern, it would be better to have a plebiscite taken to ascertain whether the citizens are not in favor of installing a municipal exchange. He suggested the holding of such a vote in connection with the town election in January.

A. D. Holyoke, for the committee on the sale of stock, reported progress and asked further time. He said the citizens were practically unanimous in supporting the proposal, and when the stock is placed on the market there will be no difficulty in selling it.

Mayor Munro, in addressing the meeting, expressed himself in favor of a municipal plant. He cited the case of Port Arthur, where a municipal telephone system drove the Bell Company from the field. In his opinion the proper way to deal with the question generally is with independent companies. He doubted if such lower rates can be obtained, but stands ready to take stock if a private company be started, or if the system is to be owned by the town, will give it his hearty support.

J. D. Carey feared the loss of long distance connections in the event of the citizens abandoning the N. B. company. R. E. Holyoke said he thought it no use to apply to the legislature for relief, as many of the chief members on both sides are interested in the monopoly as stockholders. H. V.

Dalling expressed the opinion that the telephone has always been a paying base here. He felt that if the town were to go into the business, the N. B. people will have to get out. On motion of Mayor Munro, seconded by Councilor J. R. Brown, the meeting unanimously expressed itself in favor of the project, and pledged to support the new company in every possible manner.

HALIFAX, N. S., Oct. 22.—Two topmost schooner James R., from St. Pierre, for Cheticamp, was driven ashore yesterday morning at McQueen's Ridge, Big Glace Bay. The crew got ashore with much difficulty.

Schooner Frank S., left St. Pierre for Cheticamp in company with James R., and was last seen by the latter on Saturday. Big Glace Bay. The crew got ashore with much difficulty.

Captain Auldin, who owned the James R., told your correspondent he left St. Pierre Saturday morning. About two miles off Glace Bay she was struck by a huge sea which threw her on her beam ends. She righted herself, but continued to drift landwards and the captain soon saw that the only chance of saving their lives was to run her ashore before dark. She was driven high up near the cliff and an attempt was made to send a line ashore by tying a flag to it and letting the wind carry the flag and line. This failed and a bucket and line was used. The line was made fast to John A. Robertson, who came to their assistance and the captain and crew got safely to shore after a thrilling experience. The cook the last man to leave, had to be hauled ashore by a line fastened around him, and his face was bruised by being struck against the cliff.

HALIFAX, N. S., Oct. 24.—At the Conservative convention held at Westville today to nominate a candidate for election to the next federal election, the expected happened, when A. C. Bell, ex-M. P., was elected to stand aside in favor of Sir Hilbert Tupper by vote of 20 to 98. It remains to be seen, however, if Sir Hilbert will consent to stand in the breach. The Liberals who are splendidly organized are not worrying. They believe that Sir Hilbert, who lives and says he will continue to live in British Columbia, is not the Sir Hilbert of old, or he would not need to leave the Pacific province.

Mr. Bell, it is said, fully expected to get the party nomination. When Sir Hilbert deserted the county and ran away to British Columbia, Sir Hilbert was left to be sent to Dorchester jail, so that he will have a comfortable home for the approaching winter months.

SYDNEY, N. S., Oct. 24.—Agostino Martino, an Italian, aged 24, met an awful death at the Steel plant today. He was the logical son of his party, but at the instance of the older Tupper he was set aside and the berth was given to young Tupper. Again he has met the same fate. He accepted the inevitable at the convention, but it is unlikely that he and his friends will be enthusiastic over the reappearance of the man who twice snuffed out his political life.

FREDERICTON, N. B., Oct. 24.—At St. Anthony's Church this evening a most interesting service took place, when the new bell was blessed. Bishop Casey conducted the service and was assisted by Revs. Fathers Carney, LeBlanc, McGill and Hesterman. Bishop Casey preached an eloquent sermon. He congratulated the congregation on their energy and zeal, and spoke at some length on the doctrine of the Catholic Church, and exhorted all to live in such a manner as to reflect credit upon their religion. After the sermon the benediction of the blessed sacrament was given. His lordship then announced that he would give the bell a ring, which was accordingly done, each member of the congregation following. The marriage took place at the Baptist Church, Kingsclear, this morning, of George Kilburn, lumber seller for John Kilburn, and Miss Pearl Long, daughter of Benjamin Long. Rev. Mr. Wetmore tied the nuptial knot in the presence of some sixty guests. The newly married pair left for Quebec on their honeymoon.

