

MILK PRODUCERS MAY CO-OPERATE

Appoint Temporary Executive of Reorganized Association of Meeting Friday Night.

Milk producers of London district, dissatisfied with their organization, the Milk Producers' Association, decided to reorganize Friday night...

W. Bogue, chairman of the temporary executive committee, and J. W. Laidlaw is secretary. Members elected by ballot for the temporary executive of five were: G. F. Kingsmill, I. B. Whaley, W. J. Ellis, William Brown and J. McCarty.

The committee will consider, among other things, the placing of a sample contract before a representative meeting of the producers on Friday, December 1, for their approval.

Under the contract, all men who produced the same quality and delivered the same milk should receive a uniform price. The association received a commission for selling.

Other details of the plan were submitted and will be further explained and discussed at the next meeting in conjunction with Mr. Fry, who is in a report containing some thing concrete as to basis for organization.

When manufacturers and distributors were looking for milk would not then to search all over the country. They could obtain as much as they wanted by going to the executive of four or five men.

LABOR NOMINATES CIVIC CANDIDATES

Refuses To Support Aldermen Ashton and Watkinson in Coming Election.

Upheavals in the ranks of the London Labor party seemed certain for a few moments Friday night at the nomination meeting of that body, when several members threatened to "bolt" the fold if the nominations of Ald. John Ashton and Ald. Fred Watkinson were allowed to stand on the Labor ticket.

When it became known that the Labor party recommended the nominations of these two city fathers a veritable storm of protest blew up. "I take exception to one name in particular, and two names in general on that list," protested Delegate W. Page, "and the names are those of Ald. Ashton and Ald. Watkinson. Ald. Ashton has never stood by us—he has never stood by Labor principles. I take exception on constitutional grounds to any support the Labor party intends to give him."

MR. AND MRS. A. L. MURRAY.

EMBRIO. Nov. 10.—An event of unusual interest to Zorra and the surrounding district took place in Embro on October 31, when there was celebrated the diamond wedding of Mr. and Mrs. A. L. Murray. Mr. Murray is one of the few surviving pioneers of the noted township of Zorra, and in his day figured largely in public and religious affairs, representing the township as reeve and in many other public offices.

His wife, Annie McKay, is the only surviving member of his family, but a brother and sister of Mrs. Murray are still living. The former is Rev. R. P. McKay, D.D., ex-moderator of the general assembly of the Presbyterian Church, and Mrs. (Dr.) Andrew McKay of Woodstock is the sister.

Many friends and relatives are extending their congratulations. These children are happy to do homage to their parents—two daughters and one son, Dr. A. J. Murray of 866 Wellington street, London. There are 15 grandchildren and five great-grandchildren.

Claims Cow Kept Watch Running in Lungs For More Than Seven Years

Special to The Advertiser. Montreal, Nov. 10.—This is the most astounding fact narrated in the local press in many a moon. Certain towns north of London may be able to compete in matters of this kind, and in Quebec we have the man who discovered the singing fish, but from now on the palm will have to go to Thomas Berch, of Cowansville, who writes to the Montreal Star which it publishes today. "This is a strange thing that happened to my father's cow. One day,

about seven years ago, my father was hoeing potatoes in the field, and as the weather was hot he took off his vest and hung it on the fence. The cow, which was grazing in the next field, came over and ate the vest and also a solid watch and chain. The cow was rather ill for some days, but finally recovered.

"Last week we killed it for meat, and when cleaning it found the watch in the lungs, caused by the cow's breathing. The watch was still going when we discovered it."

MUST SELL COAL AT UNIFORM PRICE Dealers Will Be Fined \$20 If Price Exceeds Controller's Rate.

Toronto, Nov. 10.—A penalty of \$20 and costs has been provided by the provincial government as punishment to be visited upon coal dealers for each sale of anthracite at prices in excess of those set by Fuel Controller Ellis. Today's order-in-council was made applicable only to Niagara Falls, but it will be extended to each and every municipality upon the local council passing a resolution requesting it.

