FOR HOUSEKEEPERS. Another small attendance of farmers greeted the buyers at market this forenoon. Prices were firm, and the amount of produce offered was quickly purchased. Hay and Straw-Over 50 loads on sale, and as a consequence the prices dropped about 50c to \$1 per ton, selling mostly at \$9 to \$9 50 per ton. The demand is fair. Straw is scarce, at \$6 per ton. Butter and Eggs-In fair supply, with

no change in prices. Apples-The high prices asked have decreased the demand; sales are slow, at

prices asked and quoted. Vegetables-Very little in; the majority offered were held by dealers; no change in prices.

Dressed Hogs-Quite a lot in, selling at \$7 50 to \$7 75 per cwt. Poultry-Was in small supply, with prices about the same as on Saturday.

Live Hogs-A carload of live hogs were shipped from here yesterday; \$5 75 per cwt. was paid. WHOLESALE DEALERS' PRICES. Eggs, store lots, doz..... 20

LIVERPOOL. Dairy produce market, for week ending Feb. 21, reported for Abraham Hodgson & Sons. New York:

Cheese—Although the inquiry cannot be called brisk, there has been a quiet, steady demand from the country dealers, and no speculative buying. The consequence is, that with small shipments grocks are being reduced and a ments, stocks are being reduced, and a reduction of say 20,000 boxes on this month appears probable. Country buyers appear bare of stock, and as the weak holders here are getting fewer, the price is hardening, and 49s for finest Septembers has now changed from an asking price to a buyers' price, and 50s is quoted for fancy selected lots. There is also more inquiry for cold stored Augusts, at 45s to 47s, and for white medium at 42s to 44s, but these are scarce. Medium colored, old full cream, and mild half-meats are offered at 40s to 45s, and sell

Butter-Another week of severe wintry Butter—Another week of severe wintry weather (now broken up, however), has caused a reduction of continental supplies, and with decreased stocks of all kinds there has been a further general advance in prices of 2s to 3s per cwt; but notwithstanding bare markets everywhere there is some feeling that at this season of the year any further advance will be dangerous. will be dangerous and cause trouble later on. Russian shipments are expected to be resumed almost immediately, and small receipts of new Irish and English will commence and increase in quantity each week. We quote: Freshmade Canadian creamery, in 56-lb boxes, 105s to 109s; fine June creamery, States and Canadian, a quick sale, at 90s to 100s; fine imitation creamery and best idles, 80s to 90s; old Canadian dairy and sian, none here, nominally 100s to 108s.

Bilious Dyspepsia.

A DREADFUL COMPLAINT AC-COMPANIED BY HEADACHE, SICKNESS OF THE STOMACH. VOMITING THAT CAN BE PER-MANENTLY AND QUICKLY CURED BY FERROZONE.

Some persons have attacks of Bilious Dyspepsia very frequently, and feel as if they were about to die. The whole system seems to collapse. The tongue becomes coated, the face a sallow pallor, and a bitter taste is always noticeable in the mouth. At times the bowels are very constipated, occasionally acute diarrhea is caused by the accumulation of bile in the system.

It is highly dangerous to allow such a condition to imperil your life. It must be cured, and the simplest and surest remedy is Ferrozone. It digests every particle of food eaten, and prevents the waste products from clog-

ging up the system. Ferrozone restores all deranged organs to a healthy, vigorous condition. It keeps the bowels well regulated, makes the kidneys eliminate all poisons from the blood, and supplies the ne-cessary elements to build up and strengthen the entire body.

Mr. Louis Meehan, one of Peterboro's most enterprising and well-known business men, during the past three years was an unceasing sufferer from Billous Dyspepsia. He was cured permanently by Ferrozone and is so anxious that others may profit by his experience that he gives the following testimonial:

"About three years ago." says Mr Meehan, "I had the Grippe, which left me in a very run-down condition that finally developed into Dyspepsia. was unable to eat but a few things. and had a craving for acid. I gave up treating with the doctors because they did not help me, and on the advice of a friend used Ferrozone. It not only cured me of Dyspepsia and Biliousness out has built up my strength to what it was before I had the Grippe. I can recommend Ferrozone as an ideal re-

Ferrazone is canable of digesting all classes of food, and contains in a highly concentrated form the elements necessary for strengthening and reconstructing, and nourishing the stomach and other digestive organs. It is a builder of blood, muscle and fat and makes sickly, weak disheartened people strong and well. Ferrozone gives you force, energy, vim and spirit and cures every time. Sold by all drug-gists. Price 50 cents per box or three

LOST WITH CREW OF TWENTY MEN

British Steamer Thought to Have Foundered.

