FARMERS AND LABOR TO UNITE FOR ELECTIONS

Conference Held Between United Farmers and Independent Labor Party.

PRESS WERE EXCLUDED

Executives Have Had Matter Under Consideration For Nine Months.

SARNIA, July 18.—There was a large attendance of delegates from the West Lambton U. F. O. at a joint meeting of the United Farmers and the Independent Labor party of the city, held here on Saturday for the purpose of deciding whether the two parties shall unite forces in the expected Federal elections as they did in the recent provincial election.

The meeting was held in camera, all representatives of the press being excluded, but it is understood from intimations received on good authority that the meeting decided to unite forces in the Dominion elections. The executive of the two organizations have been in conference on the matter on several occasions during the past nine months.

LABOR SCORES KIDNAPPING OF O.B.U. ORGANIZER

Winnipeg Defence Meeting Condemns Police Interference.

WINNIPEG, July 18.—The "kidnapping" of W. Christophers, One Big Union organizer, who three weeks ago was conveyed in an automobile from Beinfait, Sask., to the United States, side of the border and told not to return on pain of being tarred and feathered, was condemned by a mass meeting here this afternoon under the auspices of the Winnipeg Labor Defence Committee.

The meeting passed a resolution condemning the "whole business of the police interfering with the workers' activities and refusing to do their duty in protecting the workers against the tricks of the capitalists."

A special committee was formed to "secure justice for the workers in the Bienfait district." A business agent of the One Big Union reported that in Bienfait, Taylortown and other villages in this district he had been shadowed by mounted and provincial police. He had been forced to hold meetings in the bush. He asserted things had come to a terrible pass when that was the state of affairs in a Canadian district.

F. J. Dixon, M. L. A., was chairman of the meeting.

RAILWAY OFFICIALS PLAN TO TRANSPORT 30,000 TO THE WEST

Manitoba Harvest Will Start Before August 20 Is Expectation.

OTTAWA, July 18.—(By the Canadian Press.)—At an important conference between representatives of the passenger departments of the Canadian National and Canadian Pacific Railways and the minister and officials of the department of labor, the question of recruiting and transportation of labor for the western harvest was discussed.

About 40,000 harvesters will be needed and an effort is to be made to recruit 30,000 in the east. It is thought that probably 5,000 harvester hands will be secured in British Columbia, most of whom will be placed in the province of Alberta. It is probable that the first excursion from the east will reach Winnipeg August 10. The Manitoba harvest will start prior to that date, according to the present indications, but the employment service plans to recruit a sufficient number of workers from the local labor supply to meet the demand until the first quota of workers from the east arrives.

CROP PROSPECTS GOOD.

CALGARY, July 18.—The Calgary Herald describing crop conditions existing today says in part:

Correspondents in a large number of centres in Alberta all point to continued satisfactory crop prospects.

Many of the correspondents state that in places where the ground is of a sandy nature there is ample moisture to carry the crops to harvest.

One of the most satisfactory features during the last week has been the absence of any appreciable amount of damage from other causes.

One of the largest hay crops ever raised in the province is now assured. There will be an enormous quantity of green feed.

There is not at the present any dearth of labor, but there is a prospect of a shortage at harvest time.

SOVIET AGENT IS BARRED BY ENGLAND

LONDON, July 18.—Santeri Nuorteva, who recently arrived in England as the emissary of L. C. A. K. Martens, Russian Bolshevik representative in the United States, has been ordered deported according to the Evening Standard, and is now en route to Russia.

APROL
For Salads; Good But Not Cheap.

Bon-Opto
SHARPENS VISION
It's a system of treating the eyes at home; is practiced daily by hundreds of thousands of people with great satisfaction. The Bon-Opto system quickly relieves inflammation of the eyes and lids. It cleanses, soothes, and rests tired, dusty, work-strained eyes and is a help to better eyesight. Ask your druggist. He knows. He will refund your money without question, if you are dissatisfied. There is no other home eye treatment like Bon-Opto.

Prince Joachim.

YOUNGEST SON OF EX-GERMAN KAISER COMMITS SUICIDE

Prince Joachim Kills Himself Because of Financial Troubles.

BERLIN, July 19.—(By Associated Press.)—Prince Joachim of Hohenzollern, youngest son of former Emperor William, committed suicide today in Potsdam.

