

MORE TAXES FOR N. B. AUTO OWNERS

Road Patrol Funds to Come from This Source—Gas Tax Proposed.

One of the new items of expenditure for New Brunswick's Ordinary Revenue Account for the fiscal year ended October 31st last, as just published, is that of Roads Patrol.

The new system inaugurated during the 1923 season and for which an extra impost was added to all automobile license fees cost \$151,017.08 or almost as much as expended on Ordinary Roads—\$152,122.97. Receipts under Motor Vehicle Fees amounted to \$374,278.88, including the extra impost to cover the Roads Patrol, and this year it is proposed to add a tax on gasoline to the contributions of automobile owners in New Brunswick.

Runaway Horse

Mr. Robert Good of Dalhousie Junction, met with quite a loss on Saturday, when his horse ran away and broke its neck. Mr. Good had driven to the shiretown and on his return home, he called at Mr. Malley's store, near the P. Q. mill, to have a smelt net repaired. While he was in the store, his horse, a valuable five-year-old beast, took fright and ran away in the direction of the town. With getting into a snow bank, the animal struck a tree, and when help came, it was found that his horse was dead, having broken its neck.

Dr. Banting's Partner Says Preparations With Names Like Insulin are Being Marketed

Montreal, Feb. 4.—Although the University of Toronto is acting as trustee for insulin patents to prevent commercialization of the discovery and misuse by the medically ignorant several manufacturers are trying to foist upon the public valueless preparations with names similar to insulin.

Dr. J. J. R. McLeod of Toronto, co-partner with Dr. F. T. Banting in the discovery of insulin and sharer of the Nobel Prize, warned in an address here last night.

ALBERT CO. CATTLE IN THE WOODS

A Herd of Nine Have Been in the Woods Until a Few Days Ago—Looked Well, Too.

Hopewell Hill, Jan. 29.—Among the fortunes in view of the cold weather may be classed a herd of nine young cattle that has been wandering in the Dalhousie woods during the fall and winter months.

The herd was discovered and brought out to shelter only last week. Six of the animals belonged to Fred Stevens, of Dalhousie, the others being the property of a Hopewell farmer. Although the tracks of the cattle were seen, where they had tramped many miles back and forth through the woods, the animals had avoided capture and had not been seen since the discovery.

For many weeks they tramped the snow filled by-paths of the woods and must have subsisted entirely on the buds and twigs, since the heavy snow came more than a month ago. When found last week the animals were huddled together and fairly willing to abandon life in the woods. One heifer had died, but all the others were in wonderfully good condition, considering the deprivations and hardships that have been their lot.

OBITUARY

Mrs. Nicholas Arsenault

Mrs. Nicholas Arsenault of St. Omer, Bay of Chaleur, passed away on the 2nd. She was 74 years of age, and was very popular owing to the kind nature, her integrity and Christian spirit. Not blessed with children herself, she opened her home to several orphans, who today, by their splendid home training, are filling nice positions in society. About the middle of January, she and her devoted husband, celebrated their golden wedding. They were surrounded by several of their adopted children, who came from far and near to join the friends and relatives for the occasion. She was enjoying the best of health and since the celebration, she wrote letters in reply to the large number received of congratulations. Her sudden death was a shock to her many friends.

The funeral service was held in the St. Omer R. C. Church, on Tuesday, when a large gathering paid their last tributes to the deceased.

New Carlisle

The first game of the Gaspe Coast Hockey League was played here on January 29th between Chandler and New Carlisle teams resulting in a victory for New Carlisle, the score being 9 to 1.

The game moved to be very fast and clear throughout and the score was by no means an indication of the play as both goal tenders were repeatedly called upon to save and gave a splendid demonstration of goal tending. Both teams, at different intervals, gave a good demonstration of combination play. The score by periods was as follows:

New Carlisle 9
Chandler 1

1st Period 3
2nd Period 3
3rd Period 3

Total Score: 9

The teams lined up as follows:

Referee—J. R. Hughes.

The Gaspe hockey team made its first appearance on New Carlisle ice in the second local fixture of the Gaspe Coast Hockey League on January 31st, defeating the local team by a score of 5 to 3. This game was the fastest exhibition of hockey ever played on New Carlisle ice and all who witnessed it were unanimous in stating that it was anybody's game from going to gong.

The score by period was as follows:

The Misses Grace and Kathleen Murray spent their week-end in town.

Escumine

Mrs. Gertrude Young of Point La Garde is spending a few days here.

The Women's Missionary Meeting was held here on Friday night at the home of Mrs. John Little.

Rub Baby's Colds With Vicks

It is a Wonderful Remedy Says New Brunswick Mother.

Treat one cold with Vicks Vapo-Rub and in the case reported below, you will adopt this external method for all the cold troubles of the family.

When the little ones come in wet and sniffling, just apply Vicks over throat and chest and cover with a flannel cloth. Repeat at bedtime.

Vicks acts like a liniment or plaster. In addition, its ingredients, vaporized by the body heat, are inhaled all night long.

The child is usually better next morning and the bad after-effects of internal dosing are avoided. Just as good, of course, for adults.

Mrs. Emanuel Albert, of Ramsay Street, Campbellton, New Brunswick writes: "Vicks Vapo-Rub is a wonderful remedy. My children were all sick with colds and I rubbed their chests with Vicks, always obtaining the best results. My two-month-old baby was very ill with a cold in his chest and I was afraid he would have inflammation of the lungs for he coughed so much. I applied Vicks and it relieved him. I can't speak too highly of Vicks."

At all drug stores 60c a jar. For a free test size package, write Vicks Chemical Co., 344 St. Paul St., W., Montreal, P. Q.

Though Vicks is now in Canada it has a remarkable sale in the United States. Over 17 million jars used yearly.