Wreckage and Life Buoys From the Tiber Found Near Halifax.

Halifax, March 4.-The British steamer Tiber, from Louisburg, B. C., for Halifax, with a cargo of coal, is thought to have foundered with her captain and crew of twenty men. She left Louisburg Wednesday afternoon and should have arrived here on Thursday night, as the run is only 170 miles. Today at the western entrance to Whitehead harbor fishermen picked up a steamer's house with pieces of deck plank attached, and fishermen at Port Felix have secured a large wheel, articles of furniture and one side of a ship's boat. They also saw wreckage drifting about the bay. Tonight the owners of the steamer received word from Goldboro, Guysboro county,

that life buoys bearing the name "Tiber" had been found there. The Tiber was on the route between Montreal, Charlottetown, Halifax and St. John, and was commanded by Capt. Henry Boulanger. She was booked to go from here to Philadelphia. She was owned by Charles Archibald, of Halifax, and Mr. Dobell, of Quebec, and was valued at \$50,000.

FURTHER INQUIRIES ABOUT CANNED BEEF.

Old Question of Commissariat Supplies May Be Re-opened.

[Special to The Advertiser.] Ottawa, March 3 .- Among the noices of motion which will come before the house on Wednesday is one made by Mr. Boyd, of Macdonald, Northwest Territories, which is provoking general surmises among the lobby politicians, some of whom infer that it is the intention of the opposition to reopen the question of commissariat supplies for the soldiers in South Africa. Mr. Boyd will ask what quantity of canned beef was sent from Canada to South Africa for the Imperial Government during the past year. His further questions will be: "Was any quantity of the said material returned to Canada by the order of the Canadian Government, and why was such an order issued? Was the said material inspected after being returned to Canada, and what was the report upon the inspection? What firm or firms of Canadians furnished the material so returned, and which firm's goods was found to be good and which bad, if any, of the ma-

A MOTOR SLEIGH

Propelled by a Steel Wheel Like a Paddlewheel.

London, March 4. - A Berlin correspondent of the Daily Graphic writes: There have been heavy falls of snow in Prussia this winter, and sleighing has been very popular. The latest novelty is the automobile sleigh, which is similar in construction to the motor cars in use for passenger transport, save that the wheels have been done away with and the vehicle is placed on runners, while the motor is connected with what looks like a paddle-wheel of a steamboat in miniature. The wheel, which is constructed entirely of steel, catches in the frozen snow, and so drives the sleigh forward. motor sledges travel at twice the speed of a sledge drawn by horses, and so a new and exciting pastime is provided.

INTERESTS OF LABOR

Discussed by Mr. T. H. Preston, M.P.P., Before the Mulock Club at Toronto.

Toronto, March 4.—The members of the Mulock Club last evening had as their guests Mr. T. H. Preston, M.P.P., and Mr. Thomas Blezard, M.P.P. The president of the Club, Mr. R. C. Steele, introduced Mr. Preston, who outlined the provisions of his bill now before the legislature for the settling of labor disputes. Mr. Preston reviewed the various

measures in the interests of labor passed by the Dominion and Provincial Governments, under Liberal administration, and pointed out that with the exception of the provision for Labor Day as a public holiday the different Conservative administrations had done nothing to promote the interests of organized labor. He said that the present machinery for settlement of strikes, as provided by the Dominion government, had proved of great value, but he believed that the legislation initiated by the Ontario government along this line should be continued. His bill provided for immediate attention to be given to any labor trouble by the secretary of the labor bureau, and also gave power to the mayor or reeve of any municipality or any employer or five employes to call upon this secretary to act as a referee in the settlement of a dispute. The speaker believed that compulsory arbitration was out of the question.

Mrs. Winslows Soothing Syrup Mrs. Winslow's Soothing Syrup

OVERDUE ETRURIA HEARD FROM AT LAST.

Had Arrived at Fayal in a Disabled Condition-All Well on Board

London, March 4. - The British steamer Ottawa, from Philadelphia, for London, has arrived at Fayal, Azores Islands, and reports having sighted the Cunard Line steamer Etruria, in tow of the British steamer William Cliff, 400 miles west of Fayal. The Etruria had lost her propeller.

