ness which no other mode of washing can
produce. No rubbing required—no friction to
injure the fabric. A ten-year old girl can do
the washing as well as an older person. To
place it in every household, the price has been
reduced to \$3.00, and if not found satisfactory,
money refunded within one month from date
of purchase.
See what *The Baptist* says: "From personal
examination of its construction and experience
in its use we commend it as a simple, sensible,
scientific and successful machine, which suc-
ceeds in doing its work admirably. The price,
\$3.00, places it within the reach of all. It is a
time and labour-saving machine, is substantial
and enduring, and is cheap. From trial in the
household we can testify to its excellence."
See what the *Canada Presbyterian* says about
it: "The Model Washer and Bleacher which
Mr. C. W. Dennis offers to the public has many
and valuable advantages. It is a time and
labour-saving machine, is substantial and en-
during, and is very cheap. From trial in the
household we can testify to its excellence."
