Plain Satene, all colors, 12½c yard.
Reversible Double Fold Cretonne for curtains, 20c yard.

REAL LOVE OUTLIVED DISGRACE.

Father Hastens to Welcome His
Pardoned Daughter.

Dramatic Incident in the Experience
of a Philadelphia Family.

New York, Jan. 7.—The happiest man in New York Thursday was Rev. Philip Graham, the "Cobbler Preacher," of Alameda, Pa., who had come to the city to meet his daughter, Annie Walden, who was pardoned by Gov. Roosevelt on Monday. Ten years ago she murdered her husband and had been in prison ever since.

"Yes, I am after my daughter Annie," he said, in answer to the question of a reporter. "She is at the Endicott Hotel in the apartments of Mrs. Berkham de Peyster."

"Annie has been constantly in my mind. Tuesday, when I got back from the store, and into the house, I sat down to read a paper. After a little my eye caught the line, 'Annie Walden Pardoned.' I sat up straight.

"Wife," said I, 'look here.' She came and fell to the floor in a faint, but was straightway up and laughing and crying all at once, so happy was she.

"Annie had a quick temper, and it came natural for everyone to humor her. At 17 she was the handsomest woman of her age, or any other, in Alameda. She had a dozen lovers, honest country fellows, all of them. We never knew who it was that got her away from home, but we knew that it was none of them. It was some city chap.

"It was long before we heard of her. Then we found she was in Philadelphia. We went there, but she had gone to New York. Once after that she came home. Then came the shooting of the man. She had married that horse-racing fellow and he was abusing her, and one night she shot him. The next morning the Sunday papers had it all. Then we got a letter from Annie, written in

the Tombs, begging us not to go to New York.

"She was sentenced for life, and after she had been in the prison for a time we went over to see her. I went back home and I stopped preaching, and went to work at my trade as a cobbler. It was the wrecking of my life, but it is all over now. She is going back with me, bless her.

"Wife has six chickens that she was fattening for market. They will be killed and cooked. I have asked our neighbors to share our joy."

The hotel was reached and the father went upstairs.

Mrs. De Peyster opened the door, and Annie, in a black dress, very plainly made, and with her flowing brown hair brushed lightly back, stood looking very pretty, but pale and agitated, in the center of the room.

Nine years in prison had failed to quench her pride. With eyes brimming, biting her lips hard for self-control, the girl waited for some token of tenderness on the part of the father.

As the door opened the happy parent ran in with arms wide open. Throwing her arms about her father's neck, and dropping her head upon his big shoulder, she sobbed happily—and Mrs. De Peyster shut the door.

They left for Alameda next morning at 9 o'clock.

HIS EIGHTH SPOUSE.

Sterling, Ill., Jan. 7.—William Hinsley, aged 32 years, and Miss Mary Hein, aged 20, were married at Tampico in this county, Saturday. It was the eighth marriage for the groom, and he is feeling exceedingly happy.

Hinsley is an ardent Republican, and during the last campaign, waged a bet with the girl that if McKinley was re-elected she was to become his wife, and if Bryan was elected he was to pay her \$2,000. The wedding was one of the most romantic in the history of the county and is the talk of the town.

MRS. MARY LEASE

WILL QUIT POLITICS

She Has Changed Her Mind About Suing Her Husband for Divorce.

Wichita, Kas., Jan. 7.—Mrs. Mary E. Lease has changed her mind about suing her husband, Charles Lease, for divorce. The suit, which was prepared two months ago, was never filed and never will be unless the Leases quarrel again. Mrs. Lease has instructed her attorney to proceed no further with the case.

Reconciliation between Mr. and Mrs. Lease was brought about by their children, all of whom are now of age and living in New York with their mother. Mrs. Lease will shortly return to Wichita, quit politics and settle down to domestic life.

Her husband said today: "My wife will not push the divorce case she started. I never knew she was going to file it until her attorney gave it to the newspapers. She will return to Wichita and live with me. We never did have any quarrels, although I disagreed with her ideas of politics and reform. She will quit all that. Our children all have steady employment in New York and will remain there."

