 Do not hold ourselves responsible for the contents of correspondence.
 Advertising Rates.—Professional cards, \$10 per year. Government, corporation advertising, mortgages, assignments, etc. section 15c. per line, each subsequent insertion 10c.
 DAVID H. ELTON,
 Editor and Proprietor.
 Cardston, Alberta, Canada.
 Friday, October 11, 1907.

The move on the part of the bridge Board of Trade to a union of all Boards of and including Calgary, good one and should be added. In the main the people of the south have common interests and common grievances. It is to be expected that a united front can accomplish a great deal more than any one of the separate Boards. For this reason the effort of the Lethbridge Board of Trade should be encouraged and put forth. In reports, weather reports, etc. south must see to it that the and nothing but the truth is told. We don't want any blunders made. Our representatives should see to it that correct information is gathered and authentic statistics compiled. It will be the best advertisement the south has ever had. Keep your eye on the Prize Grain Win-
 If you want to see what Alberta can do in the Cardston District, visit the Pilling Company, W. O. Lee and E. N. Barker. The first had the finest samples to be seen anywhere in the North.

Old crank" of Cardston has been saying a whole lot of good things in the Southern Alberta and thank goodness has at last stirred them up to a self-conscious realization of affairs in the big Metropolis. There are many "old cranks" in Cardston and this "Old Crank" has said a whole mouthful of truths, in a very plain way. If all the "Old Cranks" were as fearless and outspoken as this one it would be a good thing for Southern Alberta for the West as a whole.

We have just received a scurrilous screed from the Devil's Lake Journal, N. D. It goes on to say that Alberta Crops have completely failed and tells some awfully gloomy stories of snow and woe and that not. The best answer to this is the fact that we are too busy writing of the splendid harvest to pay any attention to the Devil's Lake Journal. On the next page we give space to the report of Mr. L. H. Jelliff which yielded over 62 bushels to the acre. Mr. Jelliff is an Advocate from Galesburg, Illinois and his testimony can be had in written form from those who wish to cooperate what he says. To the Devil's Lake with these slanderous misrepresentations, we have no time to bother with them; what can you expect from Devil's but black mud.

Do you note the fine weather that we are getting? Do you know what has caused it? Why do you have good stiff breeze that we have been getting! You can always look for these fine days—NO SNOW—after one of those gentle zephyrs. Now don't get off and grumble at the wind anymore. If we had had this kind of weather before the late snow-storm we would have had no snow. We could not ask for better weather than we are having at the present time.

If you have a place in Cardston, don't let go but go to and seek more. Just as sure as shooting a railway from Macleod will be commenced next year and the A. R. and L extend on to Pincher. We have no authority for this latter statement but we just feel it in our bones. The A. R. and L are too wide-awake to let a good opportunity slip them by. Mark what we say and hold on to all you have and try to get more. That's all for the present.

The Cardston Concert Band will be at Calgary next year in competition for the Dominion Prize and they will be there for Fair too. No time will be lost between now and that time in getting down to good hard practice and Cardston will have a band that will be hard to beat.

An Awful Cough Cured.
 "Two years ago our little girl had a touch of pneumonia, which left her with an awful cough. She had spells of coughing, just like one with the whooping cough and some thought she would not get well at all. We got a bottle of Chamberlain's Cough Remedy which acted like a charm. She stopped coughing and got stout and fat," writes Mrs. Ora Bussard Brubaker, Ill. This remedy is for sale by all druggists and dealers.

Because the Nelson Daily News held and exercised the right to criticize the telegraph service of the C. P. R. they have been cut off from that service. The leading papers of the western province are taking the matter up in dead earnest and handing the C. P. R. some pretty hot stuff. There is no doubt but what the Nelson News will come out on top where they belong even if the matter has to be handled by the Government. The Nelson Daily News is simply exercising a prerogative dear to every paper in the land and without which they count for about so much wrapping paper. It is not the first time that the News has run counter to "Big Corporations" but this time there is not the least fear that they will have to back down. Mr. Deane is well known to the fraternity and he is held in very high esteem by his contemporaries. They will see—so far as they are concerned—that he does not lack all the aid they can give him—which we believe is sufficient to make even the C. P. R. come to time. He is also first Vice president of the Alberta and Eastern British Columbia Press Association and the Association has shown its appreciation and estimation of his work that they have selected Nelson for their next meeting place. To Brother Deane we can, at this long range, simply say, "Hold the fort, the Boys are with you! With you near and far, Don't give up but buck like sixty, Buck the C. P. R."

Why don't you become a member of the Cardston Board of Trade. They are doing everything that lays within their power to promote the interests of Cardston and protect the people. Every man interested in the growth and progress of the town should do something towards helping things along. There is no better way than joining the Board of Trade and becoming an active member. It will furnish you an opportunity to have a say in the general affairs of the town and district. The fees are \$2.00 per year.

ANOTHER BIG SUCCESS.
 Mr. C. P. Walker, of the Walker Theatre, Winnipeg, who has been responsible for many of the most satisfactory theatrical performances in Western Canada, will present another attraction which, he is confident, will prove as popular as anything appearing heretofore under his direction. Under a considerable guarantee, Mr. Walker has secured, for a limited season, the excellent company of metropolitan players presenting the delightful romantic comedy, "We Are King," and will offer this attraction in the local opera house at some early date.
 "We Are King" has enjoyed phenomenal success during the past four seasons in the theatrical centres of the world and Mr. Walker has shown great confidence in the theatre goers of the west by bringing this company to them.

Aetna Items
 The Young Ladies Mutual Improvement Association was re-organized on Sunday, October 6th, sister Annie D. Snow, Stake Superintendent, being in attendance. President Annie Green, having moved to Taylorville was honorably released and sister Edna Tanner was placed in her stead. Hester Jensen and Hannah S. Byrne were selected as Counsellors.
 The time for the afternoon services on Sunday has been changed and hereafter these meetings will commence at 2 o'clock.

We are glad to have our old friends, Mr. and Mrs. Samuel Treasure, back with us again.

CREAM SEPARATORS
 The accompanying picture illustrates how one buyer of a "cheap" cream separator feels over his great "bargain" and how he has arranged to punish himself for so wanting his money, time, labor and product.

DE L... CREAM SEPARATORS... cost a little more in the beginning... but you are thinking of buying a separator... you will never have cause to "kick" yourself if you select a... separator... from our new 1907 catalogue.
