

OF INTEREST TO WOMEN

THE CLEARING VISION.

Dearest, when we have done what was our best; When the strength of our day is past, and night Comes quietly, and we know that we must rest, Leaving the task undone, shall not the light— The unfinished, faltering and weak, Yet, since we loved each other, and held high Above our failing what God bade us seek— Shall not the light bring peace? And we but do the dream is real? Not, as then, made Of careless happy fancies, but reared strong On selfhood's sacrifice and conquered wrong— Hildegard Hawthorne, "Poems."

Taft and Women's Suffrage.

CHICAGO, Nov. 5.—A despatch to The Tribune from Denver says: A constant petition to be circulated among the women of America and then submitted to President-elect Taft, is the immediate plan of the National Suffrage Association. Announcement of this fact is made by the Rev. Anna Howard Shaw, president of the association. A special appeal was made to the Colorado women to assist in the movement by securing the signatures of every woman in the state. "Mr. Taft has often said he was willing the women of America should have the right of franchise if they desired it," the president said. "Now is the time to give him an opportunity to show what he meant by this statement."

Glitter.

It's in lace. It's in embroidery. It's in cloth of gold. It's in all the metal cloths. Tassels are often entirely metal. Even fringes are seen in metal threads. Colored metal cloths are woven with gold or silver warp. Whole hats are made of this metal or half-metal cloth. Cloth of silver and the other metal cloths continue to be made into evening dresses, and they are lovely, too, under lace or net.

Anglican W. A.

At the Anglican Women's Auxiliary meeting in St. Simon's Church Sunday school yesterday, two new life members were reported by Secretary Mrs. E. A. DuVerné. The new Dorcas secretary, Mrs. Clarke of St. John's Church, Norway, was introduced. She succeeds Mrs. Banks, who has occupied the position for 14 years. Mrs. Clougher was appointed secretary-treasurer of the league of churches.

The treasurer reported receipts for the past month to be \$71.91. The past month's receipts were \$21.11, a portion of which was voted towards two appeals from Toronto diocese, \$30 being given to the Esplanade Mission and \$50 to the mission at St. Clements. The balance, \$132, was voted towards the mission at Peace River in the diocese of Athabasca.

The junior secretary-treasurer reported a successful junior conference, held Oct. 30, when an address was given by the general junior secretary, Mrs. Gaviller. A new pledge had been taken up for the support of a missionary child.

A special appeal was made for books and magazines to be sent to Rev. John Antle of the Columbia coast mission in Vancouver for circulation amongst the miners of British Columbia.

Persephone's collection amounted to \$324, which was voted to diocesan missions.

An interesting letter was read from The Archdeacon of Bengal, India, describing the medical missionary work in that district. A letter was also read from Miss Bennett, matron of the Indian school in Lesser Slave Lake, Athabasca.

Miss Cartwright gave a short address on Korea, and Rev. C. H. Shortt gave a talk on Japan.

Willing to Help

Editor World: I noticed an article in one of your papers of recent date concerning the making of provisions for the needy of your city. If I understood it rightly such provisions were to be sent to the "House of Industry," where a committee was appointed to distribute them among the most needy.

The Ladies' Aid of Black Bank Presbyterian Church, having made some clothing during the summer, purpose sending it to help the distressed of Toronto, and would you kindly send me the address of the committee to which we might send our bale. Thanking you in anticipation.

The Nursing Mission.

The annual meeting of the Nursing Mission, 55 Beverley-street, was thronged yesterday afternoon by friends of this organization. The attendance was its largest in history and taxed the capacity of the parlors. Rev. Dr. Perry presided. The attendance included Canon Cayley, Canon Dixon, Rev. C. O. Johnston, Rev. James Macdonald, Rev. T. Murray, Rev. S. B. Rohold, Prof. Goldwin Smith, Dr. Stenhouse, Dr. Davidson, Dr. Kinner, Dr. Bryans, Dr. Skinner Gordon, Dr. Pepler, Dr. McIlwraith, Dr. Clark and many others.

Mrs. Richter-Brown, acting president, read the annual report. This showed that there is a staff of seven nurses under the superintendent, Miss Hoyt. The nurses attended 124 patients and made 554 visits. These included 193 cases of night duty.

The financial statement showed a slight balance. Rev. C. O. Johnston moved the adoption of the report and testified to the grand work which is being done for those in sickness and need by the nurses of the institution.

Rev. Canon Dixon said that to appreciate the self-denying devotion and the high quality of the work performed, it was necessary to know the depth of poverty and terrible conditions of many of the homes in this district. The light and encouragement which the assistance of one of the visiting

nurses would, under such circumstances, give to the depressed and discouraged members of such families could not be overestimated.

Rev. S. B. Rohold of the Presbyterian mission, said that the poverty and distress from which 8,000 large number of the 15,000 foreigners in St. John's Ward suffered was not to be attributed to intemperance. It was very largely the outcome of ignorance caused by oppression in Russia and other countries. The nurses in visiting the foreigners' homes performed a double duty, as they not only gave temporal relief, but they also did much to dispel the prejudices against Christianity, which had been generated by ill-treatment in nominally Christian countries.

Several of the members of the medical profession present added brief tributes to the excellence of the services rendered in connection with various dispensaries as well as in the homes of the people by the nurses of the association.

