in Nebraska between the 16 and 18 are required to be in the working unit reserve. General Omar Bundy, until in command of the 5th Army Corps in France, has in command at Camp Pike

## FLU SPREADS OVER CIVILIZED WORLD

Germ Eludes Bacteriologists and Health Authorities Are Baffled

The influenza epidemic continues unabated. Its ravages are not confined to this city or even to Canada, and cables reports indicate that it is rather spreading over the civilized world. It has baffled medical skill to an unusual extent and has claimed more victims perhaps than any other epidemic in a score of years.

The germ has eluded the bacteriologists and medical men now agree that the best cure is prevention. The surest prevention is to build up the body's powers of resistance and to get the system into the best physical condition possible. It is now universally agreed that it is possible to perfect the powers of resistance of the human system so that it can throw off almost any infection not excepting Spanish influenza.

It has been discovered that persons who are weak and run-down are the earliest victims, and if you find yourself tired or weak and losing flesh or if you are in a generally run-down condition and below your normal weight, this warning should be heeded promptly.

If you are in this condition nothing on earth will build you up and strengthen you like Tanlac, which contains the most powerful tonic properties known to science. As a reconstructive tonic and system builder it is without equal and contains the very elements needed by the system to give you fighting strength to ward off the influenza germ. This is a statement of facts and is supported by the recognized authorities and reference works, including the United States Dispensary and the Encyclopedia Britannica and leading text books used in the school of medicine. This statement is further proven by the fact that millions of persons who have actually taken Tanlac have testified to its extraordinary merit as a medicine and by the fact that Tanlac is today having the greatest sale of any tonic on the market, over eleven millions bottles having been sold within the past three years.

Tanlac is also the ideal strengthening tonic for persons who are suffering from the after-effects of influenza, grippe or bronchial troubles and hundreds of thousands are using it daily with the most gratifying results.

In connection with the Tanlac treatment it is necessary to keep the bowels open by taking Tanlac-Laxative Tablets, samples of which are included with every bottle of Tanlac. Tanlac is sold in Brantford by Robertson's Drug Store, in Paris by the Apes Ltd., in Mt. Vernon by A. J. Adams, in Middleport by William Peddie, in Onondaga by Neil McPhadden.

### LEMON JUICE

#### WHITENS SKIN

Girls! Make beauty lotion at home for few cents

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, shake well, and you have a quarter pint of the best bleaching and skin-whitening lotion and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of Orchard White for a few cents. Massage this sweetly fragrant lotion into the face, neck and arms and hands each day and see how tan, redness, sallowness, stubble and wrinkles disappear and how clear, soft and white the skin becomes. Yes, it is harmless.

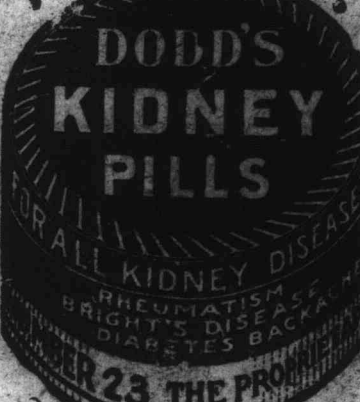

### IMPORTANT DEVELOPMENT IN CANADA

The construction and completion of the Quebec Bridge attracted the attention of North America. Another great work has been under way, and is now completed, Mount Royal Tunnel, Montreal, (4,325 miles in length) was opened on October 21st, on which date the Canadian Northern Railway, established through train service between Toronto Union Station, Ottawa Central Station and Montreal Terminal, 415 LaSalle Street, W., two blocks from the Windsor Hotel, Windsor and Bonaventure Station.

Rail, sleeping and parlor car tickets are obtainable at all Canadian Northern Ry. ticket offices, or John S. Dowling & Co., Agents, Brantford.

### THEY DEMONSTRATED

Ruenos Aires, Nov. 16.—A public mass meeting in celebration of the Argentinean friendly to the allied cause. All the Allied ambassadors and ministers attended, as did a number of prominent Argentineans. The Argentinean poet, Lugones, read a poem extolling the allied nations.

WHERE CANADA'S FORCES BROKE THE HUN LINE

The famous Canal du Nord, showing the construction and cutting across which the Canadians crossed with their supports and supplies. The picture is from a Canadian official photograph just received in Toronto.

## BOARD OF TRADE APPOINTED ITS DELEGATION RE HIGHWAY

Other Committees Also Named at the Meeting Last Night—\$6300 Raised For Victory Loan; Problems of Peace as Seen by W. F. Cockshutt

At the Board of Trade meeting last night there was a large attendance. In opening the meeting, the president, Mr. C. G. Ellis, said: "Since our last meeting a great and glorious victory has crowned the efforts of the Allied Canada's share in this great war has been conspicuous. Our soldiers have fought and died for liberty. Our money and resources have been used without stint. Canada has taken her proper place among the nations—Canada will have her place at the peace table."

