tical action has been limited to communications severely consuring the culprits. His Majesty has also ordered that in future sporting contests officers ride none but their own or their comrades horses, and has forbiddes the racing of horses under false names. Conversations in public places have disclosed a strong class sentiment of irritation against the criticisms of civilians and of profound confidence that the Emperor will deal gently with the implicated officers.

Although the elections for members of the Landtag have not materially altered the

Landtag have not materially altered the relative strength of the political parties in that body, the Conservatives, winning nineteen seats, hold the advantage. The Agrarians also return a stronger delegation Agrarians also return a stronger designation than they had at the last session. The House contains a large representation of the official element, forty seven of the members, all of whom belong to the Conservative party, holding Government appointments. The Freisinning

The town was also visited last Saturday night by three villainous looking tramps, who slept in an empty box car standing on the side track, and Sunday morning visited as men.

The correspondent of The Outlook, who has been traveling through the country writing admirable articles on habited at the time only by a woman and two small children, but seeing three or four people in Wyoming who there a "society girl."
