Wash The Kidneys!

After Bad Colds or Influenza
Look to Kidneys and Bladder!

Owing to bad colds, over-eating or intemperance, or to the after effects of influenza—uric acids and toxins (poisons) are stored up in the body and cause backache, lumbago, rheumatic pains and still joints. It is most essential that treatment be directed towards prompt casting out of the poisons from the body which cause these pains and aches. This herbal tonic the excretory organs—the bowels, skin and kidneys—should be excited to their best efforts. Every one should clean house—internally—and thus protect one's self from many germ diseases, by taking castor oil or a pleasant laxative such as Dr. Pierce's Pleasant Pellets, which are made of May-apple, aloes and jalap. Take these every other day. This will excite efficient bowel action. If you suffer from backache, irritation of the bladder and the kidneys, shown by the frequent calls to get out of bed at night, considerable sediment in the water, brick-dust deposit, perhaps headache in the morning, you should obtain at the drug store "Anuric" (anturic acid), first put up by Dr. Pierce. To build up the strength and improve the blood, take an iron tonic such as "Irontic," manufactured by Dr. Pierce. To be had in tablets at drug stores, or some good herbal tonic such as Dr. Pierce's Golden Medical Discovery, made from wild roots and barks without alcohol, and put up in tablets or liquid.

THE MAN WITH ASTHMA, almost longs for death to end his suffering. He sees ahead only years of endless torment with intervals of rest which are themselves fraught with never ceasing fear of renewed attacks. Let him turn to Dr. J. D. Kellogg's Asthma Remedy and know what complete relief it can give. Let him but use it faithfully and he will find his asthma a thing of the past.

BUILD IT NOW

Reconstruct the Old Home For Longer Usefulness

Reconstruction begins at home. If the old house isn't all you desire, and you can't build a new one, a little of the right kind of repairing and remodeling will readily restore it to present day standards.

Perhaps it's a new porch, a summer kitchen, a side entrance, a new roof, extra rooms in the attic or a renewing of old, cracked walls and ceilings that is needed.

The right kind of lumber used in the right way will make the change and we have all the material you will require including that knotless and crackless manufactured lumber Beaver Board, for better walls and ceilings.

Suppose you ask us about it?
