Rheumatism for Several Years—Now as well as Ever

647 Main St., St. John, N. B., Nov. 27, 1908.
Father Morriscy Medicine Co., Ltd.

I am writing to tell you I have been a victim of Rheumatism for several years, and have been treated by several doctors without finding any permanent relief until I got Father Morriscy's medicine. It has cured me so I am able to do my work and find I am as well as ever in my life.

Yours truly,
JOHN CRAWFORD.

Rheumatism cannot exist when the kidneys are in perfect working order for then they take out of the blood all the Uric Acid, which alone causes the Rheumatism.

Father Morriscy's "No. 7" Tablets

act directly on the kidneys, toning them up and helping them to clear the blood of the Uric Acid. If the Rheumatism is of long standing it may take some time to clear out all the poison, but almost from the first "No. 7" Tablets relieve the pain, and if used faithfully they rarely fail to cure.

Even if other remedies have done you no good, do not give up till you have tried Father Morriscy's "No. 7" Tablets.

MAY NOT ENQUIRE INTO MOTIVE OF LEGISLATION

Russian Council of the Empire Sustains Contention of Premier Stolypin.

ST. PETERSBURG, April 14.—The council of the empire to-day heard Premier Stolypin's explanations with regard to the interpretation attacking the government, which the council adopted in solemn session April 8, following a discussion devoted to criticism of the government's action in promulgating the Zemstvo bill by imperial prerogative during an artificially created recess of the council of the empire.

Keen interest was displayed in the diplomatic and the grand ducal boxes as the prime minister in a forty minute speech denied the right of the executive bodies to examine into the nature of the extraordinary circumstances which were the motive for the passage of legislation by imperial prerogative, in accordance with paragraph 87 of the fundamental laws of the empire.

The determination of such circumstances, M. Stolypin declared, was subject to the sole competence of the monarch, based on the representations of the cabinet. The government contends that extraordinary circumstances may precede dissolution or adjournment of the two legislative chambers, which is an indisputable prerogative of the crown, the premier continued, and the government maintains that the interpretation placed on paragraph 87 of the fundamental laws by the council of the empire is wrong and unacceptable.

Returning to the circumstances obliging the government to resort to paragraph 87 when imperial legislative measures were threatened, M. Stolypin said that the rejection of the Zemstvo bill by the council of the empire meant the wrecking of the Russian national policy.

After Premier Stolypin had concluded his speech, an order of the day declaring that the essence of the interpellation had been satisfied by the prime minister's explanations was passed by a vote of 9 to 83. The vote just failed of a two-thirds majority, which would have imposed submission of the matter to his majesty.

Count Olsufief in closing the debate, which was facilitated in dramatic features, declared that it was useless to enact laws if the ministers played cards with them.

A CITY IN THE LIME-LIGHT.

Calgary, Metropolis of Sunny Southern Alberta, Has Revenue of \$880,000 This Year and Tax Rate of Only 13 Mills.

CALGARY, April 14.—(Special)—The civic estimates for the present year, as now compiled, show a total revenue of about \$880,000. The assessment of the city is \$55,000,000. The general tax rate is 13 mills. This is a low levy for a fast-growing city of 55,000, and will prove an assurance to property-holders against the drag and vexation of "high taxes."

This \$880,000 is, of course, entirely municipal income, and embraces the revenue from public utilities, which the corporation owns and administers—the street railway, the waterworks and the electric railway, and power service, and which are all good earning investments. In truth, public ownership in Calgary has proved a success, and the success that the city is held up as an example of municipal enterprise and progressiveness all over the continent.

The city is also noted for its material, intellectual and aesthetic, which mark the modern city of a young metropolis of Alberta takes no second place.

But city expenditure is very far from being repressed in the \$880,000 of current revenue. Ordinary building operations for 1911 are conservatively estimated to reach \$12,000,000. The Canadian Pacific Railway will spend \$5,000,000, including \$1,000,000 for a palatial hotel. The Canadian Northern's outlay will be immense as will also be that of the Grand Trunk Pacific. Three roads contemplate numerous branch lines radiating from Calgary.