Joachim is believed to have been in financial straits. He recently was divorced.

BERLIN, July 18.—Later advices say Prince Joachim shot himself Saturday in his residence, the villa Leignitz, Potsdam. He was removed to St. Joseph's Hospital, where he died a few hours later.

Joachim recently had been suffering from great mental depression.

The only member of the former imperial family now in Potsdam is Eitel Frederick, the former emperor's second son.

Prince Joachim was born on December 17, 1890, in Berlin. He served during the late war on both the western and eastern fronts. During the first year of the war he was wounded in the fighting in France. When he recovered he was transferred to the Russian front, where he had several narrow escapes from capture and afterwards suffered a serious illness.

After the defeat of the Germans there were rumors that Emperor William would abdicate in favor of Joachim.

The prince was married in 1916 to Princess Marie Augustine of Anhalt, who then was just 17 years old. A dispatch from Paris early in the present year said Joachim had brought a suit for divorce.

NOVA SCOTIA HAS WOMEN CANDIDATES FOR THE FIRST TIME

Only Two Days Before Nominations—Acclamation For Murray Likely.

HALIFAX, N.S., July 18.—With only two worikng days left before nominations for the Provincial Legislature four parties are today endeavoring to get all their forces in shape for the contest.

For the first time in the history of the Nova Scotia Legislature two women are running, Mrs. J. Donaldson on the labor ticket, in Pictou county, and Mrs. W. Rogers on the Conservative ticket in Cumberland.

Of the eighteen voting districts in the province of Nova Scotia three will probably be uncontested. Gusboro, Yarmouth and Victoria, Premier Murray's constituency probably electing representatives by acclamation. Ninety-six nominations have been made for the 42 seats to date.

Premier Murray, in addition to representing Victoria, in contesting Richmond.

Summarized, in seventeen counties the Liberal party has made nominations; the Conservative party in fourteen, and the Farmers' party in nine and the Labor party in four counties.

SPECIAL PATROL OF RIVER FRONT ORDERED

Unlighted Small Craft Menace To Traffic, Declares Customs Officer.

WINDSOR, July 18.—A spe[illegible]rol of the riverfront on the Can[illegible]e of the Detroit River has bee[illegible]dered by A. T. Montreuil, collector of customs for the ports of Windsor and Walkerville, following reports to that office that scores of American launches are operating off the Canadian shore without lights, and landing without permission on the Canadian shore.

The crafts, which are alleged to be disregarding the customs regulations, are thought to be engaged in rum-running. Mr. Montreuil, in taking action to stop this proceeding, characterized the small boats and launches so operating as a serious menace to traffic on the river, and declared the licenses of such boats should be promptly taken away. The failure to comply with the act in this respect is a fine of $500 or confiscation of the boat, or both.

Strict vigilance is also being maintained by the Canadian Northwest Mounted Police to aid in the chase of law-evading vessels.

RANEY NOT SEEKING TILT WITH SIR ADAM

TORONTO, July 17.—Attorney-General Raney would make no reply today to Sir Adam Beck's statement, issued last night, in which the hydro knight contradicted Mr. Raney's assertion that the bonds for the Toronto-to-Port Credit hydro line had not been authorized. Mr. Raney said he would enter no controversy with Sir Adam.

EXCESS RESERVE SHOWS SUBSTANTIAL INCREASE

NEW YORK, July 17.—The actual condition of clearing-house banks and trust companies in the United States for the week ending today, shows that they hold $29,236,130 reserve in excess of legal requirements. This is an increase of $19,218,330 from last week.

COX AND WILSON IN HARMONY ON LEAGUE ISSUE

Unity in Party's Cause Is Voiced in Conference Statement.

WASHINGTON, July 18.—(Associated Press.)—Complete agreement on the League of Nations question, and unity in their party's cause was declared today by President Wilson and Governor James M. Cox of Ohio, Democratic presidential candidate, after a conference at the White House.

Meeting for the first time since the San Francisco convention, the president and the governor, together with Franklin D. Roosevelt, the vice-presidential nominee, spent an hour on the south portico of the executive mansion discussing the league and other campaign issues. All three afterward issued statements voicing solidarity of purpose.