Mrs. Lease was a "Populist" in politics, and had practiced as a lawyer.

It seems certain that a ministerial crisis will occur after the suspension of the meetings of the Spanish chamber.

THE PAN-AMERICAN

A Glance at the Great Enterprise
and Its Purposes.

True Picture of Nineteenth Century
Development Arranged in a Setting
of Unsurpassed Beauty and
Splendor at the Pan-American
Exposition.

If one may judge by the presence of thousands of workmen at the grounds of the Pan-American Exposition and the wonderful progress they have made during the last few months, the Exposition will be opened in a condition of completeness upon the 1st of May next.

For the benefit of those who, for any reason, have not been informed concerning the plans and purposes of this vast enterprise I will state that the Exposition grounds are in the northern part of the city of Buffalo and have an area of 350 acres. Buffalo, with its 400,000 population, is preparing the most artistic creation ever produced for the purposes of an exposition. The completed work will cost probably \$10,000,000, exclusive of exhibits.

The landscape upon which the buildings stand includes a part of one of the most beautiful parks in Buffalo or, in

fact, in the world. The Exposition will thus have the setting of trees, lawns and water features, which have cost the city of Buffalo millions of dollars. The main Exposition buildings are some 20 or more in number and are arranged about a system of beautiful courts some 33 acres in extent. The arrangement is such as to permit the most exquisite decorative effects that the best trained artists of the world may be able to produce.

Space will permit only an enumeration of the principal buildings. These are: The Electric Tower, 375 feet high, which is to be the centerpiece of the most brilliant and novel electric illumination ever conceived; the Propylaeum, or architectural screen, at the northern end of the grounds; the Stadium, for sporting and athletic events; the Agriculture building, Manufactures and Liberal Arts building, Ethnology building, the Government group of three great buildings, the Midway restaurant building, Electricity building, the Machinery and Transportation buildings and Railroad Station, the Temple of Music, Graphic Arts, Horticulture, Mines, Forestry, Dairy, Ordnance, Service and other buildings, the Albright Gallery of Art, costing \$400,000; the New York State building, costing \$175,000, besides the state and foreign buildings and numerous other structures of beautiful and interesting design for a variety of purposes.

The Midway at the Pan-American Exposition alone will cost more than some large expositions. It is estimated the cost of the Midway will be about \$3,000,000, as it will have more than a mile of frontage closely built with the most picturesque structures conceivable and will contain between 30 and 40 entertainment features of most novel and interesting character.

The purposes of the Exposition are not merely to give the people a most magnificent and attractive entertainment, but it will furnish the opportunity for every one to inform himself upon the progress of the nineteenth century. The Exposition is held for the purpose of celebrating the achievements of the western world during a century of unparalleled progress. It is distinctly a western world affair, all the governments of the western hemisphere having been invited to participate in all departments. Official responses have been made by every important government, state and dependency of the western world, and they are preparing to be represented by most creditable exhibits.

The exhibits are classified in the following divisions: Electricity and electrical appliances; fine arts, painting, sculpture and decoration; graphic arts, typography, lithography, steel and copper plate printing, photo mechanical processes, drawing, engraving and bookbinding; liberal arts, education, engineering, public works, constructive architecture, music and drama, sanitation and hygiene; ethnology, archaeology, progress of labor and invention, isolated and collective exhibits; agriculture, agricultural implements; machinery and appliances, foods and their accessories, horticulture, viticulture, agriculture, forestry and forest products, fish, fisheries, fish products and apparatus for fishing; mines and metallurgy, machinery, manufactures, transportation, railways, vessels, vehicles, ordnance, exhibits from the Hawaiian Islands, Porto Rico, Guam, Tutuila and the Philippine Islands.

The Exposition has the indorsement not only of the state of New York which appropriated \$300,000, but of the national government, which appropriated \$500,000 for the purpose of being suitably represented upon this great occasion. The Exposition will continue six months and will furnish an opportunity such as rarely comes for the public to take note, at a glance, of the wonderful progress of the western world. It will be like a great university, at which the young and old will become for the time being students of western civilization.

