THE NEW 32-Calibre Winchester

The 32-Calibre Winchester, now offered for the first time, is intended to meet a large and growing demand for a repeater of small calibre. It is a modification of the model of 1873, using the same frame, or receiver, but with a lighter barrel, and magazine of smaller diameter. It is considerably lighter than the Model of 1873, and is designed for small game at short range, and will be found the most accurate small-bore rifle in the market, especially valuable for hunting squirrels, geese, etc. The standard length of barrel is 24 inches. All the guns of this calibre will be made with rifle butt stock with solid butt plate, and without the cleaning-rod usually put in the stock. Prices and extras same as Model 1873. The cartridge used with this arm is centre fire, and contains 20 grains of powder and 115 grains of lead.

Persons desiring to inspect these goods before purchasing can do so by sending us \$1. We will express the gun C.O.D. If not satisfactory, you have the privilege of returning it. If the \$1 more than covers express charges, we will remit you the difference; and this rule applies to all goods in our catalogue. Send 6 cents for our 96-page catalogue, containing over 600 illustrations of Firearms, Watches, Jewellery, Silverware, etc.

THE GREAT CURE FOR RHEUMATISM

And all complaints of a Rheumatic nature, RHEUMATINE is not a sovereign remedy for "all the ills that flesh is heir to," but for NEURALGIA, SCIATICA, RHEUMATISM, and complaints of a Rheumatic nature.

IT IS A SURE CURE.

Letter from Mrs. M. Webster, of Guelph Mother of the late Registrar of the County of Wellington and Wife of the former Registrar of Guelph.

350 WOODLICH STREET, GUELPH,
February 28, 1887.

MY DEAR MR. SUTHERLAND.—I have had so many people applying to me for particulars of your famous medicine "Rheumatine," that I thought I would write and ask you particulars about it. My son Robert, in Ceylon, hearing of the wonderful relief it has given my daughter Ada, wrote asking if you had an agency in the East, or in England.

Would you kindly write to me at your leisure, and tell me all about it, so that I may communicate with my son, and give information to people inquiring for the fact of my daughter's severe illness, and complete cure, has gone far and wide. We followed the directions on the bottles to the letter. By the time she had finished the second bottle, all pains had left her, she slept well and had a good appetite, and found her strength coming back, but she took the third, so as to complete the cure. She has not suffered at all since from rheumatism, although we have had a changeable, trying winter. I am glad we will now be able to get it in our own city, as Mr. Petrie told me he had sent for some I remain yours,
Very truly,
M. WEBSTER.

All those interested in Bees send for my 20 page circular and pamphlet on wintering bees (free).

My Hives are the cheapest and best in use.

My New and Latest Improved Hive will soon be ready for the market. It contains the usual size and number of Jones frames. I now manufacture ten different kinds and sizes of smokers, and they are the most handsome, cheapest and best in use.

My New Honey Knife puts all others to shame, and is the finest and best that is in use.

My Latest Improved Honey Extractor has valuable improvements that no others have. It is the cheapest, strongest, lightest running, and best and most durable in America.

My Comb Foundation is made on an improved Durham machine and from clarified wax, and is better manufactured than any other. I will make up wax into comb foundation cheaper and better than others.

My New Silk Bee Veils are made of a larger than any previous ones, the material having been ordered direct from the manufacturer, specially designed for bees. They have no equal.

I am the only one in America who manufactures Prepared Metal for raising comb honey, preventing swarming, controlling fertilization, etc.

My Latest Improved Wax Extractor suits all others out. I challenge any others in America.

Honey Tins and Pails. My honey cans are cheaper and superior to any others in the Dominion, as I am the only one who has machinery and dies to manufacture these new and improved self-sealing cans and pails. They can also be used for sealing fruit.

In a short time my new Honey Labels will be ready. They will be lithographed on fine different stones, blending all the colors, making a handsome varnished chronic label, finer than anything yet made so that each person can have his own name on them. The price will be wonderfully low.

Bees Wax. Those having wax for sale, please drop me a card. I can pay you a high price. Wax taken in exchange for goods.
