The charge of defrauding the customs preferred against an East End plumber firm was tried again yesterday, and the defence was concluded. Judgment will be delivered later.

THIS MORNING.

Two men were charged with being drunk and disorderly and fighting on the public street, one was fined \$4 and the other \$5.

A drunk was discharged.

A seaman charged with being drunk and disorderly on board his ship was fined \$10 or 30 days.

A drunk and disorderly was fined \$5 or 14 days.

An assault case between a young woman by two young children was heard and after the witnesses were examined the charge was dismissed.

Another assault case was heard and the defendant was fined \$3 and costs.

KICKERS.

The village grocer's case is sad, and as he groans in his store, he says: "Gee whiz! but trade is bad! If things don't brighten up ere long I'll be a wreck, without a cent, which shows that there is something wrong, with this, our blooming government." And when the grocer's work is done he limbers up his motor-car—a car that cost all kinds of mon—and goes a-scooting near and far. Down there the village miller mills, and growls: "Those are such beastly times that I can scarcely pay my bills, and have no show for saving dimes. There's something wrong when men toil until their hands and hearts are sore, can barely make the kettle boil, and keep his wolflets from the door." The miller leaves next week to spend the summer on the eastern shore, and when the season's at an end he'll come back home and kick some more. The village barber deftly barbs, and murmurs as he wields his shears: "I have to live on soups and yarbs, and I'm in debt up to my ears. Our government is but a fake, a hollow mockery. I say, when honest workmen can't make a living in, try as they may." All day he scowls chews the rag, and when he lays his razors down, he hitches up his trotting nag and goes cavorting through the town.

Narrow Escape.

While a lad named N. Ellis, who attended the George Street picnic yesterday, was swimming in one of the deep pools in the river near Mount Pearl, yesterday, he narrowly escaped drowning, and incidentally came near to drowning his brother also. In diving the lad's chest came into violent collision with a rock, all the breath was knocked out of him, and he was drowning before his comrades when his brother dived in after him. When he reached the lad he clung tenaciously to him, pinning his arms so that he could not use them and both sank together. Fortunately other boys were near and swimming out helped the lads ashore. Had not such timely help been available both boys would have perished.

How to Grow Hair.

It has been proved that Henna leaves contain the ingredients that will positively grow hair. That they contain this long-looked-for article is proven every day.

This preparation is called SALVIA and is being sold with a guarantee to cure Dandruff and to grow hair in abundance. Being faintly perfumed, SALVIA makes a most pleasant hair dressing. McMurdo & Co., your druggist, is the first to import this preparation into St. John's and a large generous bottle, can be procured for 50c.

The Broad Cove Races.

The Broad Cove Regatta was held yesterday and was one of the most successful in the history of the place. A series of 9 races were run with boats from Broad Cove, Portugal Cove, Lance Cove and other places competing. Some very close races resulted and the prizes were valuable and much appreciated by the oarsmen. A large number of people were present from the city and nearby places and among these were the members for St. John's West. The band of the place gave some nice selections and the people of the place deserve congratulations for providing such a pleasant day's sport and for the orderly manner in which the regatta was carried out.

Home's Report.

The Home arrived at Lewisporte at 10 a.m. to-day. Her report is:—"Caught in dense fog at Chateau Saturday evening. Icebergs very plentiful; steamed dead slow to Cape Charles where fog was even thicker than previously met with. Delayed some hours, and except along to Battle Harbor impossible to leave port for a considerable time. Crossed Straits Monday night and forced along up again to Quirpon. After another considerable delay got along to St. Anthony, where we left yesterday at noon with little or no abatement in thickness of fog. Even proceeding at slowest possible rate was fraught with greatest danger, as we never saw icebergs more plentiful, and from leaving St. Anthony we could not see half the ship's length ahead on either side till we passed Gull Island off Cape John."

Here and There.

BROKE HIS LEG.—While playing cricket at Grand Falls Tuesday, a young man named Liddotte fell and broke his left leg above the knee. He is now in hospital there.

