FOR THE CURE OF
Coughs, Colds, Hoarseness, Spitting of Blood, Night Sweats, Asthma, Liver Complaints, and
CONSUMPTION.

THIS most correctly prepared and developed means of restoring diseased and exhausted lungs, which for many years has been used with unparalleled success by thousands of persons in this country, is now offered to the public by the proprietor of the original recipe, and it is thought to be fully worthy the confidence of the community, and it is now offered to the public, have been cured by this wonderful remedy, after all other means had entirely failed, and in many cases after the patient had been given up by the physicians to die with consumption.

COUGHS AND CONSUMPTION.

The agonizing cough, the distressing difficulty in breathing, the pain in the breast, shoulders, or sides, the hectic flushes, the night sweats, and sudden waste of strength and flesh, which are the sure symptoms of approaching consumption, are all relieved in a few days by the use of this Cherry and Lungwort, and a perfect cure is effected in a few weeks. Thousands of certificates of the most astonishing cures have been received by the proprietor, which he will be happy to show to any person who may call at his office, but only a selection, for a few of the most remarkable, is published, for the reason that it is impossible to publish a sufficient number to satisfy the public, and one trial of this remedy is all that is necessary to convince the most skeptical of its superior virtues in curing Consumption, Coughs, Colds, Asthma, and all diseases of the throat, chest, and lungs, and especially Consumption, which it has cured in thousands of cases after all other means had entirely failed.

THOUSANDS OF CONSUMPTIVES

Have been saved from an early grave by the use of this invaluable remedy, which has been introduced into every part of the United States, Canada, and the West Indies, and in every instance where it has been used it has given the most perfect satisfaction. About 1000 certificates of cures have been received by the proprietor, which have been published, but this number is not only a selection, but a very few, in comparison to the number of cures which have been effected by this remedy, and one trial will be sufficient to convince the most skeptical of its superior virtues in curing Consumption, Coughs, Colds, Asthma, and all diseases of the throat, chest, and lungs, and especially Consumption, which it has cured in thousands of cases after all other means had entirely failed, and in many cases after the patient had been given up by the physicians to die with consumption.
