

Day's Doings in YORK COUNTY

N. TORONTO TAX RATE WILL BE 19.5 MILLS

Finance Committee So Decided Last
Night—York Township Council Met Yesterday.

NORTH TORONTO, Aug. 16.—(Special.)—As forecasted in The World of Friday the tax rate for the year 1909 for the Town of North Toronto will be 19.5 mills on the \$, and not 22.5 as first struck by the finance committee. This was finally decided upon at tonight's meeting of the finance committee after a strenuous debate, practically along the same lines as that of last week.

Councillor Irwin advocating strongly for the carrying over of a number of amounts to the debenture account, while Mayor Brown and Councillor Murphy were equally insistent in changing the same up to current account.

"If we charge the installation of a fire alarm system and a number of school accounts to the debenture debt, the people who come after us will pay a share of it as they ought," said Councillor Irwin.

"It's all right for some people, but the steady citizens who intend to make North Toronto their home, don't want to be loaded up with debt," said Councillor Murphy.

Mayor Brown was equally opposed. "You have not provided for anything but what you can see," he said. "No legal expenses, no anything."

"We'll be in the same hole as West Toronto if we go on piling up our debenture debt," said Councillor Murphy. "It wasn't the debenture debt that put West Toronto in the hole, but the fact that the rate was kept as low as possible."

"I am in favor of a fire alarm system no matter how it is put in, but I think that permanent improvements ought to be paid for by the people who will use them," said Chairman Burnaby, "and the rate kept as low as possible."

So they talked, pro and con, until finally an amicable rate was struck, and that 19.5, and members and clerk congratulated themselves and properly with giving the townspeople a maximum of progress at a minimum of cost.

Mr. Covie, a resident of Deer Park, in a communication to the council, charged Chief Constable Collins with undue violence some time ago in the treatment of two prisoners. The chief appeared before the committee, tonight and distinctly denied the truth of the charge. Committee were plainly impressed with the truth of the chief's statement.

Town council will meet to-morrow night. The funeral of the late David Mulholland of Bedford Park took place this afternoon to Mount Pleasant Cemetery and was very largely attended, many friends from all parts of the township being present to pay a last tribute of respect. The members of the York Township council also attended in a body.

The tragic death of R. G. H. Evans, the young bank clerk, who lost his life thru drowning at the Island on Sunday, has cast a gloom over the town. Mr. Evans had only been stationed here a short time, but had already made many friends by his unfailing courtesy and attention to business.

Messrs. Graham and Renfrew, the well-known live stock importers of Bedford Park, are expected home from Scotland in a day or two.

Councillor Parke's condition continues to excite the liveliest hopes among his friends as to his complete recovery.

Mr. Burnaby of Dallas, Texas, who is visiting his brother Councillor Burnaby here, leaves in the morning for a short visit to his old home in Nova Scotia.

H. H. Ball, financial editor of The World, arrived home on Saturday from a short visit to the British Isles. Mr. Ball reports a pleasant trip and yesterday and to-day met many friends around town.

Another meeting of those favorable to a town bank will be held in the town hall on Tuesday evening. All are invited.

WEST TORONTO.

WEST TORONTO, Aug. 16.—Hugh Macdonald, 23 Adelaide-avenue, York Township, was arrested this afternoon, charged with the theft of a quantity of soap from the Comfort Soap Works, where he has been employed as night watchman. The information was laid by J. R. Massakas of High Park-avenue.

Ex-Ald. William Maher had a splendid horse and buggy, valued at \$200, stolen this afternoon. Mr. Maher had left the horse on Charles-street while he made a call, and on coming out of the house a few minutes later he found the whole outfit had disappeared. Up till a late hour to-night no clue as to its whereabouts has been discovered. The 3-year-old daughter of Mr. and Mrs. Cooh, 10 South Keele-street, has scarlet fever, and was taken this afternoon to the Isolation Hospital.

The body of little Crabtree, who was drowned last Thursday evening, in the Humber River, is still at 7 Hannam-avenue, York Township, awaiting interment. The funeral has been postponed until the return of the boy's father from Gowanus district, but so far it has been found impossible to

West Toronto North Toronto East Toronto

locate him, in spite of the fact that telegrams have been sent to Latchford, Elk Lake City and Gowanda. Arthur Morris and Mrs. Morris, 45 Ontario-street, have returned from a two weeks' holiday at Muskoka. Charles Pigott of No. 1 Arenal, and family, left to-day for Muskoka, where they will spend their vacation.

EAST TORONTO.

EAST TORONTO, Aug. 16.—Some time ago The World called the attention of the public to the danger of those crossing the bridge over the railroad tracks on Main-street, East Toronto.

