MAN KILLED NEAR HAMILTON.—On Friday morning the body of a man was found near the high bridge over the Canal at Hamilton. It was found to be that of Henry Mullin, a man about 50 years of age, who lived near Brown's Wharf, and worked as a laborer about the wharves. Mullin was seen the day before in a state of intoxication about the fair ground, and it is supposed that he was reeling along on top of the high bridge when he fell over Burlington Heights.

The Boston Traveller has the following:—"The reign of the sprout gals has commenced. A gentleman of the city sent on Saturday to an intelligence office to obtain a 'young lady' to look on while his wife did the work. The fair creature who was offered for the place, after asking some fifty questions about whether they had 'tubs seats,' whether the kitchen was down stairs, &c., asked how many evenings she could have out." Well, said the gentleman, "I don't see why we can let you have more than seven." "How many little children have you?" said the hand-maiden. "Only one, but eight years old, but will draw him if you think he'd be in the way."

The Gov-General in Toronto.

Splendid Reception in the Capital. Addresses, Decorations, Illuminations, &c.

The train containing His Excellency and suite left Hamilton about two o'clock and reached Toronto about three. On nearing the city a short stoppage was made where the local battery on the heights on the north side of the city, fired a royal salute over the bay. All along the line from Queen's wharf to Yonge street, the track, cars and abutting streets were occupied by people anxious to catch a glimpse of the new Governor-General. The nearer the train approached Yonge-st. the denser was the crowd and the louder the cheers, which all through the city were remarkable for their heartiness and spontaneity. Yonge-street itself was densely packed with an enthusiastic throng, over whose heads a perfect canopy of scarlet, white and blue cloth hung from side to side of the street, while the prancing of the horses in the procession which was in waiting, the uniforms of the York cavalry, who were in company in line at the foot of the street, and the glimpse of the magnificent corporation arch in the distance, made up a picture of rare occurrence and singular beauty. The train entered the station amid deafening cheers, and His Excellency, leaning out of the car, was welcomed by His Worship the Mayor and the Reception Committee of the city council; while a detachment of the Grand Trunk Artillery presented arms, and the band of the brigade played "The Lass of Killaroe." The Governor-General, conducted by the Mayor, and accompanied by Lady Dufferin, Sir Hastings Doyle, Mr. Howland, Col. Fletcher, and the staff, then inspected the Volunteers. He complimented the guard of honor, and especially the members of the Grand Trunk Artillery, and the soldiers who were in the carriage provided for him, in which were also Lady Dufferin, the Mayor and Col. Fletcher. The Grand Trunk Brigade band took up a position at the head of the line. Next came a detachment of the firemen of the city, followed by their four engines and eight horse-carriages. A string of carriages came next, containing the Lieutenant-Governor, Mrs. Howland and Capt. Curtis, A.D.C., Sir C. Hastings Doyle and the Hon. W. McLaughlin, and the members of the City Council, Board of Trade, St. George's St. Andrews Caledonian and Irish Protestant Benevolent Societies, and other prominent citizens, in order.

The procession was closed by the carriage containing the Earl and Countess of Dufferin, the Mayor and Col. Fletcher; a portion of the cavalry riding before, and a portion after it, in the capacity of a body guard.

Along Yonge-street, King-street, Church-street, and Front-street, the cortege slowly wended its way to the City Hall, the thoroughfares being crowded, and the windows along the line of route filled with gaily dressed ladies, who waved their handkerchiefs with fully as much enthusiasm, as the soldiers who waved their hats about and shouted themselves hoarse. The flags were innumerable, the drapery unending, and the whole scene one of the gayest that Toronto has witnessed for many years.

