MOST desirable lands suitable for mixed farming can be obtained in the Old District along the line of the Calgary and Edmonton Railway, about fifty miles North of Calgary. Most desirable lands can be obtained in Southern Alberta in close proximity to the Calgary and Edmonton Railway and the Crow's Nest Pass Railway, suitable for mixed farming and ranching on both a large and small scale. Parliament Buildings, Toronto;
October 20th, 1898.

THE W. A. FREEMAN Co., 57 Ferguson Ave., South,
Hamilton, Ontario:

Gentlemen,—Nine years ago I purchased from you a large quantity of material known as Freeman's Ready Roofing, with which I roofed the north half of my barn add two sheds, 66 x 20 each. This year we re-painted this roof and found it in excellent condition. A single roof put on part of the barns two years before was badly in need of repair. I shall hereafter use your ready roofing on all my out-buildings.

Yours truly,
(Signed) F. W. HOBSON

SALT

"A WORD TO THE WISE"

SALT may be described as a powerful chemical agent for providing and preparing soluble foods for plants from the materials present in the soil. This is a most important consideration when we remember that in all soils there are about two-thirds lying dormant and only one-third in active condition.

We sell all kinds of Salt in all kinds of packages. Barrels, bags or bulk. Unequalled shipping facilities. Higher grades of Salt for dairy uses a specialty.

Stock Notes

MR. D. ALEXANDER, of Bridgen, Ont., advertises for sale a number of young Shorthorn heifers, some in calf and others old enough to breed. The stock is good and should find a ready market.

MR. E. E. MARTIN, of Canning, Ont., is offering choice Berkshires in this week's FARMING. As an experienced breeder Mr. Martin can be relied on to give his customers satisfaction, and, as his guarantee goes with every sale, there should be no hesitancy in giving him a call if in need of good stock.

A REMARKABLE EWE.—John Campbell, Fairview Farm, Woodville, Ont., reports having a very prolific Shropshire ewe in that she produces lambs twice in the year. Last October she dropped a ram lamb and suckled it extra well. Last month she dropped two more lambs, which are doing remarkably well. Two years ago when imported she produced in January and again in November living and well-doing lambs.

MR. GEO. LAIRSCH, of Freeport, Ont., has issued the catalogue of purebred Jersey cattle to be offered for sale on June 30th at his farm, two miles east of Berlin. The foundation of this herd was laid some years ago at considerable expense: the cows are large and are said to be heavy milkers, backed up by pedigrees which it will be difficult to surpass. The stock bulls are noted for their prepotency and high breeding. For the convenience of those who cannot attend the sale bids may be sent by letter or telegram to the auctioneer, Mr. Joseph Mickus, Waterloo, Ont.

FAIRVIEW FARM stock of Shropshires is this season the best lot so far produced. Lambs sired by "Newton Lord," "The Best Type," and "The Gentleman," all noted winners of first premiums, and that on several occasions when the best from beyond the sea were competitors, including one of England's champion rams, are most promising. As the breeding was one of the best that money would buy, and nearly all noted prize-winners, it is not strange that the progeny is of the best types. A choice importation is being now selected in England. With many orders placed for stock rams at \$100 to \$250, and for ewes no limit stated, but get some of the very best, it may be expected that this season's importation to Fairview will be one well worthy of breeders' attention, as John Campbell will probably be bringing sheep for his own use that will equal and surpass in excellence any former importation.