"For the future optimism is our watchword. The public must exercise prudence, yet with courage face the issue. The president of the U. S. Steel Corporation says: 'It is easy to pessimistic feelings of demoralization, and it is as easy to see a feeling of confidence. Let us then be optimistic, for we have every reason to believe that Canada will have greater prosperity than ever.'"

The president then went on to explain the work that this board had been doing during the summer and fall, dwelling particularly on the work of General Foster, the Board of Trade expert organizer, who has agreed to return on the 29th inst. to give the board the benefit of his experience. The formation of the Ontario Fire Prevention League, a branch and chapter of which will be organized here at an early date. The Spanish influenza, with an appreciation of the efforts of the Board of Health and of the noble services of the men and women in nursing and otherwise caring for the stricken ones.

Later in the evening on the suggestion of Mr. Spencer, who decided to appoint a committee to act with similar committees of the City Council, the Hospital Board, the Medical Association, the Trades and Labor Council, the Municipal Alliance, etc., to take suitable action in regard to those of them who

## TO REGAIN HEALTH CLEANSE THE BLOOD

When your blood is impure, weak, thin and debilitated, you cannot possibly enjoy good health. Your system becomes receptive of any or all diseases, and germs are likely to lodge in some part of the body.

Put your blood in good condition, and so on at once.

Hood's Sarsaparilla acts directly and powerfully on the blood—it purifies, enriches and revitalizes it and builds up the whole system.

Hood's Sarsaparilla is not a cure-all. It is the best blood medicine on the market. It has stood the test of forty years and is used all over the world. Get it and begin treatment today. It will surely help you. Sold by all druggists.

made the supreme sacrifice in the cause of humanity. The president also called attention to the formation of the Western Ontario Associated Boards of Trade, and the "Grand River Valley Board of Trade," in both of which Brantford is interested, and also to the forthcoming Town Planning Convention, to be held in Hamilton on December 2nd and 3rd, also to the Provincial Highway and the Victory Loan.

Resolutions were adopted as follows:

**Provincial Highway.** Moved by L. W. Waterhouse, seconded by Mr. Ellis, that the following be, and are hereby appointed to represent the Brantford Board of Trade on the delegation to meet the Government of Ontario at the Parliament Buildings, Toronto, on Wednesday, November 21st, at 10 a.m., to discuss the proposed Provincial Highway as from Windsor to Toronto and the Niagara frontier, via Sharnham, London, Ingersoll, Guelph, Brantford, and Hamilton; John Fair, T. Henry, O. W. Ryman, W. F. Cockshutt, W. D. Schultz, S. B. Miller, T. T. McPhail, D. T. Williamson, W. R. Turnbull, D. M. Mott, with power to the Provincial Highway Committee to add thereto, the object being to have as large and influential committee as possible.

**Associated Boards of Trade.** Moved by L. W. Waterhouse, seconded by Mr. Collins, that the representatives to the Associated Boards of Trade be appointed, representatives to the Western Ontario Associated Boards of Trade, together with the president, vice-president and secretary, with power to add to their number.

**Town Planning Convention.** Moved by K. K. Bunnell, seconded by Mr. McEwen, that the following be, and are hereby appointed to represent the Board of Trade at the Town Planning Conference, to be held at Hamilton on Dec. 2nd and 3rd.

**New Members.** Moved by W. F. Cockshutt, seconded by J. Spencer, that the following be, and are hereby elected members of this Board: Messrs. A. M. O'Connell, F. Lloyd Dymond, H. J. Wallace, John W. English, Fred Schumann.

A committee was appointed to wait on the Brantford Mayor Election Commission in regard to city and street lighting, presuming that by the new after the war conditions a greater supply of current would be

available for these purposes. The meeting was then handed over to the Victory Loan Committee. Mr. Bunnell stated that when he asked that the meeting be called he thought it would be necessary to ask the Board of Trade to see that the city's objective was attained, and was certain that the members would see to it that the fair name of the city was retained. Fortunately the city was "over the top" and the flag would fly to-morrow. So much could not yet be said for the county, but he felt sure that before Saturday night it could be. This was borne out by Mr. Wallis, who has had charge of the county affairs. The President stated that under these conditions there would be no canvass. However as some seemed disappointed at not being able to subscribe, bidding on the part of the county, he offered an honorary membership to the Board of Trade next year, to anyone buying \$1,000 bonds.

The result was that \$6,300.00 was raised, a very few minutes. The absence of 400,000 men and children and 250,000 to 300,000 soldiers owing to the problems of transportation and the probability that many Canadians would be chosen to the honor of "Canadian Soldier." He drew on the part of the county, there would be no representation on the contrary the development of Canada would be great and her prosperity sure. After Mayor MacRae had, by request, raised his voice on the importance of the development of Port Dover harbor being "pre-empted," and the singing of the National Anthem, the meeting adjourned.

## LABOR NOTES

Railroad trackmen and maintenance of way employees in Columbus, O., have organized.

Several large Boston, Mass., shops have signed the new wage agreement of United Leather Workers' Union, No. 32.