Another report says the Etruria was picked up when 500 miles from Fayal, west-northwest of that port. All were well on board the Cunarder, which, according to this report, had her propeller shaft broken. She was otherwise rison and the members of the reception

The Etruria will probably reach the Azores tonight or tomorrow morning. The officials of the line are arranging to have tugs proceed to Fayal and tow the disabled liner home.

WATER COMMISSION AWARDS TENDERS

Board Will Not Purchase Coal Till Prices Are Lower.

Tenders were opened and contracts awarded at yesterday's meeting of the water commissioners. The contract for coal was not awarded, owing to the belief that the board could obtain the coal at a lower rate. The other tenders were awarded as follows: Cylinder oil, Western Oil Company; en- ed desire to meet American citizens at gine oil, Queen City Oil Company; brass work, iron castings, stop cock boxes, valves, etc., Stevens Manufacturing Company; hardware and cotton waste, Cowan Hardware Company; packing, etc., London Engine Supply Company; boiler compound, Geo. Taylor & Sons; pipe laying, Harding & Leathorn; book-binding, Weldon & Co.; printing annual reports, Advertiser Printing Company; other Printing, London Printing and Lithographing Company; lumber, Dyment, Baker &

Mr. Frank Coles, of the waterworks office, applied for an increase of salary. Filed. The meter to be used was not chosen.

The engineer will write to Detroit and other places to inquire as to which grade is preferable The report of Chief Engineer Robb,

of Toronto, on the boilers at the pump house showed all the boilers to be tight A full board was present.

A PERMANENT CURE.

A Plattsville Lady Cured of a Very Severe Case Four Years Ago.

Plattsville, Ont., March 3 .- Mrs. J. Barnett, whose remarkable case has been reported in nearly every newspaper in Canada, still continues in good health.

In the spring of 1898 she was a physical wreck and a few weeks' treat-ment of Dodd's Kidney Pills made her a well woman. Many people then believed that her improvement was only temporary, but all such have now been silenced, for she is today in the thankful enjoyment of a splendid health. Her former symptoms have been de-

scribed as follows: Nervousness, rheumatism in the left arm, pains in the small of the back, up spinal column, and back of the head through the eyes, the left side of the body and occasionally the right side as well, no appeptite and could not

sleep at night." Dodd's Kidney Pills cured her.

A "RECORD" CHURCH. Ottawa, March 4. - St. Andrew's Church, Ottawa, holds the record in Canada for contributions to the Presbyterian Church century fund. St. Andrew's gave \$26,437 81, although, \$25, 000 was all that was promised.

PRINCE WOULD ARRIVE INCOG

Wants No Military Reception at Niagara Falls.

of Welcome and Attends Ball at Night.

Chicago, March 4.-Prince Henry of Prussia upon his arrival in this city last evening was given an enthusiastic welcome. At 6:30 his train arrived at the depot of the Chicago and Alton Railroad, where he was met by Mayor Harcommittee.

welcome was tendered.

In the evening the prince attended a ball given in his honor in the Auditor-

WHEN HE GETS IN CANADA. Ottawa, Ont., March 4.—A communica-tion has been received from Prince Henry of Prussia to the effect that he does not want any military reception when he visits Niagara Falls tomorrow. He desires to cross to the Canadian side incog. Accordingly the guard of honor, royal salute, etc., will not take place. Major Maude will leave for the Falls tonight to greet the prince on behalf of the governor-general.

CHICAGO BY DAYLIGHT. Chicago, March 4.- The Chicago which Prince Henry of Prussia saw last night by the glare of many lights was pre-sented to him today by the clearer light of the sun. The welcome which he received last night was repeated and emphasized, and he was given further opportunity to enjoy his expressclose range. During the day he listened to an address from the Central Bund of St. Paul, placed a wreath on the Lincoln monument in Lincoln Park, and enjoyed a luncheon and reception at the Germania Club. Governor Van Sant, of Minnesota, was the first detail of the day's official

programme. By 11 o'clock all those who were to accompany the prince during the day assembled at the Auditorium. Without delay the party entered the carriages, waiting to convey it to Lincoln Park, and the Germania Club. In the carriage with the prince were Mayor Har-rison, Rear Admiral Evans and Former Secretary of War Robert T. Lincoln. In nearly every door and window along the streets where the prince passed, curious faces were to be Handkerchiefs were waved at him from the windows, and the crowds along the streets shouted a greeting. The prince was kept busy touching his cap in response. While decorations along the route were not profuse, they were sufficiently in evidence to give the streets

A dense crowd was gathered about the statue of the great emancipator when the prince and those accompanying him came upon the scene. The prince entered the plot of clearly swept ground surrounding the monument and laid at the feet of the image of the martyred president the floral token of respect. The whole ceremony lasted

but a few moments. official party The prince and his quickly re-entered their carriages, and started at a brisk trot for the Germania Club. A burst of music from a brass band heralded the prince's coming, and in a few minutes the "Prince Henry" of last night was "Unser Heinreich" among an enthusiastic congrega-

THEY LAUGHED THE WHOLE TIME.