About 12,000 people have subscribed to the stock of the Exposition, and it is a public enterprise in the broadest sense of the term, the aim being to produce a magnificent spectacle to delight the artistic sense of all who attend and to present through the medium of an army of enterprising exhibitors a true picture of nineteenth century development. John G. Milburn, an eminent lawyer of Buffalo, is president, and the director general is William I. Buchanan, who was director of the departments of agriculture, live stock and forestry at the World's Columbian Exposition at Chicago and afterward for six years United States minister to the Argentine Republic.

MARK BENNETT.

"PAN-AM." RESTAURANTS.

The Best of Service Will Be Provided.

The needs of the inner man will be well attended to at the Pan-American Exposition to be held at Buffalo from May 1 to Nov. 1, 1901. At some exhibitions a great mistake has been made by not providing for good restaurants, where satisfactory meals could be obtained at reasonable prices. Either the food obtained has not been of good quality or prices charged have been exorbitant or the facilities in some particulars have been inadequate to the occasion.

There will be good restaurants in different parts of the grounds of the Pan-American Exposition, so that it will not be necessary for visitors to go outside of the grounds to secure a good meal, well served, at a moderate price. All tastes will be suited in the services rendered, for there will be places where meals will be served on an elaborate plan to suit the most fastidious taste and where prices will be in proportion to those charged at high class restaurants in large cities. There will be other places where the meals will be cheap, but the food appetizing and healthful and the surroundings clean. There will be restaurants in the beautiful building at the entrance to the Midway, another in a similar building at the entrance to the Stadium, another in the Electric Tower, which will be one of the great centers of interest on the Exposition grounds, and another on the Midway. Refreshments will also be served in the Temple of Music, which may be enjoyed by visitors at the same time that they are listening to the concerts in progress in the auditorium. There will also be a New England kitchen, a German restaurant, a Mexican restaurant, an Italian restaurant and other places where various kinds of refreshments will be served.

EAGLES AT THE EXPOSITION.

Remarkable Decoration For Ethnology Building at Buffalo.

The building devoted to the Departments of Ethnology and Archeology at the Pan-American Exposition, which is now approaching completion, will have some remarkable sculptural decorations. Among them will be gigantic figures of eagles and lions, which will be placed upon eight of the 16 panels

of the domes. These sculptures in staff will be conspicuous features of the architecture of this beautiful building. Models in clay are first made of the figures, and from them reproductions in staff are cast.

The model of the eagle has just been completed. It is of colossal size. In the model nearly 10,000 pounds of clay have been used, and each bird, when cast in staff, will weigh fully two tons. The sculptured eagle will measure nearly 18 feet in height.

Essays on Pan-Americanism.

A movement to interest the public school teachers and public school pupils in the Pan-American Exposition to be held at Buffalo next summer has been started. It originated in some of the public schools of Pennsylvania and is being taken up elsewhere as the wisdom of the plan becomes apparent. The idea is to have the teachers in the public schools write essays for various occasions of an educational character on the objects and aims of the Exposition and the bearing that such a display will have on the commerce of the world. A similar plan regarding the Paris Exposition was found quite successful and resulted in the attendance of a large corps of teachers at that fair. The plan contemplates also essays by pupils. It is believed that in this way much information can be spread regarding the benefits to be derived from cultivating closer relations with the different countries of this hemisphere and that it would result in greater intelligence among the public school teachers and pupils on this subject, as well as a larger attendance among this class of the population at the Exposition.

Brutes leave ingratitude to man—Coltan.

If you have been shivering along waiting for
a hot bargain, step in and get it.

"Lonely" Suits and Overcoats \$10 without
"Semi-Ready" brand on inside pockets,
were \$12 to \$22 50.

To begin with, "Semi-Ready" clothing is a
third to a half cheaper than equal custom
tailoring.

Money back if you want.
