

per 100 lbs. \$5.25 to 5.50; *Proved Coil Chain*, 3 in., \$6.00 to 6.50; *Anchors* 7 to 8c; *Anvils* 10 to 12c. *Iron wire* per bdl \$2.60 to \$2.70; *Fils "KINMOND"* brand 5 to 10 per cent off English list.

LEATHER.—Manufacturers still purchase slowly, and business continues dull and without any prospect of immediate improvement. Shipments to Europe of Spanish sole splits and patent cow are freeing the market of much surplus stock, and as tanners are turning out less than the usual quantity, anything like the ordinary demand would soon bring about a scarcity in some of the leading lines. In the meantime prices favour buyers and outside quotations are only for choice stock. We quote: Hemlock Spanish sole No. 1 B. A. 25 to 26c; do No. 2 23c; Buffalo sole No. 1 22 to 23c; do. No. 2 19 to 20c Hemlock slaughter 27 to 29c; waxed upper light and medium 34 to 41c; ditto heavy 33 to 38c; grained upper 37 to 40c; splits large 24 to 32c; do small 18 to 25c; calfskins 27 to 36 lbs, 60 to 80c; do 18 to 26 lbs 50 to 65c; sheepskin linings 30 to 40c; harness 28 to 32c; buffed cow 13 to 17c per ft.; enamelled cow 18 to 19c; patent cow 18 to 20c; pebbled cow 12½ to 17c; rough leather 23 to 27. *Leather Belting*, warranted genuine English Oak Tanned, 20 per cent. off list, ditto Canadian Tanned, 30 per cent. off list.

LIQUORS.—*Brandy*—Demand has been less than was expected. Sales of the favorite brands at \$2.50 to 2.75 in wood; cases \$8.50 to \$9.37½; *Gin*—DeKuypers, small transactions in wood at \$1.60 to 1.67½; red cases \$7.40; green ditto \$3.95; *Rum*—Jamaica, 10 o. p., selling ex ship at \$2.25 in wood; *High Wines* and *Rye Whiskey* are unchanged.

NAVAL STORES.—The demand for *Spirits of Turpentine* continues good, with sales at 47½c. for small lots; for round lots a less price would be accepted. *Rosins* are in fair demand at \$3.50 for strained, and \$3.75 for No. 2; No 1 sells at \$4, and pale at \$4.50; \$7 the outside price for extra; *Pine Tar* and *Pitch* can be bought at \$3.75 in lots; *Coal Tar* and roofing pitch are steady at \$2.75.

OILS.—As usual at this period of the year there has been very little demand for fish oils, and the market has ruled very quiet all week. We quote *Cod oil* 60c; *Seal* pale 60 to 62½c; ditto straw 55c nominal; ditto steam refined 60 to 62½c; *Neuhadden* oil 45c; *Olive* steady at 95c; *Linseed* raw 60 to 63c; ditto boiled 65 to 68c. *Petroleum*.—There is no particular change to notice in this article, demand has been small, and we still quote car lots at 29 to 30c, small lots and single barrels 31½ to 32½c.

PROVISIONS.—*Butter*.—Receipts 297 kegs; shipments 142 kegs. The wholesale market has been very quiet and quotations are without material change. Old butter sells from 14 to 16c; and new at 18 to 20c. *Cheese*.—Receipts 1346 boxes; shipments 586 boxes. Market is quiet and price nominal at 11c. *Pork*.—Receipts 1121 brls; shipments 807 brls. Market quiet and tending downward, closing to-day for inspected new mess at \$21.25 to 21.50. *Lard* quiet at 15½ to 16½c according to package. *Tallow* 8c rendered.

SALT.—At an auction sale held during the week, Coarse was sold at 66 to 62c, but these prices were not satisfactory, private sales at 67½ to 70c. Fine is quiet at 80c; Factory filled \$1.30 to 1.50.

WOOL.—Business has not improved much, about the usual demand noted lately has been experienced, sales within our range of quotations. Pulled super 34 to 35c; unassorted 32 to 34c. A fair sale of greasy cape was made on p. t.

TORONTO MARKET.

TORONTO, June 2nd, 1875.

The past week has been one of the dulllest periods known in this market for some time. Trades in all lines has been inactive. Money became tight again last week which has not helped to improve matters, and unsettlement in grain outside, together with high rates of freight in Montreal, led to a heavy fall in the value of produce, with scarcely any buyers to be found even at the decline. Groceries and provisions have also been dull. The demand for manufactured and imported goods has fallen off and all trades complain of remittances being short. The prospects are certainly not very promising at present; but changes outside may produce an improvement.

BOOTS AND SHOES.—The movement has been confined to a sorting-up trade; but the enquiry for summer goods seems to be somewhat improving.

CATTLE.—*Beeves*—Receipts continue to be small and insufficient; so the greater part of the business doing is in still-fed, which are firmer at \$5.25 to 5.37; grass-fed first-class would also probably command the same prices. Second-class are tending upwards, and range from \$4.50 to 5. Third-class are scarce and firmer at \$4 to 4.25. *Sheep*—Have been more abundant, and as sheared have begun to offer, are likely soon to be plentiful. These sell at \$7 to 8 for first class, and \$5 to 6 for second-class, while the few third class offered go off at \$4 to 4.50. *Lambs*—The supply is still on the increase, but sell fairly well at generally unchanged prices. Picked still command \$4.75 to 5, but lots of first-class will not bring over \$4.50. Second-class range from \$3 to 3.75, and third-class from \$2 to 2.50. *Calves*—Are now plentiful, with probably as many as are wanted offering; still prices are fairly steady.

