MISCELLANEOUS.

The banking system of the world dates from the establishment of the Bank of England, about one hundred and seventy-five years ago.

True Merit Appreciated.—Brown's Bronchial Troches are world renowned as a simple yet effective remedy for Coughs and Throat Troubles.

In a letter from Hon. Mrs. Pery, Castle Grey, Limerick, Ireland, they are thus referred to:—

"Having brought your 'Bronchial Troches' with me when I came to reside here I found that, after I had given them away to those I considered required them, the poor people will walk for miles to get a few."

A bulletin of the Geological Survey shows the product of minerals and mineral substances in Canada last year to have been \$19,500,000.

A Distressing Situation.—What a dreadful thing it is to wake up in the middle of the night suffering from cholera—the nearest doctor a mile away, and no one to send for him. Imagine a more distressing domestic situation, if you can; and yet cases of this kind are very common. The trouble, however, would never have become serious if the man of the house had a bottle of Perry Davis' Pain Killer at hand, for it is a remedy that never fails to cure cholera, cramps, diarrhoea, or dysentery. All druggists keep it. 25c. each for large New size.

The railways in Japan are, at present, all of the narrow-gauge kind. For some time it has been under consideration to convert all the main lines to a broader gauge system, and the Railway Council has recently entrusted to a committee the investigation of the cost of carrying out the work, and the advantages or disadvantages of the change.

THE ADVERTISING

Of Hood's Sarsaparilla is always within the bounds of reason, because it is true; it always appeals to the sober, common sense of thinking people because it is true; and it is always fully substantiated by endorsements, which, in the financial world, would be accepted without a moment's hesitation.

For a general family cathartic, we confidently recommend Hood's Pills.

An amendment to the bill for better regulation of coal mines and collieries, has been carried in the New South Wales Legislative Assembly, limiting the working day to eight hours.

TARIFF REFORM.

Tariff Reform is in the air. The praises of B. B. B. are also heard everywhere. No other medicine cures all diseases of the stomach, liver, bowels, and blood so rapidly and so surely as Burdock Blood Bitters.

A bronze statue of the great sculptor, Thorwaldsen, is to be given by the Danish citizens of New York and Brooklyn to the former city, and will be placed in Central Park. It is a copy of the marble statue executed by Thorwaldsen himself, and represents him as the sculptor at work, in his blouse, mallet and chisel in hand. The World's Fair will have the statue first.

The fortunate find of a freely flowing mineral spring of one of the most delicious mineral waters yet discovered, and found at our very doors, is arousing unusual interest. Islington will yet be famous as the source of supply of the successful rival of the famous Apollinaris water. O'beo is the name of the new water. Competent physicians and chemists are sounding its eulogies, and to the general public it is proving itself to be a cool, refreshing and most healthful beverage. Messrs. Hooper & Co. have it on draught.

Minard's Liniment is the best.

WONDER IN WELLAND!

A Representative Farmer Speaks.

MR. C. C. HAUN.

The following remarkable facts are fully certified to as being undeniably correct in every particular. Mr. Haun is well known in the vicinity, having resided here over fifty years, and is highly respected as a man of the strictest honor, whose word is as good as his bond.

As will be seen from his letter, four physicians had attended him, and it was only after he had given up hope of cure that he decided to try Burdock Blood Bitters on the recommendation of a neighbor who had been cured of a similar disease by its use. Mr. Haun writes as follows:

DEAR SIRS,—I think I have been one of the worst sufferers you have yet heard of, having been six years in the hands of four of our best doctors without obtaining permanent relief, but continually growing worse, until almost beyond hope of recovery, I tried your Bitters and got relief in a few days. Every organ of my body was deranged, the liver enlarged, hardened and torpid, the heart and digestive organs seriously deranged, a large abscess in my back, followed by paralysis of the right leg, in fact the lower half of my body was entirely useless. After using Burdock Blood Bitters for a few days the abscess burst, discharging fully five quarts of pus in two hours. I felt as if I had received a shock from a powerful battery. My recovery after this was steady and the permanent, seeing that for the four years since I have had as good health as ever I had. I still take an occasional bottle, and that I need it but because I wish to keep my system in perfect working order. I can think of no more remarkable cure than what I have myself passed through, and no words can express my thankfulness for such perfect recovery.

C. C. HAUN,
Welland, P.O.

In this connection the following letter from T. Cumines, Esq., a leading druggist of Welland, Ont., speaks for itself: Me-srs. T. Milburn & Co., Toronto.

GENTLEMEN,—I have been personally acquainted with Mr. C. C. Haun for the last 20 years, and have always found him a very reliable man. You may place the utmost confidence in anything he says with regard to your medicine. He has on many occasions within the last four years told me that it was marvellous the way the Burdock Blood Bitters had cured him, and that he now felt as able to do a day's work as he ever felt in his life. Although quite well he still takes some B. B. B. occasionally, as he says, to keep him in perfect health.

Yours truly,
THOMAS CUMINES,
Welland, Ont.

Minard's Liniment is the Hair Restorer.
