Cable News.

LONDON, Oct. 18. The notification that Bulgaria, Serbia and Greece had declared war against Turkey, was given to the British Foreign Office to-day, by representatives of those countries. They handed to the Foreign Secretary copies of the notes which had been despatched to Constantinople. They are practically identical, and recount shortly the reasons for the eruption of friendly relations, placing the responsibility for war on Turkey. The only formality now lacking is the declaration of war by Turkey against Greece, which the Ottoman Government appears reluctant to do. This detail, however, is not delaying the movements of the armies. The Turkish and Bulgarian forces are both advancing. It is thought probable that they will meet somewhere in the vicinity of Mustapha Pass, on the frontier, one of the passes which lead from Bulgaria to Macedonia. At the same time the Serbian Army is on the way to Turkey and Montenegro are striving. In Northern Albania where the Turks and Montenegrins are striving for supremacy, there is a lull in the fighting. This, however, is regarded in military circles as only the lull which precedes the big storm that will break when the two armies come together in a struggle for the possession of the town of Scutari. Many rumours are published of heavy fighting on the Bulgarian and Serbian frontiers, these nations and the Turks being alternately credited with the victory.

SOFIA, Oct. 18. A striking proclamation to the Bulgarian nation, has been issued by King Ferdinand. In it he recounts the sufferings of the Macedonian Christians, and the efforts of the European Powers to secure better treatment for them. He finally says

Grows Beautiful, Heavy Hair We Prove it—25 cent "Danderine"

DESTROYS DANDRUFF—STOPS FALLING HAIR—CLEANS AND INVIGORATES YOUR SCALP—DELIGHTFUL DRESSING.

To be possessed of a head of heavy, beautiful hair; soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine. It is easy and inexpensive to have nice, soft hair and lots of it. Just get a 25 cent bottle of Knowlton's Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance; freshness, fluffiness and an incomparable gloss and lustre and try as you will you cannot find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine

At The City Hall. Squandering the Revenue.

The weekly session of the Council Board was held yesterday afternoon. Mr. Thomas Winter, Chairman of the Curling Rink Association, asked for new pipe for flooding purposes. Request was granted subject to approval of Engineer.

Permission was given Walter Willis, subject to Engineer's approval, to build garage on Barnes Road.

The President of the Truckmen's Union called Council's attention to condition of Mundy's Pond Road. It will be attended to.

Park Constable Smith asked for 12 days extra pay. The matter was deferred.

J. F. Calver complained of unsanitary drain at rear of house on Duckworth Street. The complaint was referred to the East End Road Committee.

W. Duffett will be given a share of siddiery work. A number of applications were received for permission to repair dwellings. All were granted.

The Engineer's report showed good work done during the week. The Solicitor reported that the signboard man could not be taxed as a tenant under the law. Councillor Mullaly said he was surprised that there was no Municipal Law here as elsewhere dealing with the matter.

Mr. F. Fitzpatrick asked to have the proposed street leading from Gear Street to Pennywell Road named and opened to the public. He offered to give right of way and cheque for \$500. The Council were to remove fences, put in sewer and grade the street and sidewalk. Mr. Fitzpatrick then offered all the land in Rocky Lane for \$2,000. This will be considered by the Council.

The government sent a letter asking that Health Inspector O'Brien's salary be increased. He receives \$700 per year and it was stated that had he remained in the police force he would now be drawing at least \$800 with certain perquisites giving him a total of about \$1,000. His stipend will be increased by \$130.

While favouring the increase Councillor Mullaly believed with it the Inspector's duties should also be increased. He thought that some of the duties attached to the position of a pure food inspector should devolve upon the Inspector. The necessity for such an official in St. John's was quite apparent.

Councillor Martin referred to some talk in the city the outcome of observations made by Councillor Mullaly at a recent meeting. Councillor Martin averred that Messrs. Snow, Peet and others had had their share of the city's work which the yearly accounts would show. The talk referred to by Councillor Martin, he alleged, took a sectarian turn, and Councillor Mullaly said he was not affected by this but would stand out for equal rights for all irrespective of religion or denomination. There was a good deal of cross firing between the two Councillors on the matter, during which Councillor Mullaly said that in previous years some had grown rich out of the Council's patronage and that he would prove this out of the yearly accounts. It took years to discover that only one person had received the work of repairing the night cars. Councillor Martin retorted that no one else would take this work and some persons should do it. The Mayor here interposed and terminated a discussion in which there appeared to be some acrimony.

With the passing of the usual bills, pay rolls, etc., the meeting adjourned.

How to Grow Hair.

It has been proved that Human leaves contain the ingredients that will positively grow hair. That they contain this long-looked-for article is proven every day.

This preparation is called SALVIA and is being sold with a guarantee to cure Dandruff and to grow hair in abundance. Being daintily perfumed SALVIA makes a most pleasant hair-dressing. McMurdo & Co., your druggist, is the first to import this preparation into St. John's and a large generous bottle, can be procured for 50c.

A Drowning Tragedy.

On Sunday last, the 6th inst., a drowning fatality occurred at Hermitage Cove in which two boys named Ball and Baldwin, aged four and eleven years, respectively, were victims. From information received it is evident that the youths after leaving their homes visited a stage boat, got into a dingy boat and while playing fell overboard. A fisherman who was looking from the water's edge found the body of the younger boy, and at nine o'clock the same night the body of Baldwin was raised from the bottom to the surface with the aid of a jigger. The sad happening has created widespread sympathy in the settlement. The little boy Ball was an adopted son of Mrs. Baldwin, mother of the other victim.

Cable News.

