#### **Bad Stomach Makes** Bad Blood.

You can not make sweet butter in a You can not make sweet butter in a foul, unclean 'n. The stomach serves as a churn i h to agitate, work up and disintegrate 'r food as it is being digested. If it b weak, sluggish and foul the result will be torpid, sluggish liver and bad, impure blood. The ingredients of Dr. Pierce's Golden Medical Discourty are just such as best digested.

Medical Discovery are just such as best serve to correct and cure all such deserve to correct and cure all such de-rangements. It is made up without a drop of alcohol in its composition; chem-ically pure, triple-refined glycerine being used instead of the commonly employed alcohol. Now this glycerine is of itself a valuable medicine, instead of a deleteri-ous agent like alcohol, especially in the cure of weak stomach, dyspepsia and the various forms of indigestion. Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says of it:

Ellingwood, M. D., of Bennett Medical College, Chicago, says of it: "In dyspepsia it serves an excellent pur-pose. \* \* It is one of the best manufact-ured products of the present time in its action upon enfeebled, disordered stomachs; especially if there is ulceration or catarrhal gastritis (catarrhal inflammation of stomach), it is a most efficient preparation. Glycerine will relieve many cases of pyrosis (heartburn) and excessive gastric acidity. It is useful in chronic intestinal dyspepsia, especially the flatulent variety, and in certain forms of chronic constipation, stimulating the secre-tory and excertory functions of the intestinal glands."