George Grossmith.

following appreciation of the recital of Mr. George Grossmith, who comes to

the New Grand tonight: fashion of Toronto, and a multitude of the undistinguished, assembled last night in Massey Hall to be entertained by Mr. George Grossmith. No description of Mr. Grossmith's recital would be adequate, because his humor is as much in how he says it as in what he says. One of his numbers very well illustrates this. He tells how advantage of the entertainer's sentiment for his great-great-grandchildren might be handed down to them—to sing into a graphaphone. He sang a few lines of a song of his own, 'How I Danced the Polka'; then rendered it as the graphaphone would hand it down to his descendants. No description in print could approach nearer to Mr. Grossmith's portrayal than the graphaphone did to his voice. The naturalness of his work was nicely illustrated by a little incident which occurred last night during the concluding part of a new musical sketch. 'Somebodies and Nobodies.' He was delineating a peculiarity of college students, and addressing the imaginary student, asked him to bring up a chair to the piano. Upon his repeating the request, a tall, middle-aged gentleman in the second or third row from the front rose and was going to do his best to oblige Mr. Grossmith, when a nearby friend induced him to sit down. The audience had, however, "caught on," and the laughter was so general he leaned over the piano to enjoy the joke himself. Mr. Grossmith's humor is all-pervasive. The audience did not laugh spasmodically, they laughed all the time, and frequently the great gathering was fairly convulsed." So successful was Mr. Grossmith's Toronto appearance that he has been engaged to appear there again on Saturday night.

New York, March 4.—Commercial in-solvencies in February, according to re-ports to R. G. Dun & Co., were 1,104 in solvencies in February, according to reports to R. G. Dun & Co., were 1,104 in number, with an aggregate indebtedness of \$11,302,029. In the same month last year there were 1,024 defaults, amounting to \$11,287,211. The moderate increase in number was mainly due to misfortune at the south, where bankruptcies were numerous in general stores, although the amount of money involved was not large. Manufacturing failures during February were 238 in number and \$4,915,015 in amount, compared with 212 last year for \$4,308,741. In the class covering banks, trust companies, three fallures were reported during February, involving but \$145,000, compared with seven last year for \$432,132. Canadian failures during February numbered 124 with total liabilities of \$1,094,774, of which 15 were in manufacturing for \$36,300, and 107 in trading for \$900,974, while of other commercial insolvencies there were two awaying \$152,000.

Their requests for accounts gave notice also their intention to inquire into the working expenses of the Intercolonial Railway and the expenditure upon cer-

tain public buildings in Montreal. S GRATUITIES FOR MOUNTED POLICE.

Sir Wilfrid Laurier Will Introduce Resolution on Wednesday.

[Special to The Advertiser.] Ottawa, March 3 .- The government having decided to grant pensions or gratuities for officers of the Northwest Mounted Police, and to their widows and children, Sir Wilfrid Laurier will, on Wednesday, propose a resolution by which this purpose will be accomplished. It provides that five per cent shall be deducted from the pay of officers towards making these pensions good. To an officer compulsorily retired for any cause other than misconduct or inefficiency, after twenty years' service, or retired voluntarily after 35 years' service, a pension not exceeding one-fiftieth of the pay and allowances of his rank at the time of his retirement for each year of service will be allowed; and twenty per cent less than this is granted to an officer who retires after 25 years' but less than 35 years' service. retiring on acount of infirmity, or retired to promote efficiency or economy in the service, a gratuity not exceeding one month's pay for each year's service will be given, and three months' pay for every two years' service to an officer retiring on account of an injury received in the discharge of his duties. The bill makes provision for money gratuities to widows and children of officers whose death oc-curs while they are in receipt of full pay or of a pension.

EIGHTEEN MEN ESCAPED. Lockport, N. S., March 4 .- The Gloucester schooner Reliance belonging to John Pugh & Son, stranded on Indian Point, Little Harbor, Sunday night, about 8 o'clock, during a thick fog. The crew of eighteen men escaped in dories. The cargo consisted of 20,000

pounds of fresh halibut.
