PRIZE POULTRY.

In a few days I will sell (un- less privately sold beforehand) at Mr. O'Driscoll's auction rooms some Thoroughbred Cockerels—Minorcas and others—all from prize strains. Want of room compels me to part with these splendid birds. Settings booked.

PERCIE JOHNSON.

We have opened 2 Sheds Prime North Sydney Coal to-day. Can be seen at Tessier & Co's Premises. Sent Home at Our Usual Low Price.

Why was every Coal Dealer allowed to build wooden sheds, covered with iron, and WE were refused? Was it because we lowered the price of COAL?

Orders taken at Beck's Cove Office, our Wharf Office, and at Tessier's Wharf.

JOB PRINTING

The Economy of "Paisley Flour"

—the sure raising powder—is so great that a 5 cent tin is sufficient for a pound of ordinary flour, a 22 cent tin for half a stone.

And do you know

that by using Paisley Flour, cake making at home is very little trouble; also it is much cheaper than using cake mixtures.

A great advantage of home baking with

"Paisley Flour"

The SURE raising powder

is that you know what is in the cake—that all the ingredients are clean and sound. Use one part Paisley Flour to eight parts ordinary flour.

ELECTRIC FANS.

For preventing the frosting of Display Windows in Winter time, there is nothing simpler or more effective than the air blast of an

ELECTRIC FAN directed against the glass.

The Philosophy of the thing is plain.

The evaporative effect of the air current simply prevents condensation of moisture upon the window, and affords relief from an annoyance which generally is sought but only imperfectly attained through various other awkward means.

A large Stock of these FANS on hand which will be sold and installed at a VERY LOW FIGURE.
