

ignorant of the fact that its members condemn all connexion with the government, and for that reason some years ago withdrew from the dissenting body with which they were associated, in consequence of the public allowance made to its ministers? Such are the weapons used to assail my reputation, and to convince Her Majesty's Ministers that I imposed on them statements so inaccurate that it was "painful" for you to "detect!" What reparation, I ask, can you make to me for the injury you have done not only to my feelings, but also to my character with the members of the Episcopal church scattered all over the Province, who read "the Church," and who may never have an opportunity of seeing my defence? for I scarcely hope that my vindication will ever appear in that journal which has been the means of spreading unfounded statements so injurious to my good name.

After investigating the very extraordinary circumstance which I have just detailed, I naturally turned my attention to other parts of the table, in order to discover if all the grants stated by you, to have been made for congregations in connexion with the church of Scotland were in reality so, for some of them I felt convinced were in parts of the country where the church of Scotland never had a congregation. The following is the result of my search, or rather the search of the clerk of the council.

See your pamphlet, p. p. 24 and 25.
