"Colburn's Standard Novels' present a series of those works of fiction that have most tended, with the writings of Sir Walter Scott, to elevate this description of literature. This publication presents a concentration of imaginative genius."—*Globe*.

"Mr. Colburn's series of Standard Novels is peculiarly select; from it are excluded all which have a mere transitory popularity; in it are included all which tend to elevate the character of the modern novel, and to raise the republic of fiction to its proper elevation."—*Morning Post*.

"What an admirable opportunity is here presented to such as are about to form a select library of fiction!"—*Sun*.
