

CLEVELAND'S SUPERIOR BAKING POWDER DOES NOT CONTAIN LIME, SODA, AMMONIA, OR ALUM.

Cleveland's Superior Baking Powder, manufactured by Cleveland Brothers, Albany, N. Y., is absolutely pure and wholesome. It is made only of strictly pure Grape Cream of Tartar, Bicarbonate of Soda, and a small portion of wheat flour, and does not contain Ammonia, Lime, or any adulteration whatever.

The Cream of Tartar is refined by a new process which frees it entirely from lime and every impurity, and is obtained in the pure crystals and ground in our own factory; the Bicarbonate of Soda is prepared expressly for us, and to ensure uniform and absolute purity of our baking powder all the ingredients are subjected to searching chemical analyses and none used unless proved to be perfectly pure.

In confirmation of the above we publish the following from the able and reliable chemists of the New York Produce Exchange:

"We are analyzing all the Cream of Tartar used in the manufacture of Cleveland's Superior Baking Powder, and we hereby certify that it is practically chemically pure—containing as high as 99.95 per cent, and not less than 99.80 per cent."

"From a hygienic point of view we regard Cleveland's Superior Baking Powder as the ideal baking powder, composed as it is of pure Grape Cream of Tartar and pure Bicarbonate of Soda."