MONCTON, Oct. 24.—Francis McKay, a druggist of this city, had a rather unpleasant experience through being lost in the woods at Birch Ridge last night. Mr. McKay went to Birch Ridge

The news that the Indian Government is so confident of the success of the gyroscopic train, has directed the attention of authorities of most of the colonies to the possibilities of the new rail. Deputations from all parts of the world have lately visited Mr. Brennan and inspected the model railway which runs round the ground of his Kentish home.

A party of the representatives of African railway companies and the Trade Commissioners from the Cape watched the trial, and saw a full grown man whirled safely to and from in a tiny gyroscopic train, but the carriage balanced on a rail never once lost its stability for a moment, even when running at express speed.

The Countess of Strafford, one of the noblest ladies in the kingdom, is going to co-operate with Lady Henry Somerset towards providing Christmas gifts for the children of the London slum. In speaking of her plans Lady Strafford said: "The distribution of gifts to such a large number of children will be a successful affair, but it can be done successfully, and has, in fact, already been done in New York by one of the largest newspapers in that city."

According to a careful computation of experts, there are more than 80,000 slum children in London who at Christmas gifts whatever.

On a partridge shooting expedition in company with W. D. Charters of the firm of Forbes & Charters, and at Birch Ridge, they secured a brace of partridges. About ten o'clock yesterday morning Mr. McKay left the other two and struck off by himself. When he was not seen during the remainder of the day no anxiety was felt, as Mr. McKay was acquainted with the woods. When he did not return in the evening in time to catch the train on which he and Mr. Charters had intended returning home some anxiety began to be felt. Mr. Charters and Mr. Stevens both fired their guns repeatedly, but without success. There was no answer to repeated whistlings of the locomotive. This morning a party started out in search of Mr. McKay, and arriving at a lumber camp about six miles from the railway learned that he had arrived there and spent the night. Mr. McKay returned home this afternoon none the worse for his expedition.

In the person of Jack Jonah, a well known local character, Moncton has a man who prefers life in jail to having his liberty. Jonah is a confirmed tumbler, and although all sorts of schemes have been tried in vain to reform him, "On an average in the last ten years, Jonah has spent about six months of each twelve behind the bars."

The man who is now in the lockup, and who was working for the term for drunkenness. Last night he again became intoxicated, and when the police failed to arrest him, he was taken to the station and locked up. He is evidently looking to be sent to Dorchester jail, so that he will have a comfortable home for the approaching winter months.

SYDNEY, N. S., Oct. 24.—Agostino Martino, an Italian, aged 24, met an awful death at the Steel plant today. He was the logical son of his party, but at the instance of the older Tupper he was set aside and the berth was given to young Tupper. Again he has met the same fate. He accepted the inevitable at the convention, but it is unlikely that he and his friends will be enthusiastic over the reappearance of the man who twice snuffed out his political life.

## A WOULD-BE ROYAL KIDNAPPER

Prince of Saxony with his family.

The recent marriage of the former Crown Prince of Saxony to a musician has redoubled the efforts of the King of Saxony to obtain possession of the youngest child the Princess Monica Pia, born after the flight of the Prince, and with the tutor Giron. The King has many emissaries tracing the youthful Princess, and her abduction would appear to be but a question of time.

lashed and with very few intermediaries the station at Glace Bay has been in constant operation since opening. The Marconi machine is reasonably sure of continued success, his improved system is best testified by the fact of his having shortly after his arrival in the commercial business on Thursday. During the evening Rev. Mr. Addison, on behalf of those present, in an appropriate address, presented Miss Briggs with a gold watch as a token of appreciation of her services as organist of the Gasperaux Baptist church. After supper the guests departed, all having spent a very enjoyable evening.

Herbert Langin of Cranbrook, B. C., is greatly interested in the collection of coral and has in his possession one very valuable specimen. He spent Sunday at his old home, the guest of his brother, Andrew L. Fleming.