On the procession arriving at the City Hall, His Excellency alighted, and was conducted into the Hall, where a large number of distinguished guests had assembled in the Council Chamber. On their entrance the chamber rung with the hearty cheers of the assembly, which soon died away into a murmur, as the Mayor and the Countess acknowledged the compliment by repeated bows. His Excellency wore a closely-fitting frock-coat, with the ribbon of the Bath beneath it, and no other decoration. Lady Dufferin was attired in blue silk, with white lace accents. The address by the Corporation was then presented. The Mayor then presented the Aldermen present, and the City Clerk, Chamberlain, and Engineer, to the Governor-General. The address from the Board of Trade was next read, when the members were presented to His Excellency, immediately after which, he and Lady Dufferin were re-conducted to their carriage.

In the evening, a small dinner party was given by Lord Dufferin, at which a number of leading citizens were present. The street illuminations at night were splendid, and almost as general as when the Prince of Wales visited Toronto. An immense crowd of people thronged the streets until a late hour.

About 10 o'clock His Excellency, accompanied by Countess Dufferin and Col. Cumberland, drove through the principal streets in an open carriage to see the illuminations. When they reached the corner of King and Yonge streets, they were recognized by some of the assembled people, and a tremendous cheer was set on foot. The carriage proceeded at a walk, with a guard of police on each side, followed by several other carriages, along King, Wynn Church-street, round by Front-street, up Yonge-street to Richmond-street, and at the continued cheering of the people who followed or rather accompanied the party had become tiresome, the horses went off at a brisk trot, which was continued down Bay-street and on to the Queen's Hotel. This and the effect of considerably dispersing the crowd, and by eleven o'clock the streets were considerably cleared. No disturbance of any kind took place to mar the harmony of the whole day's proceedings.

THE MANITOBA ELECTIONS

GREAT EXCITEMENT ATTENDING THE Election in Selkirk.

THE MILITARY CALLED OUT. (From the Liberal Extra of Sept. 20th).

The Selkirk election was one of the most exciting contests which has taken place in Manitoba, or perhaps in the Dominion. Throughout the day, at the several polling places, nothing but peace and quietness reigned. Owing to Sheriff Armstrong not having placed Mr. Gorton's name on the list of candidates, the French people were very much displeased. Mr. Smith knew well that had Mr. Gorton been allowed to run, that his (Smith's) success was inevitable. So frauds were perpetrated by a willing official, and the French people were deprived of the opportunity of voting for the man of their choice. Everything went on peaceably at St. Boniface until about 2 o'clock p.m., when a quarrel arose between some French voters. Blows were given, and we understand knock downs took place. There were upwards of 200 half-breeds, and some 30 or 40 English. When the fight occurred, the English party fell back some fifty yards, pursued by the others, with sticks, stones and bludgeons. Suddenly the retreating party turned round and formed into line, and made a stand, fighting desperately for some fifteen minutes, when the French ran off in all directions, leaving their pursuers masters of the situation. At this time the poll-books by some means disappeared, and it cannot be well ascertained what became of them. The Deputy Returning Officer declares that they were taken from him. It is said that several shots were fired during the fight by both parties. The English party received some very severe blows from sticks and stones, which had been held in preparation for them. Two or three of the French had been severely wounded, and it was reported that some were dead, but we are loath to say that the statement has been contradicted. During all the time of the disturbance at St. Boniface all was perfectly quiet at the poll at Winnipeg.

About half-an-hour previous to the close of the poll, the military under the command of Major Irvine, were marched down to town, and formed in line across the principal street, about a hundred yards from the polling booth. The appearance of the military to those acquainted with military regulations on election days caused the greatest dissatisfaction. Everybody seemed to denounce the calling out of the troops as the most extraordinary outrage ever perpetrated on a free people. There were several people who came in to vote for Mr. Wilson, but owing to the excitement caused by the appearance of the military, they were unable to do so, and left without polling their votes. We regret, for the sake of the name of our Province that the military was called on to interfere, but we do not quarrel with the military, but interference with the Returning Officer, no matter how, but everything going on smoothly; and we believe, were it not for military interference, everything would have gone on satisfactorily, and as owing to the excitement caused by the appearance of the military, they were unable to do so, and left without polling their votes.