Railway clerks employed on the West Shore Railroad, Jersey City, N. J., are affiliating with the trade union movement.

In a work or light order proclaimed by Governor Woodard of Louisiana, which includes a list of non-essential occupations, horse racing is not included.

Organized machinists employed by the Standard Steel Car Company of Butler, Pa., and Spang and Company have secured the 8 hour day.

The U. S. government has ordered the abolishment of Sunday work on all government buildings in the District of Columbia, except army and navy hospitals.

Organized bakers in San Francisco, and vicinity have raised wages 50 cents a day. Journeymen's rates are now \$30 a week for day work and \$32 for night work.

The quarterly report of the Farmington, N. H., Co-operative Society shows that each member received a dividend of 10 per cent, based on the amount of purchases made.

The textile workers' pay income

tax authorities in England to award wage earners an exemption of not less than \$25 a year for clothes torn and destroyed in their work.

Meat cutters in Portland, Ore., are demanding an 8 hour day, a \$35 a week minimum, and \$25 a week for women employed as sausage makers and on counter work.

After an 18 weeks' strike for better conditions that has involved the larger stores in Muskegon, Mich., the girl clerks have broken their opponents' line by "capturing" one of the large dry good concerns.

Officers of the railway employees' department, A. F. of L., announce the organization of the following railroad system federations since their last report: the Illinois Central, Erie, Northern Pacific and Rutland.

The official organ of the Journeyman Tailors' International Union contains the warning that custom tailors in Ottawa and Brockville are on strike for union wages, and knights of the needle should give the fact the fullest possible publicity.

Once again the men and women who carry the union card have shown unmistakably that they are not in the weaker class; and it did not need an order in council to force them to go over the top either. From all sides the tollers in the workshops, the factories and the munition plants are being heartily commended for the splendid manner in which they have responded to the Victory Loan appeal.

"Labor unionism is justified by its accomplishments. It has elevated the workingman's standard of living, has given him higher wages, more leisure, better working conditions, increased his efficiency, diminished accidents, averted disease, has kept the children in school and raised the moral tone of the home. It is unbending for a non-unionist, after respecting all its benefits with union labor, to denounce it."—Rev. J. C. Armstrong, Superior, Wisconsin.

The wages of the boot and shoe workers employed in the plant of the Regent Shoe Company, Toronto, have been increased ten per cent as the result of peaceful negotiations carried in by Organizer E. W. A. O'Neil of the International Union, and Business Agent Walter Brown, of the local Boot and Shoe Workers' Union. Negotiations with other local firms have progressed satisfactorily and it is expected that agreements will be reached with all of them.

**DANDRUFF GOES! HAIR GETS THICK, WAVY, BEAUTIFUL**

Save Your Hair! Double Its Beauty in a Few Weeks!

Half dandruff coming out and every particle of dandruff disappears.

Try as you will, after an application of Danderine, you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most, will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just rub in Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, lustrous, wavy, and have an appearance of abundance, an incomparable lustre, softness and luxuriance, the beauty and shimmer of true hair.

Get a small bottle of Knowledge's Danderine from any drug store or toilet counter for a few cents and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—thats all.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-giving properties cause the hair to grow long, strong and beautiful.

### SOCIALISTS CELEBRATE

By Courier Leased Wire. Chicago, Nov. 15.—Socialists have held a mass meeting for next Sunday to celebrate the downfall of the emperor.

The list of speakers include several under indictment for violation of the espionage act, among them being Victor L. Berger, Congressman-elect at Milwaukee, Wis. The announcement says that addresses will be made in seven languages.

## Rippling Rhymes

### THE FIRST PLOW

Old Tubal Cain was badly bored by all the wrangles of his day; he made a plowshare of a sword, and thought that war was done away. "Gee whiz," he said, "when people see how much a plowshare beats a sword, they'll get a forge and try like me, to safely earn their bread and board. The tools of war I laugh to scorn, no worthy triumph have they won; a man can't cultivate his corn with any sort of patent gun. War makes the weary nation weep and wail, and agriculture makes them grin; no husbandman can shear his sheep with 'catapult' or by the President's curbin." Alas for good old Tubal Cain, and all the lessons that he taught! His bright example was in vain, for ever since we've scrapped and fought. The steel that should have made a spade, if we had followed up his plan, was used to form a flashing blade, with which to carve our fellowman. The metal that would form a plow became a sword of weight and size, to slice a fellow from his brow clear down to where his wishbone lies. I wonder if we're wiser now, since war has bled the nations white? Shall we proceed to make a plow, and say to swords and guns, "Good night"? Or will we rest nine years or ten, and then get hungry for a scrap, and say, "Give me the sword again—we want to disarrange the map?" by the President's curbin!

## HIRST'S PAIN EXTERMINATOR

Pain? Hirst's will stop it! Used for 40 years to relieve rheumatism, lumbago, neuralgia, sprains, lame back, toothache, earache, swollen joints, sore throat and other painful complaints. Have a bottle in the house. All dealers or write HIRST REMEDY COMPANY, Hamilton, Canada.