NEWCASTLE, N. B., Oct. 24.—Northumberland Teachers Institute opened here this forenoon. Short addresses were made by President Macintosh and Chief Superintendent Macintosh. The institute is to last for ten days, and will be held in the evening. The institute is to last for ten days, and will be held in the evening.

BRISTOL, N. B., Oct. 22.—D. V. Boyer, president of the Carleton County Sunday School Association, went to Fredericton today to attend the Provincial convention. The association has been spending a few weeks at home, has returned to St. John to resume his position in the Bank of New Brunswick.

Rev. W. B. Morley, of Lowell, is visiting friends here after an absence of some years, and is holding services this week in the Primitive Baptist Church.

Mrs. Sydney Bulmer died on Monday last, after an illness of some months, aged 38 years. She leaves a husband and three small children.

E. M. Campbell, photographer, of Woodstock, has his tent pitched on the village for a few days, and is apparently doing a good business.

Fred S. Skinner, a prominent farmer of Argyle, with his wife and daughter, left yesterday for Oregon, where they will spend the winter, and may possibly make their future home.

A. P. Cranwell and wife, and daughter, Miss Lulu Cranwell, left on Monday for their former home in Nova Scotia, where they will spend the winter.

Money assets, but the trouble has been to get parties with ready money to advance it to carry on the work. Whether the contract will be abandoned and thrown on the hands of the government is not known, although it is stated on good authority no move to that end has yet been made.

The new minister of railways is expected here shortly on a trip of inspection over the Intercolonial. D. Pottinger, general manager, left tonight for Montreal, it is understood to confer with Hon. Mr. Graham.

ST. STEPHEN, N. B., Oct. 24.—A sudden death occurred here this afternoon. Winslow G. Small, a respected resident of Lawrence Station, seventy-eight years of age, drove into town this morning, and died at his home this afternoon at about four o'clock. He was in the yard at the back of John E. Robinson's store preparing to start for home. Mr. Small was seen to fall suddenly to the ground and when those near at hand reached him it was seen that he was in a serious condition. He was carried into the store and medical aid summoned, but life was extinct before the physician arrived. His remains were forwarded to his home by C. P. R. this evening. Heart trouble is ascribed as the cause. A wife, one daughter, Mrs. Harrison Dunn, and two sons survive.

GASPERAUX, Oct. 22.—A pleasant evening took place a few nights ago at the home of George H. Briggs, when a surprise party was given his daughter, Miss Myrtle, by about forty of her friends. With games and music the evening was very pleasantly spent. During the evening Rev. Mr. Addison, on behalf of those present, in an appropriate address, presented Miss Briggs with a gold watch as a token of appreciation of her services as organist of the Gasperaux Baptist church. After supper the guests departed, all having spent a very enjoyable evening.

Herbert Langin of Cranbrook, B. C., is greatly interested in the collection of coral and has in his possession one very valuable specimen. He spent Sunday at his old home, the guest of his brother, Andrew L. Fleming.

## WRECK OF A FREIGHT TRAIN ON THE I.C.R.

Coal Special Was Derailed at Westchester.

No One Hurt—Moncton Chinese Ships Out Without Paying Bills—L. C. R. Insurance Fund Report.

MONCTON, Oct. 28.—Tom Lee, a Celestial who ran a laundry on the lower end of Main street here, is missing from the city and a number of patrons of the place are incidentally minus a few shirts, collars, etc., which were entrusted to the Chinaman. Lee also neglected to settle a few bills he owed about town. He is supposed to have skipped in the direction of Montreal Friday night.

A serious wreck occurred on the I. C. R. at Westchester, N. S., early this morning. The freight train was derailed on a track about a hundred yards west of Westchester and fifteen cars were derailed. None of the train hands were injured, but some of the cars were badly broken up. The roadbed was badly torn up and traffic will be blocked for some time. Three steam cranes from Moncton, Truro and Westville were dispatched to the scene of the wreck. It was smaller than usual, being four in all. A. J. Monroe of Moncton had a thousand; James McLaughlin of Moncton, two hundred and fifty, and D. Coleman and Alexander Anderson, Halifax, had a thousand each. Levis and for the month are: Class A, \$2; Class B, \$1.50; Class C, 80 cents.

Charles G. Moore, retiring secretary of the Moncton Chinese Association, was on Saturday presented by the employees with a gold watch.

