Teronto Motorist Had Close Two Thousand Gather on the Call on Bridge Near Unionville

Running without a headlight about a o'olock last night, a driver whose num-ber could not be ascertained narrowly escaped overturning a large touring car driven by a Mr. Reddick of Toronto, when the two cars met on the Galloway bridge, just south of Unionville, on the 6th Con. of Markham. The northbound car had just cleared the bridge, running at a high rate, without lights; when Red-dick's car appeared. In order to avoid a collision the latter turned abruptly to the number of about 2000, picnicked yes-terday on the banks of the Humber dick's car appeared. In order to avoid a collision the latter turned abruptly to the west, breaking off the guard rails and leaving the car practically on the verge of an eight-foot embankment. Promis-ing to return, the first driver, after go-ing about forty rods, scopped and lit his lights, after which he drove off with-out revealing his identity. The south-bound car was not injured and proceed-ed to the city.