Following complaints from Niagara Falls, and a city council resolution requesting it, the order-in-council was passed, an order-in-council was passed, fixing the price at \$15.50 per ton, or 88 per cent half ton. Today's order was consequently upon Niagara Falls, for their request for penalty provision for evasion of the stipulated price. Any informant leading to the imposition of such a penalty is to be paid by the local fuel administration appointed by the city council of Niagara Falls.

Special to The Advertiser. Thorndale, Nov. 10.—The anniversary services of St. George's Anglican Church were held on Sunday and were attended by very large congregations. As this church was erected in 1861, there have been 18 rectors in charge, Rev. A. C. Cummer, the present rector, taking charge of the parish in 1917.

A great many improvements have been made during his term, and the incidence at the divine services has been greater than for years. DAMAGE BRANTFORD SCHOOL PROPERTY Malicious Destruction by Youth Arouses Ire of Educational Authorities.

Special to The Advertiser. Brantford, Nov. 10.—That there is a growing spirit of wanton and malicious destructiveness rampant here in connection with school property was reported to the board of education last night. In the days gone by destruction usually came only through such things as fire and flood, but today's vandals are more malicious, such being the driving force of the vandals of every day in one school, repairs which had to be carried out immediately, and the school to open, costing \$20. In other ways this wanton spirit has been manifested, and the educational authorities are determined that with police co-operation, it will be stopped. Severe punishment for the guilty is promised.

WIFE TAKES BLAME FOR KEEPING STILL

Kitchener Magistrate Refuses To Believe Story and Fines Husband \$200.

Special to The Advertiser. Kitchener, Nov. 10.—Ten gallons of mash and a complete still were discovered in the cellar of John Patkau, 18 Brunswick avenue, yesterday afternoon by Deputy Chief Grassar and Inland Revenue Officer Feik. In police court this morning Mrs. Patkau took all the blame, stating that her husband did not know the still was in the cellar. She declared that while digging in a nearby woods her children unearthed the still and brought it home. She had received a prescription for whiskey from her doctor, but being financially unable to procure the whiskey, she thought she would manufacture some for herself. Accordingly, she put the still into operation. After hearing the woman's rather pathetic story the magistrate heartlessly stated that he had heard many such stories before, and fined her husband \$200.

BOYS OF WESTERN ONTARIO CONVENT 200 Delegates Attend Open Session of Conference in Chatham.

Special to The Advertiser. Chatham, Nov. 10.—The Western Ontario conference of boys' work, under the auspices of the Tuxis boys and C. S. E. T., opened in the city at 5 o'clock this afternoon, with upwards of 200 delegates present. The opening services were held in the evening, and sessions will be held all day tomorrow and on Sunday. The Tuxis boys band from Windsor is supplying music for some of the sessions, and will head a parade of the delegates tomorrow afternoon. Special services will be held in the city churches on Sunday, and the closing session will be held on Sunday evening.

A number of local factories, including the local branch of the Bell Telephone Company, will observe a two-minute silence tomorrow afternoon in honor of the fallen soldiers. The city schools today held short Armistice Day services at 11 o'clock.

Secretary A. McLeish of the Chatham Rotary Club received an advice today, to the effect that the London, Windsor and Chatham Rotary Clubs have been re-organized and back to the old ninth district, No. 5, known as the 18th Rotary district.

For some time the above clubs have been in the 27th Rotary district but were transferred back into their original district by a special order of the international Rotary executive, following application by the above-named clubs.

If reports reaching the city are accurate, there is much to be said for the county council, despite the fact that elections for positions on the county council are several weeks distant. There is also much criticism on the part of the people on the expenditures of the present year, especially with regard to the county hall.

It is rumored that there may be several changes in the personnel of the county council if certain factions in the county can arrange it. Seven civic departments have already exceeded their estimates for the year, report city officials, and some drastic changes will have to be made for the balance of the year. Some suggestions will probably be handed out to the various departments by the city financial advisory board at its next meeting in December. The board of education, it is reported, will have a surplus for the second time in its history.
