d-Re-Opening-Majestic with DOUGLAS FAIRBANKS in

Robin Hood and his merry crew who took from the rich to aid the poor; his love for sweet Maid Marian; Sherwood Forest and Nottingham Town; Friar Tuck and Little John with their staffs and cudgels—all etched out of the dim past and made to live again. Towering battlements with turrets seeming to cut the sky; great castles of giant kings with their moats and drawbridges—drawn across the span of 800 years and set before eyes of to-day. The great Fairbanks as bandit chief—yet supreme in the role of romantic lover.

at Botwood on Friday last, arrived in part last night and berthed at the Furness Withy Pier. The ship's forepeak and No. 1 tank are full of water. The roxburgh loaded pit props at Brown's Arm, Burn's Arm and Point of Bay, Exploits, and was bound to Cardiff when she stranded at High Grego, just one hour after leaving port. At the time the ship was in charge of a local pilot. It was foggy at the time and when the land loomed ahead the ship's anchors were let go and the engines reversed. In spite of this the Roxburgh hit hard on a shelving rock. After the accident it was found that the ship was drawing 17 feet of water whereas, when affoat, she showed 24 feet... Several attempts were made during the day to refloat the ship and the foward deckload of pit props were jettisoned. It was not, however, until Saturday night at 10.-30 when the assistance of the Clyde Dinners and Lunches Served off. The Roxburgh is owned by Messrs. Ridley & Son, and Tulley, Newcastle-on-Tyne, and is 4,396 tons gross, and 2,716 nett. This is Capt. Jenkins first trip to this port.
