THE BEE-KEEPERS'

REVIEW.

For March is devoted to "Planting for Honey." If undecided upon this subject, by all means read this number. The April number (which will be out in about two weeks) will take up the topic of "Securing Workers for the Harvest," or perhaps it would be more proper to say "Spring Management." R. L. Taylor, James Heddon, Dr. A. B. Mason, Dr. C. C. Miller, E. E. Hasty, F. P. Stiles, H. R. Boardman, J. H. Robertson, J. H. Martin, and Oliver Foster are among the contributors to these two numbers. Besides this, there are several pages in each issue devoted to extracts and to short, pointed editorials upon live, practical subjects. An exhaustive review of Mr. Cheshire's great work "Bees and Bee-keeping" is begun in the present issue. Price of the REVIEW 50 cents per year. Samples free