DRUGS.—Trade is rather quiet, and prices generally unchanged, the only alteration being a slight fall in extract of logwood. Pale seal oil and spirits of turpentine are also rather easier.

FLOUR AND MEAL.—*Flour*—Stocks in store on the 31st ult., 12,026 barrels against 21,383 on corresponding date of last year. The market has been exceedingly dull all week; scarcely any movement has occurred in spite of the fact that holders have offered to make concessions. There were sales on Thursday last of a small lot of extra at \$4.50, and of fancy at \$4.35 f.o.b., and on Friday of a small lot of fine at \$3.35 f.o.b. Since then no movement has been reported, although there were considerable quantities offering. The market yesterday closed dull with extra offered at \$4.35 to 4.40; fancy at \$4.25, and Spring extra at \$4.00, without finding buyers. *Oatmeal*.—Car-lots have been scarce and in demand at \$5.55 to 5.60, but no movement reported; small lots are firm at \$5.75 to 6.00. *Cornmeal*—Is firmer; small lots now bring \$4.00.

FREIGHTS.—Lake freights are very dull; very little is doing in grain and nothing in lumber. Rates are unchanged for schooners at 2c gold in Kingston, and 2c greenbacks to Oswego, and for propellers at 6c gold to Montreal. The Royal Mail line takes flour to Montreal at 20c. Grand Trunk rates on flour are unchanged at 25c to Montreal; but have been reduced to 60c to St. John, 65c to Halifax and 60c to Boston. Through rates to England via Allan Line stand at 58 per brl. for flour and 108 per quarter for grain, exclusive of baggage.

GRAIN.—Stocks in store on the 31st ult.:—Wheat 226,612 bush; oats 35,525 bush; barley 3,549 bush; peas 7,731 bush; rye 100 bush; corn 4,635 bush; against 287,296 bush of wheat; 14,881 bush of oats; 478 bush of barley; 36,681 bush of peas; nil bush of rye and nil bush of corn on the corresponding date of last year.

Wheat.—The market has been almost demoralized since Saturday. In the latter part of last week prices were declining, but sales of spring could be made, and were made at 95c f.o.c. for June delivery in one case, and 95c f.o.b. in another. But since then no movement has been reported. On Monday nothing over 90c. was offered for spring; but yesterday the feeling improved, and buyers could have been found at 93c. for spring, with holders unwilling to sell. Fall, however, was still neglected. Street prices have declined to 93 to 96c. for fall; 90 to 93c. for treadwell, and 90 for spring. *Oats*.—Have been fairly abundant and rather slow of sale, at declining prices. Cars on the track sold at 53c. on Thursday and Friday, at 52c.; on Saturday at 51c., on Monday, and at 50c. on Tuesday. Yesterday the market was unchanged; one car sold at 50c. on the track, with more offering at the same price. Street prices 50 to 52c. *Barley* has been purely nominal all week; there was none either offered nor wanted, nor is it easy to say what price would be paid. On the street there has been none offered, but nothing over 60c. would be paid there. *Peas*.—The decline in England has rendered prices weak here; there was one lot of 12,000 bushels sold on Saturday at 90c., f. o. b.; but this would not be repeated; cargoes would not be likely to bring over 87c. to 88c. nor cars over 85c., were they offering, which they are not. Street prices have declined to 80c. *Rye*—Is worth 70c. on the street, but there is none offering.

GROCERIES.—*Coffee*.—The only movement reported is the sale of a lot of Rio at 21½c.; small lots are very quiet and prices unchanged. *Fish*.—There is a little salmon occasionally sold at \$15.50 to \$16 and cod at \$5 to 5.25, but nothing at all is doing in other goods, and very little in these. *Fruit*—has been rather quiet since our last and prices generally unchanged. Layers are quiet and easy at \$2.60 to 2.65. In Valencias there was a sale of a lot of 1000 boxes at 8½c, but lots of 100 and under are held firmly at 8½ to 8¾c. Sultanias have sold to a small extent at 14 to 14½c, but they seem to be tending upwards. Seedless have been moved at 10c. Currants have continued scarce, firm and in demand at 6 to 6½c for lots. Prunes are quiet and unchanged at 7½ to 8c. Nuts are generally unaltered at 10½c for filberts; 15c for almonds; 8 to 8½c for walnuts, and 9½c for Brazil nuts. *Liquors*.—There has been very little movement in any sort, and prices of all are steady but unchanged. *Rice*.—Has been quiet, no movement is reported in lots which are held at \$4.15 to 4.20; small parcels are selling at \$4.30 to 4.40. *Sugar*.—A fair amount of business has been done but at easier prices in most cases. Raws are scarce and wanted, no sales reported. English refined has been active, considerable quantities have changed hands at 7½ to 8½c according to quantity and quality. New York refined has sold to a small extent at 7½ to 8c. Redpath's has been active, several lots have changed hands at from 8½ to 8¾c, and 8¾c may be taken as the top price. Dry crushed and ground have been moving very freely, but at a slight decline; several hundred barrels have sold at 8½ to 9c for granulated and 9½c for dry crushed. *Tea*.—There has been some movement during the week, but at rather lower prices. One line of good Young Hyson sold at 62½c, and some lots at about the same; thirds changed hands at 33c and 35c and equal to 31½c here, and seconds at 37½c; two lines of Gunpowder sold at 37½c, and one of Pong Suey at 35c. There were also three chops, comprising about 1500 packages sold on New York account on p. t. Japans have been quiet, one line of seconds sold at 41½c. Blacks have moved to a small extent; one line of fine Congou sold at 67c, and another of low-grade at 34c. *Tabacco*.—The market continues quiet and prices seem to be unsettled. There was a lot of 175 boxes of low-