REV. GEO. WOOD ACCEPTS  
A CALL TO CHATHAM

Popular Amherst Pastor Will Leave This Week for the North Shore Town.

AMHERST, N. S., Oct. 28.—Rev. George Wood, for four years pastor of St. Stephen's Presbyterian church at Amherst, leaves for Chatham this week, having accepted a call to that town. Farewell services held yesterday were largely attended, many being turned away from the evening service. Mr. Wood made a touching reference to his past work at Amherst, and his congregation, expressed regret over his departure but in the interests of all he thought it best to accept the call to Chatham. The congregation will be held next Monday evening to consider calling a new pastor.

MILLINOCKET, Me., Oct. 27.—At 5:30 o'clock on Sunday afternoon, August 27, the head and instantly killed in the door-yard of Fred Peluso's place in the settlement known as "Little Italy," in Millinocket. The murderer, an unidentified Italian, escaped.

As a result of the investigation, a certain Grant, accompanied by three men—Charles McKenzie and Ronald McDonald, two fellow-laborers and the unknown Italian, who subsequently fled, were assembled in the barroom of Peluso's boarding house, and demanded drinks. The Italian volunteered to get beer elsewhere.

"Go and bring me a gallon," Grant is alleged to have replied, "I'll pay you anything in reason for it."

A bargain was struck and the Italian, followed by Grant, McKenzie and McDonald, hastily ascended the stairs and went out of doors. He had moved only a few steps from the doorway when he turned angrily.

"What are you following me for?" he demanded. "I don't want you hanging around."

Exactly what followed, the authorities have not yet been able to disentangle from the disconnected stories of the event. Grant and the Italian quarrelled. Then before any one could prevent it, the latter whipped out a revolver and fired one fatal shot. It struck Grant in the left chest, passed directly through the brain, and came out at the back of the skull. He fell dead and the murderer, with one frightened glance around, darted into the nearby woods and disappeared.

Deputy Sheriff Gates and other officers are now in search of the fugitive.

The men who were drinking with him Sunday afternoon profess not to know his name or anything about him.

Grant came to Bangor about a year ago from New Hampshire, renting a house at 20 Pleasant street and working with a section crew on the Maine Central. Late in July he moved with his family to Millinocket, where he obtained employment with the Great Northern Paper Company. He was about forty years old and is survived by a wife and one child, two sisters somewhere in Massachusetts and his father, who resides in Bangor. He was known as a temperate and peaceable man.

Aunt Dinah was laboring over the wash-tub in the side yard near her cabin, when suddenly and mysteriously a little negro, as if fallen from the skies, sprang upon the grass nearby, picked himself up, and began to whimper. "Hey, yo Sam!" cried Aunt Dinah. "Didn't I done severely warn yo 'bout dat? Didn't I caution yo 'ter quit foolin' around 'dat mule?'—Judge.

DEMANDS OF  
BRITISH COLUMBIA  
ARE HYSTERICAL

ON, Oct. 28.—"Hysterical" is  
the title of the Times correspond-  
ent to the British Columbia de-  
bate, the exclusion of the Asiat-  
ic Dominion is somewhat de-  
serving of the title. The argu-  
ments from Vancouver are  
inconsistent with the argu-  
ments from the Asiat-  
ic Dominion. The Asiat-  
ic agent at Vancouver, which  
for year from Japan remain-  
ing, that it is only 150 more  
Canada herself contemplated  
Japanese arrangements. It is  
to ask, how can such immi-  
grate British Columbia to the  
of becoming an annex of Asia-  
tic? The Japanese agent at  
Hawaii is apparently dealing with  
responsible, the immigration  
Meanwhile the Times editorial  
is as serious as the alleged  
King's own subjects.  
Indians, are being exposed  
Canadian immigration officials  
exclude them on the ground  
Oriental immigration is the  
Canadian subject discussed in to-  
payers. Japanese correspondents  
Morning Post resident in Lon-  
don probably reflect the views of  
the Japanese embassy, express con-  
fident that Mr. Lennex and the Tokio  
embassy will reach a settlement  
to both countries. The Man-  
it in the situation when the Jap-  
anese in British Columbia secure na-  
tion for which they are now ap-  
ing. There will be then a Japanese  
for politicians to court.
