Motion agreed to and debate adjourned.

IMMIGRATION**DEPORTATION ORDER AGAINST MR. AND
MRS. HENRI ZORIN**

Hon. W. E. Harris (Minister of Citizenship and Immigration): I wonder whether I might have the consent of the house, Mr. Speaker, to revert to orders of the day to answer a question asked this afternoon by the hon. member for Dufferin-Simcoe (Mr. Rowe)?

Mr. Speaker: Has the minister the consent of the house to revert to that period?

Some hon. Members: Agreed.

Mr. Harris: He inquired about a gentleman by the name of Henri Zorin, who was under order of deportation in Montreal. I find I dealt with the appeal on December 15, and

dismissed it. In the meantime, however, this gentleman has taken proceedings in the courts of Quebec in order to delay the operation of the deportation order. I feel, therefore, I should not make any statement about it.

BUSINESS OF THE HOUSE

Mr. Harris moved the adjournment of the house.

He said: As I shall not be here tomorrow evening, I should like to announce the business for the week following our return after the recess. We shall begin on Monday with a motion to go into supply, and when it is carried will call four departments. We shall then resume this debate, but on Thursday and Friday will take the estimates of public works and northern affairs.

Motion agreed to and the house adjourned at 9.58 p.m.
