### CRICKET CLUB

Local Players Will Probably Figure in an International Match.

Mr. Woods, the manager of the Gor lon-McKay cricket team this year has nade a very generous offer to the Chatham team. He has promised that if the Chatham players wish to add a professional man to their team next year he will start a subscription list to help them in so doing. His offer, which will in all probability be accepted, is now receiving the consideration or the Chatham club.

There is now a movement on foot to arrange for a game with the Englishmen in Detroit. The cricketers who will play against them will be picked from the western cities, viz., Cleveland, Pittsburg, Chatham, Wind-

The young blood that has been introduced into the game this year are very enthusiastic and will no doubt put new life into the team. They will e backed in their efforts by all of the older members of the club, who are anxious that cricket should be the popular game in Chatham, and no doubt it will.