SPECIAL TO EVENING TELEGRAM. **BOUCHY, Oct. 18.** The final draft of the Treaty of Peace, between Turkey and Italy, was signed this afternoon.

MEXICO, Oct. 18. The Chamber of Deputies voted down a resolution, introduced by the Opposition, demanding the resignation of the Cabinet.

TOULON, Oct. 18. Five French warships have been ordered to hold themselves in readiness to proceed to the coast of Syria, should their presence there be deemed necessary for the protection of French citizens. Two French warships are already stationed on the Syrian coast.

CITY'S HEALTH.—During the week three cases of scarlet fever and eight of diphtheria were reported to the Health Authorities. There are now in Hospital 16 of scarlet, 2 of typhoid and 12 diphtheria patients; under treatment at home 12 of scarlet, 1 with typhoid and 6 with diphtheria.

Editor Evening Telegram.

Sir.—To the most apathetic and even to the most obtuse it must now be apparent that the ominous characters forming the "mene, mene, teckel upharin" announcing the fast approaching dissolution of the worst Government that ever cursed this unfortunate country are appearing to the startled vision of the political captain and crew who for the nonce had captained over the ship of state. On all sides we see waste and squandering of the public monies for picnics, junketing trips, tips for heelers and bonuses and advances for sycophants, and heelers, while the poor fishermen, labourer, mechanic and clerk are being ground into the dust with taxation to raise the wherewithal for Morris and his horde of hungry henchmen and hangers on to satiate themselves with the good things of the world and the poor, the widow, orphan, aged and decrepit can pine in misery, deprivation and degradation. We see pampered officials, lick spittles who waste Morris' boot at a nod from him, receive promotions and increases, while men showing the slightest sign of independence are persecuted and kept in the lowest grade in the civil service. A case in point not long ago occurred in the Post Office where one McGregor, who had been for years stamp clerk, at a salary of between \$400 and \$500, received an advance for the same duty to be remembered, to \$800, an increase almost of 100 per cent. Galway, Gibbs and Meaney had got fat salaries and Mr. McGregor had to be treated as a good heeler had to be treated similarly. But this man is not the only one of his family who is drawing a tidy sum from the taxpayers. His wife at a salary of \$300 per year and perquisites superintends the charwomen in the Customs department, so that we can reckon that husband and wife in this case draw about \$1,200 from the overburdened taxpayers of the colony. Now, why not give this woman's position to one of our poor widows of the unfortunate men who lost their lives in the Erna, Grace, Beatrice or the other ships which disappeared last winter. But I know, and so do many others, that Morris and most of his gang care very little for the widow and the fatherless and that little will they get from them once the bread winner is gone and they are minus a possible vote. And the consideration of these matters would impel one to ask why it is that the members of some families seem to believe they have a prior claim on positions in the civil service, that they hold a certain lien on offices of emolument and that they have some kind of hereditary title to government jobs. Nepotism unfortunately is a pronounced characteristic of our civil service and possibly in no bunch is this more noticeable than in the Post Office department. It is a vicious principle, unjust and unfair, and the Tory party which is trying to perpetrate this and other abuses in every department should be dealt with as they deserve. But a short while, Mr. Editor, and their punishment will come. 1913 will witness the end of graft, hoodling and picknicking.

Yours truly, PUBLIUS.

The Ingraham's Cruise North

NO SIGN OF MISSING SCHOONER. The tug Ingraham, Capt. M. Rose, returned here last night after a fruitless search for the missing schooner George May. After leaving port at 5 a.m. yesterday with Mr. Piccott on board she went from Sugar Loaf about 15 miles to the westward and later ran 14 miles due east. At 1 p.m. she ran 7 miles south and then altering her course ran away W. S. W., and about 3 p.m. steamed W.N.W., coming in towards Baccharien later and going up on the south part of the island. The ship signalled the light keeper who came to the shore and was asked by Mr. Piccott if he had seen or heard of a wreck there. He had not nor had a wreck there. He had seen and a tug then steamed towards this port. The weather was fine and clear and a bright look out was kept but no vestige of a wreck was seen, and another marine tragedy has been added to the large casualty list of this year.

CITY CIRCULATION AGENT

Of Leading Montreal Daily Luncheon GIN PILLS
FIVE long years of suffering from Kidney Trouble—two boxes of GIN PILLS—and it's all gone. That has been the experience of Mr. Eugene Quesnel, Chief City Circulation Agent of La Patrie, of Montreal. He describes it feelingly:
Montreal.

"I have been suffering from Kidney Trouble for over five long years. I had also Rheumatism in all my bones and muscles, could not sleep nights and on some occasions could hardly walk. I had been treated by some of our best Physicians but without relief and I lost over fifteen pounds. One day I met one of our leading hotelkeepers, who had been cured by your famous GIN PILLS, and he advised me to try them. So I bought two boxes of your drugist's and before I had used one box I felt a big change. Before I finished the second one I was completely cured. I can assure you I can hardly believe it for if I had only known what I know now I would not have spent over one Hundred Dollars for nothing when two boxes of GIN PILLS cured me."

RIQUEVE QUESNEL, GIN PILLS are gaining a world-wide reputation, by the way they conquer the most obstinate cases of Rheumatism and all kinds of Kidney Trouble. Sec. a box, 6 for \$5. Sample free if you write National Drug and Chemical Co. of Canada, Limited, Toronto. 149

A Tory Sheet.

Editor Evening Telegram.
Dear Sir.—The Tories thought they could pull the wool over the eyes of the Liberals by getting out a Tory sheet on Sunday. But the Liberals were too active and the poor little thing died easily. Downey and P. T. will have to look for some other "expression" of confidence. Some other way to bolster up their rotten past, for the Liberals knew them, alas too well to try something else.