A graduating diploma and enameled pin were presented to Miss Barker, who passed her examination with honors.

The officers and board of management were re-elected. The officers are: Hon. Mrs. Goldwin Smith, president; Mrs. J. L. Brodie, vice-presidents; Mrs. Sutherland Stayer and Mrs. Lockhart Gordon; acting president and secretary, Mrs. Hunter-Brown; treasurer, Mrs. T. Bryce.

W. C. T. U.

BARRIE, Nov. 5.—"It is not a diet of lady fingers and popcorn balls that strong men need to give them strength for the work of casting a vote. We have the whole wheat bread always in the house. Moistened the crust with the milk of human kindness, and instead of moral dyspepsia, we will have stalwarts."

Thus concluded a report on "Press Work" prepared by Mrs. Emma Waterhouse of Kempsville, and read at this morning's session of the W.C.T.U. convention. The desire of the union, as expressed in the report, is to bring the electors to a fuller understanding of its aims and methods, and the suggestion was made that press workers cause to be published through the year, in the various newspapers of the provinces, "tidings," editorials and pronouncements upon all public issues. In this way would the message of the temperance people be carried home to the greatest possible number.

Mrs. Gordon Wright, Dominion president, on behalf of the convention invested Mrs. Flora York, Miller of London, the corresponding secretary, with a life membership badge and pin in recognition of past services.

Mrs. S. C. E. McKee of Barrie was re-elected president on a ballot. May R. Thornley of London, who was vice-president, was honored by the convention by being elected honorary president. The honorary vice-president is Miss Hattie Stevens of Toronto. All the other officers were re-elected. They are: Mrs. Flora Y. Miller, London, corresponding secretary; Mrs. H. E. Irwin, Weston; recording secretary, Mrs. B. O. Britton, Gananoque; treasurer, and Miss Lottie Harris, Toronto, secretary.

Just a Boy and a Match.
A small boy, the business end of a match and some curiosity started doing things on Church-street, just above Queen, yesterday morning that threatened for a time the complexion of the youth and the destruction of a small shop.

Willie Royce was the boy. He had been left with a neighbor for the day and at an unguarded moment wandered out on the street, where he met another youngster. The latter had a match, which Willie undertook to put into working order. The wind was lusty, however, and the boys decided to enter the shop to light it. Dropping from his fingers into a tea chest full of waste paper the match quickly set off the contents. Young Royce tried to quench the fire and instead was singed a little himself.

At this juncture the fire box was pulled out, but before the apparatus arrived the blaze was extinguished and the mother of the energetic youngster had returned to take back to the family fold her wandering

GLAD TO SEE 'EM GO.

Chinese Demonstrate on Departure of U. S. Battleships.

AMOY, China, Nov. 5.—The second squadron of the American battleship fleet this morning steamed out of the harbor, bound for Olongapo, Luzon. The departing warships were given a demonstration in marked contrast to the apathy which was noticeable on their arrival.

The cost of the reception has exceeded \$100,000. The Chinese Government has been lavish in its gifts to the American officers and men.

A gentleman was traveling in the north of Scotland. When he reached his destination he discovered that he had left his waterproof in the compartment. He hurried as the train was leaving, and shouted:

"Is there a black mackintosh in here?"

One of the gentlemen replied: "No, they are all Macgregors."

Arrested at Ottawa.
BROCKVILLE, Nov. 5.—(Special.)—Chief Burke goes to Ottawa to bring back for trial the two men, Stewart and Kimball, arrested this afternoon charged with burglaries committed here early yesterday morning.

Big Seal Catch.
VICTORIA, B.C., Nov. 5.—Two more sailing schooners have arrived from Behring Sea, the Markland with 200 sealskins, and the Thomas P. Bayard with 313 sealskins, and 29 sea otters. The two catches are higher than any made for six or seven years, and the take of sea otter was the largest ever brought into port.

Not Wanted, and Should Go to Jail or Asylum.
That the General Hospital should bar its doors to delirium tremens patients and common drunks was the recommendation made to the board of trustees yesterday afternoon by Supt. Dr. J. N. E. Brown, who proposed that the former class should go to the lunatic asylum and the latter to the jail.

Dr. Brown will talk the matter over with the superintendents of the other city hospitals, and confer with the civic authorities and afterwards report to the board.

Dr. Tibb Wishart was appointed to the department of the ear, nose and eye, and Dr. M. A. Powell to the charge of the emergency department, as senior assistant surgeon.

A DOUBLE TRIUMPH.

The Old Firm of Heintzman & Co., Ltd., Share the Success of the Sheffield Chorus.

And what an audience it was that assembled in Massey Hall last night at the opening concert of the great Sheffield Chorus! Every seat sold and many more who wanted seats. Toronto's foremost people there, and all with one accord prodigal in their praises of the magnificent program rendered.

Coupled with the praises of Dr. Coward and his choir were the flattering comments heard on all hands of the splendid service rendered by the Heintzman & Co. pianos in use for the occasion. The time was when the piano of foreign manufacture would have been called into requisition on a great occasion like the present. But to so high a degree of perfection has Heintzman & Co. pianos attained that this time, as many other times of late years, this instrument has completely met the demands of the most famous artists. As all concerts of the Sheffield Chorus, wherever held in Canada, only this one particular piano will be used.
