bib, It has been already proved, that France has, by the expreis Words of the faid T reaty, fully and absolutely acknowledged the Iroquois to be the Subjects of Great-Britain. It would not have been so difficult as is pretended in the Memorial, to agree upon the Subjection of the other Indians, if among so many Commissions as have been issued to regulate this Point, there had been a mutual Disposition to come to a Conclusion. The Acts of these Commissions have sufficiently discovered the true Reasons which have obstructed the Execution of the 15th Article of the Treaty of Utreebt, without having Recourse to such an imaginary Supposition, as, that the Treaty was not capable of being executed; a Supposition, which is manifestly destroyed by the Treaty itself with Respect to the Iroquois Nations.

ARTICLE III.

Concerning the Course and Territory of Obio.

Otwithstanding all that is advanced upon this Article, the Court of Great-Britain cannot admit that France has the least Title to the River Obio, and the Territory in Question; even that of Possession neither can not ought to be alledged on this Point, since France cannot pretend to have had any before the Treaty of Aix-la-Chapelle, nor since, unless it be that some Forts unjustly exected in the last Place, upon Lands which evidently belong to the Five-Nations*, or which they have transferred to the Crown of Great-Britain, or its Subjects, which may be proved from Treaties*, and the most authentic Ass.

The Title which France feems most to insist upon, is the Use made of this for Communication between Canada and Louisiana; but, in Fact, they have never made any Use of it, unless it was occasionally or secretly, and, as

require, nay, with which they are offended? Or may we not ask England, why do not you abandon the Iroqueir, who have already abandoned you? Must the Blood of M. Braddock be spilt in the Service of such Friends? Certain it is that the Indians themselves do not look upon the friendly Zeal of the English as diffinterested.

The English all along plead nothing but the Interest and Right of the Five-Nations. I England, perhaps, will publish these Treaties a fig.
