MARKET THIS MORNING

WAS A SMALL ONE

Hay Was, However, Offered in

Large Quantities—The

Prices Today.

There was another very small market his morning, hay being the only thing offered in any profusion. There was a very good supply of this, however, and it sold very well. The prevailing price was \$15, and all the first-class quality brought this price. There was somewhat ower figure.

Oats still remained firm in price, selling as high as \$1 25, and all sold was \$1 15 for an inferior grade.

Pork showed a tendency to be somewhat easier. The great majority sold at \$11, though a few choice lots brought as 51, and offered and there were no changes to be noted in the price.

Darry produce and vegetables also were decidedly at a promitival or practically city parts. The produce and vegetables also were decidedly at a promitival or a practically city parts. By private wire to H. C. Becher, London, from Harris, Winthrop & Co. NEW YORK, Feb. 1—(Wall street, noon)—The market opened lower, and after a good deal of selling formed under lead of Reading, which sold at 160½. Around noon the market started to ease off again under some stop order selling in the tractions. Pennsylvania dividend was announced as one and one-half percent quarterly, which was what was expected. We expect an increase in the next one. There is no news to base sell-ing the standard mining to dynamite in the packed snow at the side of the building. Lack of resistance saved the building. Lack of resistance saved the building from destruction.

WANT STANDARD POWER

To obalt Lake, 19½; Coniagas, thom norming to dynamite the stream of work and all citizens will be asked to buy one or more and support a project that contract of the railway. One window was blown out, and a hole torn in the brick wall. Fireman Houson was just coming up the ladder from the cellar, where he had been firing his boller when the blast work off. The concussion knocked him over. J. Christie, of Brantford, foreman and Mr. Sparrow, of Peterboro, a carpenter, were sleeping in a shack across the track, 30 feet away, but escaped injury. The man who tried to wreck the building bungled the job, placing his dynamite in the packed snow at the side of the building. Lack of resistance saved the building. Lack of resistance saved the building from destruction.
