## QUEBEC HAS SNOW STORM

Gale Rages There, Schooner Being Wrecked in Snow in Montreal.

By Courier Leased Wire.

Quebec, Oct. 17.—Quebec has, since 11 o'clock last night, been in the grip of a regular Christmas snow storm. It started here with a forty mile gale and to-day reports from various places down the Gulf and the river and up as far as Three Rivers indicate a severe snow storm raging.

So far in Quebec city there has fallen over an inch of snow. The river schooner Vigie, Captain U. Gagne, from Berstins, ran ashore in a storm on Caribou Island, 21 miles below Quebec last night, but it is thought the crew were saved.

## PRES. WILSON HAS FAILED

His Proposals for Relief of Poland Are Not Favored.

By Courier Leased Wire.

Long Branch, N.J., Oct. 17.—President Wilson announced to-day that his efforts to bring about an agreement among belligerent nations to allow relief supplies to be sent to Poland had failed.

The statement follows: "I have now received replies from the King of England, the president of France, the emperor of Russia, the emperor of Germany and the emperor of Austria to my letter of July 20, 1916, in which I tendered the offices of this government in negotiations looking to a fresh consideration of the possibility of method of relieving Poland. It appears, I greatly regret to say that there are still important differences between the allied and central powers as to the terms under which relief supplies may be sent to Poland. I am disappointed that I have not yet been successful."

### LIBERAL M. P. DEAD.

By Courier Leased Wire.

Coaticook, Que., Oct. 17.—The death occurred here this morning of C. H. Lovell, Liberal M. P. for Stanstead county. Mr. Lovell was in his sixty third year and succeeded his father as member for Stanstead in 1908.

The White Star Liner Cedric arrived in New York from Liverpool with one passenger and a general cargo. The passenger was Captain Alfred Mees, of the British army who said he was here on Government business.

## Coombs Pitches in Harness

The pitching feats of Jack Coombs during the last year have awakened the admiration of baseball fans throughout the country. The Colby veteran returned to the pitching box after an illness that would have driven nine men out of ten into retirement. Even now he works under a handicap that would rob almost any other pitcher of his effectiveness. He wears more straps and braces than a football player, yet he works along with an easy swing that is most remarkable.

Every time Jack gets ready to go out on the field he wears a heavy rubber brace from knee to hip, and supplements this with yards of bandages. Jack adds a heavy steel brace to this equipment. All his protective devices do not rob him of his speed and agility, for Jack is rated as one of the best fielding pitchers in the major leagues. He is a hitter of ability, too, and there are no pitchers who make a practice of passing the catcher to take a hack at Jack.

## A NEW RECORD FOR TYPEWRITING

New York Girl Retains the Championship and Exceeds Her Former Mark

By Courier Leased Wire.

New York, Oct. 17.—By writing an average of 137 accurate words a minute for an hour—Miss Margaret B. Owen, of this city, has again won the world's typewriting championship and a \$1,000 cup and beaten her own previous record of 136 words a minute. The contest took place at a business show here yesterday.

PERMANENT MUSCULAR STRENGTH cannot exist where there is no blood strength. Young men giving attention to muscular development should bear this in mind. Hood's Sarsaparilla gives blood strength and builds up the whole system.

## HEAVY MEAT EATERS HAVE SLOW KIDNEYS

Eat Less Meat If You Feel Backache or Have Bladder Trouble—Take a Glass of Salts.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.

## WOMEN'S INSTITUTE

On Wednesday, October 11th, at the home of Mrs. James Kinney, the ladies of Moyte-Tranquillity Women's Institute gathered for their regular meeting. About 40 ladies were present to enjoy a splendid programme and a social hour. The meeting was opened by singing the Maple Leaf For Ever. After the minutes of the last meeting were read and adopted a large amount of business was transacted, one of the principal items being the arrangements for packing Christmas boxes for the soldiers. The following program then took place. So to Mrs. Savage, chorus by three little girls, Ruth Passmore, Helen Martin and Jean McClure; reading by Miss Marjorie Osborne, and a paper on economy in buying household linen by Mrs. Crawford. Mrs. A. Kinney was then called upon and spoke for a few minutes, which proved interesting indeed. Mrs. Sayles and Mrs. Greenwood gave a demonstration in tart making, the sampling of which proved to the demonstrators the appreciation of the ladies. Afternoon tea was served, and after giving Mrs. Kinney a vote of thanks for her kind hospitality, the meeting closed with singing the National Anthem. A social evening will be held at the home of Mrs. F. Passmore in November.

