The first game was all Jarvis owing to the good shooting of Clarke and White, who scored 12 and 11 baskets respectively.
Nesbitt and Verney Bros. were the best for College. Jarvis could have scored considerably more, but were content. The next was Dovercourt A and B, and a great surprise was handed out when B won by 1 point. There was not a

weak spot on the B team. Every man started, but more particularly Red and Bob Mackie. These two are among the best in the league, and it will take some tail hugging for any other team to beat them. Hamm and Parkes were A's best, but were checked very closely. Then Indian Road handed out what will probably be the greatest surprise of the whole season when they took the first Beve into camp 40 to 35. The checking of Kennedy and Lee was largely responsible for keeping Beverley's score down. McCutcheon and Chadwick scored on very clever combination work. Then every few moments Gray would journey up and help his forwards out by scoring. He played a grand game for his first year in big company. Tresidder, Marshall and Ruddy played their usual strong game, but were checked so closely that they could not shoot with ease at all. Mr. Maloan referred to the entire action of all and kept the games exceedingly clean.

Art Allan, who has shown up within the past year or so to be one of Ontario's foremost fancy divers, will give an exhibition in the Broadway tank on Feb. 27 as one of the features of a large program.

NEW YORK, Feb. 10.—The rules committee of the National Trotting Association made little progress today towards an agreement on certain of the more important changes suggested at the joint meeting of the National and American Trotting Associations, held in Chicago two months ago. The committee had no time to discuss the changes, which will be ready for action by the biennial congress of the association, which will go into session here tomorrow.
W. H. Gocher, secretary of the association, today intimated that discussion of the changes by the committee had not led to their definite acceptance. It is understood that the rules likely to be modified are as much as four seconds in case a starter failed three times to win part of the purse. It is understood that a rule against penalizing heat winners, which are non-winners of a race, is much in favor, the record of the failure to win will be allowed in the breeders' books.
Performance against time, in what is commonly known as "tin cup" records, will not be considered a bar to races, it is said.