On one side of the bridge there is a sidewalk for pedestrians, which extends for a distance of perhaps 35 or 40 feet; then pedestrians are compelled to go into the roadway to proceed any further and on account of this have to be exceedingly careful to avoid any of the different vehicles that are continually passing.

At night this bridge is lighted with two incandescent lamps, one at either end, which at their best afford but a feeble light, and sooner or later there will be a serious accident.

Harold and Roy Hatt are spending a few days with friends on Danforth-avenue, East Toronto.

On Monday, Aug. 23, the Women's Auxiliary of the Y. M. C. A. will hold their last meeting in preparation for the big field day to be held on Aug. 28, when final arrangements will be made.

D. McLaughlin of Oshawa is spending a few days with his friend, Mr. Henry Abbott of Danforth-avenue.

All Agree on School Site.

A meeting of the ratepayers of school section No. 13, Township of Scarborough, was held on Saturday afternoon at the Alexandria Industrial School, James Noble, chairman. The choice made by the board of trustees of a school site was unanimously approved and a resolution was adopted authorizing the application of the township council to issue debentures for the purchase of the site, and for the erection of a suitable schoolhouse.

The large attendance of ratepayers showed the interest taken in the affairs of this growing section. The good judgment displayed by the board in the selection of a site and their intention to erect a building in harmony with the surroundings is a guarantee that the beauty of this district will be preserved.

The school site will have a frontage of 250 feet on the west side of Lakeview-avenue and 250 on the east side of Chester-avenue, with a combined depth of 245 feet from street to street. The east front overlooks a fine wooded ravine and lake and is well chosen.

YORK TOWNSHIP COUNCIL.

Reeve Henry presided at yesterday's meeting of the township council, with the deputy Reeves Watson, Baker and Nelson and Councillor Jackson present.

A communication was received from John A. Bannerman, county clerk, specifying the amount of taxes to be levied on the township, which are as follows:

General purposes \$14,834.74
Industrial purposes 1,069.10
Special court-house debt 1,069.10

H. R. Frankland wrote asking council to carry the watercourse south on Pope-avenue about 70 feet to a street he has opened up running east. Mr. Frankland will erect two houses. Commissioner will look into it.

John J. Taylor, 35 Hertel-avenue, North York, wants permission to burn rubbish from time to time. Mr. Taylor regards the by-law covering this procedure as invested with a lot of red tape.

Bicknell, Bain & Strathly wanted to know what the township council proposed to do re the Kilpatrick matter. They threaten proceedings.

Board of railway commissioners gave notice that they will hold their next meeting on Tuesday, Sept. 14, at 10 o'clock in the forenoon, to hear applications preferred by H. L. Drayton in respect of the level crossing of the Grand Trunk Railway at Windermere and Ellis-avenues, in the Township of York. The municipality will be asked to show cause why they should not make the payments demanded by the G. T. R.

Residents on Wychwood-avenue want a board sidewalk on east side, running from St. Clair-ave. north to Vaughan-road. The petition was signed by Messrs. Stansfield, Magee, Preston, Williamson, McPhail, Thompson, Simpson, Smart, Henwood, Leptine, Robson, Rigby and others.

Frank Barber, township engineer, submitted a progress estimate of the work done on the Black Creek bridge by E. J. Elliott, totaling altogether \$375, and made up as follows:

87 cubic yards excavation at 30c. \$ 26.10
20 cubic yards concrete at 70c. 14.00
100 cubic yards concrete at \$5.80. 580.00
Less 20 per cent. 116.00
Balance \$339.10

Amount of previous estimate. 837.92
Balance due 508.82
On motion of Messrs. Jackson and Barker the amount due Mr. Elliott was ordered paid.

Councillors Nelson and Jackson moved the acceptance of a plan of subdivision of the easterly 250 of block E, plan 1134, Township of York, showing Fregana-avenue 66 feet wide, from Lambton-avenue southerly to south limit of said block E, only on condition that a cross street 66 feet wide is given about 600 feet south of Lambton-avenue.

The treasurer was instructed to remit \$19.95 charged against the land and buildings, 47 x 120 feet on the Lake Shore-road, for use by the 1907 and 1908 sections Nos. 2, 4, 5, 7, 8, 9, 10, 11, 12, 14, 15, 16, 17, 18, 19, 20, 22, 24, 25, 28, U.S.S. 26, the sum of \$27 each.

(b) To school section No. 13 and union sections Nos. 2, 6, 21 and 24, the sum of \$13.50 each.

(c) To sections 22 and 29, the sum of \$6.75 each.