SIMCOE MAN MUST REFUND PRICE FOR FARM, SAYS COURT

Calder Sold 200 Acres To Englishman At Big Profit.

TORONTO, July 18.—John A. Calder of Simcoe, Ont., sold a 200-acre farm in Clarke Township, Durham County, Ont., to Francis Kennedy, a recent arrival from England, for $14,500, of which $10,000 was paid in cash. A few days previously, Calder, according to evidence given in the case, which found its way into court at Osgoode Hall, had bought the farm for $9,225, of which $2,225 was in cash, and the remainder covered by mortgage.

Mr. Justice Lennox found that there had been false representations in connection with the sale, and made an order rescinding the deal and enjoining Calder to return to Kennedy the $10,000 cash paid by the latter, and pay interest on the money from the date of the deal in April last.

In giving judgment, Mr. Justice Lennox said: "It is only one of the many instances of the easy acquisition of British money by the adroit action of a person who ought to have some sympathy with a man who comes to Canada to confront new conditions, as in this case."

TORONTO CHILD LAYS CHARGE OF CRUELTY AGAINST HER UNCLE

Says He Whipped and Kicked Her and Handcuffed Her in Cellar.

TORONTO, July 18.—Alice Budd, eight-year-old girl, charges her uncle, William Farr, 27 years old, a returned soldier, with having whipped and kicked her and fastened her by the ankles with a pair of army handcuffs to the staircase in the cellar of his home on Saturday morning while he and his wife went away for the day on a pleasure trip.

The child says that dry bread and a cup of water were left on the cellar steps for her. She was thus ill-treated, she says, because early in the morning she had asked for something to eat. She managed to free herself and was taken charge of by a neighbor.

Farr was arrested Saturday night on a charge of cruelty.

STRIKE OF MARINE WORKERS CONTINUES

HALIFAX, N.S., July 18.—All hope of an early settlement of the marine workers' strike was shattered late on Saturday afternoon, when it was announced at the strike committee's headquarters that the management of the shipyards declined to recognize the union and also reserved the right to discrimination against some of the former employees of the yards.

WINGHAM

WINGHAM, July 18.—Grain and hay crops in this district excel any grown for some years past. The fruit trees also are well loaded, the early apples being especially heavy in quantity. Wheat cutting will be in practically full swing next week. Some of the hay which was cut before the rainy weather set in will, it is feared, be a complete loss, but the farmers are looking forward to a second crop which will fully make up for the loss. The first cutting of alfalfa and clover has is reported as exceptionally good.

The Hunter Bridge Company of Kincardine have been given the contract for the new bridge and dam to be erected to replace those washed away early in the year.

Messrs. Blackhill and Fry have taken over the Benny Mill and Door factory. They will add upholstery and other work to the output of the factory.

FINDS WESTERN WIFE.

WINNIPEG, July 17.—A "hunch" that there existed in Western Canada the panacea for his lonesomeness led Arthur Mull, Saginaw, Mich., to Winnipeg a month ago in search of a wife.

As a result of an ad. in the personal column of a local paper he met and married Constance Woods, a Winnipeg girl. She is an orphan, 21 years of age; he a widower of two months, 35 years old. Mull met his bride in the business office of the paper in the afternoon and married her at 7 p.m. the same day.

STARTS LONG VOYAGE.

VANCOUVER, July 17.—The power schooner Ruby, Captain Whitlam, has left here for a long voyage to the far north for a cargo that smacks of romance. Her destination is Herschel Island, in the Arctic Sea, and she carried six hundred tons of supplies for the mounted police post there and for the Hudson Bay trading post, in addition to the trade goods that will transfer many valuable furs from the businesslike Eskimo.

MEMORIAL FOR FISHER.

TORONTO, July 18.—Services in memory of Admiral Lord Fisher were held here today in St. Paul's Anglican Church, and in Avenue Road Presbyterian Church. Dr. H. J. Cody, preaching in St. Paul's Church, said that Lord Fisher was a man of ruthless efficiency and of simple piety. Dr. Cody said Fisher was probably a man of greater ability than Nelson was.

PRESS WAS EXCLUDED.

CHATHAM, July 18.—A meeting of the United Farmers of Kent County was held in the I. O. F. Auditorium yesterday afternoon to discuss the political situation. Representatives of the local press were denied admission to the conclave, but were told that a statement would be issued later on. Several attempts were made this afternoon to get in touch with George Esterbrook, of Merlin, who was secretary of the meeting, but they proved unavailing.