### BIG GAME HUNTING.

The "Highlands of Ontario" is an ideal region for the sportsman. In the Timagami district and the Northern Ontario territory moose are plentiful. The home of the red deer is in the districts known as "Mus-koka Lakes," "Lake of Bays," "Mag-netawan River," "Lake Nipissing," "Kawartha Lakes," etc. Open season for moose in Northern Ontario is from November 1st to November 30th. Open season for deer, all parts of Ontario, November 1st to 15th inclusive. For further particulars apply to any Grand Trunk Agent.

## Science Gave Wrong Dope

Before the late Brooklyn-Boston clash Arthur MacDonald, a Washington anthropologist, discovered "in the cold light of statistics," says the Boston Transcript, that the Brooklyn team is superior to the Red Sox in batting by 16 points and inferior in fielding by five points; that the five pitchers of the Brooklyn team are superior to the five pitchers of the Red Sox by three points, and that in general the Brooklyn team excels the Red Sox by 19 points.

As it turned out, the Boston team excelled the Brooklyn team in winning games by 600 points, so it appears that anthropology is not an exact science.

The beheaded body of Alphonso Magarian, three, who disappeared October 4th, and was believed to have been kidnapped, was found yesterday on a dump pile in sight of the boy's home in East St. Louis, Ill.

Louis P. Schupp, the Newark N.J. singer, declared yesterday he has no regret for killing his wife, and that he would do it over again if that were possible. He is held without bail on a charge of murder.

A 320-acre farm as a patch to mend her broken heart was received by Miss Margaret Morgan, clerk in a Waterloo, Ia., department store, from M. J. Muench, formerly a Sioux City auctioneer. Miss Morgan accepted the farm in full settlement of a \$15,000 judgment she obtained from Muench, following trial of her breach of promise suit.

### OPEN NOSTRILS! END A COLD OR CATARRH

How To Get Relief When Head and Nose are Stuffed Up.

Count fifty! Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more snuffling, hawking, mucous discharge, dryness or headache; no struggling for breath at night. Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed-up and miserable. Relief is sure.

## WRIST WATCHES

Presented to Two Young Brantford Officers Who Shortly Go Overseas.

In the City Council chamber yesterday afternoon Mayor Bowley, on behalf of the city, handed handsome gold wrist watches to Lieut. J. Bertram Waterous and Lieut. Reginald Waterous, the only sons of Mr. and Mrs. Julius E. Waterous. Both of them leave for overseas shortly in connection with the artillery branch of the service, and have been saying good bye to friends during their last leave.

The Mayor, in making the presentations, said he had not only known their father for a great many years, but their respected grandfather before that and he knew that they would not only worthily uphold the name they bore, but also the honor of the city and of the Dominion. Both young officers, who looked very manly indeed in their uniforms, returned their hearty thanks in short speeches.

A number of the friends of Mr. and Mrs. Waterous participated in the proceedings.

The watches are suitably engraved as having been presented by the Mayor on behalf of the Corporation.

A. P. Moore, husband of Lillian Russell; Andrea de Seguro, opera singer; Francis X. Dushman, movie star, and other stage men living in the Majestic Hotel, New York, have just formed the Reservoir Club. The club members get up at sunrise and walk all the way around the big reservoir in Central Park.

McDonald White, of Salem, Mass., connected with the Boston publishing house of Houghton, Mifflin Company, was killed at Etta, Me., when his automobile skidded over an embankment. He was 60 years old.

Following a trial which lasted only twenty minutes, Mrs. Mary Stuart Hanna, of Cleveland, was granted a divorce from Daniel R. Hanna, a newspaper publisher, and son of the late Mark Hanna.

## Not a Bite of Breakfast Until You Drink Water

Says a glass of hot water and phosphate prevents illness and keeps us fit.

Just as coal when it burns, leaves behind a certain amount of combustible material in the form of ashes so the food and drink taken day after day leaves in the alimentary canal a certain amount of indigestible material, which if not completely eliminated from the system each day becomes food for the millions of bacteria which infest the bowels. From this mass of left-over waste, toxins and ptomaine-like poisons are formed feeling right must begin to take inside baths. Before eating breakfast and sucked into the blood.

Men and women who can't get each morning drink a glass of real hot water with a tablespoonful of limestone phosphate in it to wash out of the thirty feet of bowels the previous day's accumulation of poisons and toxins and to keep the entire alimentary canal clean, pure and fresh.

Those who are subject to sick headache, colds, biliousness, constipation, others who wake up with bad taste, foul breath, backache, rheumatic stiffness, or have a sour, gassy stomach after meals, are urged to get a quarter pound of limestone phosphate from the drug store, and begin practicing internal sanitation. This will cost very little, but is sufficient to make anyone an enthusiast on the subject.

Remember inside bathing is more important than outside bathing, because the skin pores do not absorb impurities into the blood, causing poor health, while the bowel pores do. Just as soap and hot water cleanses, sweetens and freshens the skin, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels.