It is generally believed that the C. P. R. western car shops will be located at Calgary. The big store of the Hudson Bay Company will cost \$1,500,000. New warehouses and industrial plants are in contemplation. Everywhere, in short, are signs of expansion, apart from any list of expenditures that may be formally enumerated. And, to cap it all, there will be spent by the city, on street railway, waterworks, sewers, pavements, parks, and public buildings an amount estimated by Mayor Mitchell at \$3,000,000.

"These activities," adds his worship, "may seem extraordinary, almost incredible. But don't you think what they mean. And remember that the young city of Calgary is only at the outset of its marvellous career!"

Funeral of Major-General Wilson at Montreal.

MONTREAL, April 14.—The funeral of the late Major-Gen. Wilson took place at noon to-day. There was no funeral service, it having been the expressed wish of the deceased that he should be buried at Quebec, at which city he was in command for so many years. The body was escorted from his late residence on Crescent-street to the Place Viger Station by 150 men

of the Second Montreal Heavy Brigade Canadian Garrison Artillery, under command of Major Lacey R. Johnson, the body being carried on a gun carriage. A large number of officers of the Montreal Garrison were also in attendance. The funeral service will be held in All Saints' Church, Quebec, to-morrow.

Auto Racer Killed.
KANSAS CITY, Mo., April 14.—Ned Crane, driving a Buick racing car in a practice test at Elm Ridge track here this afternoon preparatory to an attempt to-morrow to establish new records, was instantly killed when his

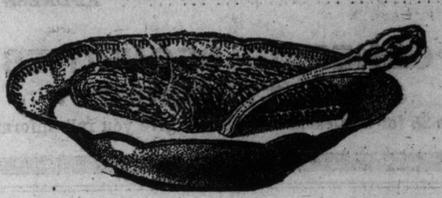

machine threw two fires and turned over. An employe of the Buick factory riding with Crane was dangerously injured.

British Welcomes League.
Sunday is the last serviceto be held at the present premises of the British Welcome League, owing to the removal to other headquarters at the corner of Spadina-avenue and Front-street. The lieutenant-governor has kindly promised to preside on this occasion, and the Rev. J. A. Macdonald, D.D., LL.D., will give the address.

A UNIQUE PROCESSION.

LONDON, April 14.—A procession of the members of the Church of England, consisting of 300 clergymen, 300 laymen and 700 choirmen-to-day paraded from Trafalgar Square to St. Paul's Cathedral in the presence of immense crowds. It was the first ceremony of the sort ever held in London. The Bishop of London and several other bishops headed the procession. "There is a green hill far away" and "Jesus, Lover of My Soul" were sung at a service held in St. Paul's Cathedral, following which exercises appropriate to the coronation year were conducted.

A Hot Dish for a Cold Day

It is not easy to warm a poorly nourished body. Heat and strength do not come from overcoats or flannels. Bodily warmth and vigor come from foods that are rich in blood-making, tissue-building material. Fuel for the human engine should be free from "clinkers." You can't "get up steam" in winter on impoverished foods.

SHREDDED WHEAT BISCUIT

is all fuel-food—no waste, no indigestible material to clog the system and tax the vitality. Shredded Wheat is made of perfect whole grains of wheat steam-cooked, shredded and baked. Two Shredded Wheat Biscuits, heated in the oven and served with hot milk and a little cream, for breakfast, will supply all the heat and strength needed for a half day's work. Not "pre-digested," but "ready-to-digest"—not compounded, flavored or "treated" with anything—just plain, whole wheat, steam-cooked, shredded and baked a crisp, golden brown. Being made in biscuit form it also makes delicious combinations with baked apples, stewed prunes or other fruits, fresh or preserved. Your grocer sells it.

TRISCUIT is the Shredded Wheat wafer—a crisp, tasty, nourishing whole wheat Toast, delicious for any meal with butter, cheese or marmalades. Always toast it in the oven before serving.