CARVELL TALKS COAL MOVEMENT AT WASHINGTON

Efforts To Avoid Transportation Delays—Conference Continues.

WASHINGTON, July 18.—Movement of a winter stock of United States coal to central Canada was considered here yesterday by members of the Board of Railway Commissioners of Canada and the United States Interstate Commerce Commission. No decision was reached at the conference, which will be resumed on Monday.

F. B. Carvell, chairman of the board of railway commissioners, and Commissioner McLean are here representing the Canadian side of the question. Discussion yesterday was understood to have centered about plans to prevent transportation delays and the advisability of giving priority in movement to coal shipments.

Prepayment of freight charges on goods shipped into Canada from the United States was also discussed. Because of the adverse exchange rate the Canadian representatives oppose payments in American money at the Canadian end of the haul, as is necessary on through rates. It is believed probable that an effort will be made to divide the through rate, so that the money will be accepted in each country for the portion of the haul made there.

MOVED, NOT BY HATE OF BRITISH, BUT LOVE OF IRELAND--MANNIX

Australian Bishop Given Reception At Madison Square Garden.

NEW YORK, July 18.—A crowd that filled Madison Square Garden to overflowing and required police reserves to handle, tonight took part in a reception tendered Archbishop Daniel Mannix of Melbourne, Australia. The churchman arrived here yesterday on his way to Rome, where he will be received by the Pope.

Prolonged cheering greeted the archbishop as he stepped upon the platform, accompanied by Archbishop Patrick J. Hayes, New York, and Eamon De Valera, president of the Irish Republic.

After a five-minute demonstration in his honor had subsided Archbishop Mannex said:

"Ireland is a small nation, but it has a very long arm. Evidently it reaches to New York and I can assure you that it reaches to Melbourne also.

"It has been delicately suggested that I may not be allowed to land on British soil. I have no intention of landing on British soil. I am going to land on the soil of the Irish Republic.

"You and I are not here because we are enemies of any nation. We are not here by reason of any hate that we bear the British people. We are here from love of Ireland. We are here because we believe in the principles so nobly enunciated by President Wilson and because we want to apply those principles to England and Ireland as well as to Germany and Belgium."

RECORD ACTIVITY IN MONTREAL SHIPPING

MONTREAL, July 18.—This week-end has seen a record activity in departures from the port of Montreal. Three liners, the Corsican, Saturnia and Canada cleared Saturday morning with nearly 3,000 passengers, while no fewer than seventeen freighters left the port between Saturday and Sunday nights for all parts of the world. In addition, the liner Melita and three freighters arrived in port.

BOARD IS WATCHING EXPORT OF SUGAR

OTTAWA, July 18.—(By Canadian Press).—Export of sugar from Canada to the United States is under close attention by the board of commerce, and according to a statement issued today, steps are in contemplation which, "without drastic interference with trade conditions, may be expected to reduce such transactions to a minimum."

HYDE PARK

HYDE PARK, July 17.—On Friday evening the members of the Hyde Park Tennis Club, numbering about thirty, gathered in the Presbyterian manse and surprised Rev. Mr. and Mrs. Gale by taking possession of their home for the purpose of spending a social evening with them, prior to their departure for their new home near Paris. After an impromptu program in which local talent gave the company a real treat with solos, duets and music, Mr. and Mrs. Gale were called forward and Miss Louisa Dumford read an address, while Miss Anna Ramsay on behalf of the members presented them with a handsome cut glass berry bowl. Mr. and Mrs. Gale replied, each speaking with deep feeling, and expressing regret in leaving this their first field of labor. Luncheon served by the ladies was thoroughly enjoyed.

ST. MARYS

ST. MARYS, July 17.—The past week has been a very trying one in haymaking. Many who had several acres cut, on account of the frequent rains, consider the hay not worth housing. They say good cured hay will command higher prices.

The board of works are macadamizing many leading streets of the town.

Local building contractors are erecting several buildings of the cottage and bungalow type.

RECLAMATION WORK.

EDMONTON, July 17.—Surveys of a large area of water-soaked country in different parts of central and northern Alberta are now beginning, with a view to undertaking extensive reclamation work.

