OBITUARY.

Mrs. H. E. Greaves
The death of Mrs. H. E. Greaves which occurred last evening, was learned with deep regret by her many friends.
Deceased, who was the wife of Mr. Greaves of the National Stores, was the youngest daughter of the late Joseph Woods, Editor and Proprietor of The Courier, a newspaper of St. John's fifty years ago.
In church circles Mrs. Greaves was a prominent and unselfish worker, and at Gower Street Church she will be sorely missed.
She also took an active part in Temperance work and her connections with the W.C.T.U. have been long.
Four children are left, Stanley, at Louisville, Ky., and Arthur, of this city. Mrs. John Duff, of Carbonear, and Mrs. Grover Goodwin, of Richmond, Pa., a sister, Mrs. Simpson, of this city, and a brother living in Chicago, are also left to mourn.
The funeral takes place to-morrow afternoon at 2.30.
To the sorrowing family The Mail tenders sympathy.

A CHARITABLE ACTION.

The T. A. & B. Societies annual billiard matches for 1914 has been fought and won, upwards of sixty players taking part in same. It was decided that the dinner be held on Easter Tuesday night, F. B. Wood Co. being appointed caterers.
Since this decision the fearful sealing accident has happened.
A special meet of the players took place last night and decided to cancel all previous arrangements chiefly owing to the disaster. But instead it was unanimously decided to give the whole proceeds of the tournament to swell the relief fund, which means a donation of about a Hundred Dollars.
This generous action on the part of the young men of the T. A. Club shows practical sympathy on their part in aid of the sufferers.

MONDAY NIGHT'S OPERA

Great interest is centred in the opera "Pepita" which will be presented at the Casino Theatre all next week.
Last night there was a full dress rehearsal which was a decided success.
Citizens can expect the greatest operatic performance ever given in St. John's, and we think they will not be disappointed.
The entire profits will be given to the Disaster Fund, which will, we think, be sufficient to attract large audiences.