A GOOD SUGGESTION.—It is now being talked of that at the finish of the football season a match be arranged between the winning league team and the champion brigade eleven, the proceeds of the game to be devoted to the Marine Disaster Fund. The idea, no doubt, is a capital one.

Our two great annual events—Mount Cashel Fete and "The Races"—The "Ladies Emporium" offers special inducements to the feminine race—in smart HATS, BLOUSES, COSTUMES, BOX DRESSES and BELTS at HALF PRICE. To realize come and examine. 1929, 41m, w.f.s.

CHILDREN OPERATED ON.—Yesterday at the Hospital six children of tender years underwent very successful operations for tonsillitis. Dr. Syme who is a specialist in head, throat and chest diseases, attended to the cases assisted by local practitioners.

Politicians in Fatal Fight.

Jonesville, Va., July 25.—The killing of Dr. Jas. W. Walden, a prominent Democrat last night, by Perry Wallin, a Republican leader, has fanned a smouldering political feud in the Blackwater District to a threatened outbreak. All through the mountain district the clans are lining up.

The coming trial of 200 mountaineers, charged with vote selling is causing the local authorities to make preparation for the protection of the court and the jury. They fear an outbreak paralleling the tragedy at Hillsville last March, when, with the exception of one man, the entire human fabric of the court was wiped out.

Judge Skeen to-day got a message from the mountains reading: "There are thirty-eight in our party. Before we will submit to going to jail we will die and go to."

WIRE WOUNDS

My mare, a very valuable one, was badly bruised and cut by being caught in a wire fence. Some of the wounds would not heal, although I tried many different medicines. Dr. Bell advised me to use MINARD'S LINIMENT, diluted at first, then stronger as the sores began to look better, until after three weeks, the sores have healed, and best of all, the hair is growing well, and is NOT white as is most always the case in horse wounds. Weymouth. F. M. DOUCET.

Fitted Situation.

In a small village a clergyman married a lady with whom he received the substantial dowry of ten thousand pounds and a fair prospect of more, which fact was well known to his flock.

Shortly afterwards, while occupying the pulpit, he gave out a hymn, read the first four verses, and was proceeding to read the fifth commencing, "For ever let my grateful heart," when he hesitated and said: "Amen, omit the fifth verse," and sat down. The congregation attracted by his apparent confusion, read the verse for themselves, and smiled audibly as they read: "For ever let my grateful heart, His boundless grace adore, Which gives ten thousand blessings now And bids me hope for more."

The 100th Anniversary.

Special Evening Telegram.

WASHINGTON, To-Day. The movement to celebrate the one hundredth anniversary of treaty of peace was advanced by the senate's foreign relations committee which agreed favorable to report senator Root's bill to authorize the president to appoint a peace centennial committee, of seven to confer with the committee of Britain and Canada and report to congress the plan for an appropriate celebration. No salaries go with the jobs, but \$100,000 will be appropriated for expenses. "I am assured that every one of the 48 States of the Union will be represented with large delegation," said Senator Dixon.

Wedding Bells.

A very interesting wedding took place on Monday last at Manuels when Mr. Pat. Kennedy now here on a visit from the United States led to the altar Miss M. J. Connolly, daughter of Mr. Thos. Connolly of Donovans. Rev. Father Coady performed the ceremony and the bride was assisted by her sister, Miss Alice Connolly, while the groom was attended by his brother-in-law, Mr. Wm. Baird. After the ceremony the happy couple drove to the home of the bride's parents where many friends partook of a sumptuous wedding supper and the health of the bride and groom was duly honoured. Dancing was then indulged in and all present spent a very happy evening. To the bride and groom the Telegram extends its congratulations.

An Interesting Race.

Yesterday the Blackhead men determined to take part in the regatta and had their first practice on the lake. They are a fine crew of men who a couple of years ago entered the lists and defeated the crack oarsmen in the set race. This race this year will be most interesting. Six crews will compete. They are Torbay, Outer Cove, Quidi Vidi, Middle Cove, Logy Bay and Blackhead.