Three survey parties have already been sent out to do field work. In Alberta and five parties will be at work in Saskatchewan. Among the areas to be investigated in these surveys will be Chip Lake, between Edson and Entwistle; Big Lake, near St. Elbert; Low Water Lake, south of Wabamun; Cygnet, west of Red Deer. These are classed as major schemes, and there are a number of small schemes as well. A total of forty projects in Alberta will be dealt with on the present program. The average area of the larger projects will be from 10,000 to 15,000 acres, and the cost per acre is estimated at from $5 to $20.

In Saskatchewan a tract of 1,000 square miles east of Prince Albert, between the Carrot and Saskatchewan rivers, will be surveyed this summer.

EFFORT TO CONSERVE HELIUM NOW GOING TO WASTE RAPIDLY

Industrial Research Council Makes Appropriation For Purpose.

TORONTO, July 18.—Conservation of helium, which is now going to waste at an estimated rate of one million feet a month, is hoped for by the honorary council of scientific and industrial research, in the research by Prof. J. C. McLellan of the University of Toronto, into the properties of helium to determine its uses in lamps, amplifying valves and high resistances.

In order that Prof. McLennan may carry on his research work, an appropriation of $5,000 has been made.

Helium gas, which is valued at 10c per cubic foot, is found chiefly in the Bow River gas field near Calgary. So far as in known, helium is not found in any other part of the British Empire. It has been found valuable for inflating heavier-than-air craft, and it is proposed to find other uses for it.

VESSEL MOVEMENTS.

MONTREAL, July 18.—Sailed—Saturnia, Glasgow; Canada, Liverpool; Corsican, Liverpool; Turcoman, Avonmouth; Suffolk, Australia and New Zealand; Canadian Rancher, Glasgow.

Arrived—Canadian Ranger, Liverpool; Kamarina, Havre; Melita, Liverpool.

ALBERTA FARMERS AGAINST REMOVAL OF WHEAT CONTROL

CALGARY, July 18.—The question of the Federal Government not controlling the 1920 wheat crop is rapidly becoming a very live matter with the United Farmers of Alberta. The executive of that organiaztion is now in session, and will fully discuss the situation. H. W. Wood, president of the United Farmers of Alberta, stated that a resolution would be adopted by the board which would be forwarded to the Government.

Mr. Wood was very emphatic in his opinion that farmers would not get the full value of their wheat on an open market. There would, he said, be a very large margin in price between producer and consumer.

Again, wheat cannot be handled so economically by open trading as by a centralized buying and selling agency.

SASKATCHEWAN PROTESTS.

REGINA, July 18. — Farmers of Saskatchewan, the leading wheat growing province of the Dominion, are up in arms over the removal of the Canada wheat control board, but as yet their protests have resulted in no further action than strong words. According to Hon. George Langley, the decision will be received with widespread disappointment an dissatisfaction in the West.

PREDICT GOOD CROPS IN NORTHERN DAKOTA, RESULT OF RAINS

For First Time in Five Years Outlook Is Bright.

Minot, N. D., July 18.—For the first time in five years indications point to good crops in Northwestern North Dakota, according to reports received here by bankers. Heavy rains of the past few weeks have given good impetus to growing grains, and crops are in excellent condition, the reports say.

Corn acreage in the northwestern part of the state, bankers estimate, has been increased 35 to 40 per cent over past seasons, while a large percentage of flax also has been sown.

The labor situation on North Dakota farms has improved greatly, and in the opinion of United States employment officials here there will be no lack of labor in the harvest fields. Many inquiries have been received from persons in the east who wish to work on North Dakota farms during the harvest. The usual number of college students are expected to be in the fields; many inquiries have already been received from them. Wages being paid by the farmers now are unusually high.

HAMILTON OFFICIAL DIES.

HAMILTON, July 18.—Thomas Fanning, brick manufacturer, former license commissioner and a former member of the board of education, died at his home in this city on Saturday. He was 69 years of age.

LICENSE COMMISSION SHUTS SUDBURY BAR

SUDBURY, July 18.—The bar of King Edward Hotel was closed on Saturday by order of the Ontario License commissioners because changes were required had not been made. The Balmoral Hotel was also informed that it could not lease its bar any longer.
