No Rheumatism In Japan

Rheumatism is almost an unknown thing in the Island Empire. The cause of this is the abstemiousness of the diet of the Japs. Excess of food, (that is the least particle of food more than the system requires,) is a poison to the system, and one of the primary causes of rheumatism. The delicate membrane surrounding the joints becomes inflamed, and that agonizing pain, so well known to those who have had rheumatism, follows. If not promptly attended to the disease spreads, joints swell and become stiff, and finally the sufferer is a cripple. Thomas Wilton, Montague, says:—"Tuck's Rheumatic Bone Oil cured both myself and wife of rheumatism. I was on the point of selling my farm from inability to work it when your Oil came before my notice. I cannot say too much in praise of it." If suffering from rheumatism, lame back, neuralgia, etc., ask your medicine dealer for Tuck's Bone Oil or send 50c direct to The Tuck Bone Oil Co. Limited, Smith's Falls.

Royal Household Flour Is Always Uniform—Why?

It is one thing to make flour pure, well balanced and strong, it is another thing to have it uniformly so—to make flour that is precisely the same in purity and nutriment on Saturday as on Monday—in May as in November.

Because the "Royal Household" mills have the finest testing equipment available and unlimited resources for securing perfect wheat, they can and do produce every working day in the year—flour of precisely uniform strength, nutriment and purity.

That is why Royal Household Flour makes always the very best bread and pastry, year in and year out.

That is why Royal Household Flour is the most reliable—the most successful flour—and being scientifically purified by electricity it is the purest—the best of all flours.

The next flour you buy ask for "Royal Household"—and try it for yourself.
