"But why should I be interested in Dr. Chase's Nerve Food?"

ECAUSE it will make a better human toms, and for this reason you must persebeing of you mentally, physically— vere in its use until lost vigor is restored everyway.

Are you living a full and successful life? Or are you lacking in energy and Perhaps you find that you are losing grip on life and beginning to slump physi-

cally. Then it is time to give some attention to the nerves. When the nerves give out there's sure to be a slowing up of all bodily functions,

both mental and physical. Dr. Chase's Nerve Food is admirably suited to overcome this condition and thereby prevent a serious nervous breakdown. For this reason it is of interest to

everybody-young, old or in middle age. Because it restores in Nature's way by forming new, rich blood, and by feeding the starved nerves back to health and strength it appeals to every reasoning

person. Try it wnen you feel worried and tired out. Try it for sleeplessness and irritability. Try it for nervous headaches and indigestion. For these are the indications

that the nerves are becoming exhausted. It is not a mere relief for these sympto the nerves.

We know that Dr. Chase's Nerve Food possesses exceptional restorative properties. We have seen it tested in many thousands of cases. Many of your friends and neighbors can vouch for its merits from their own personal experience.

But how are you going to prove this, to your own satisfaction unless you give it a trial? You are the one to be benefited. So it remains for you to make the test.

It is well worth your while, for health is your biggest asset, no matter what the

size of your bank account may be. Rest and plenty of wholesome, nutri-tious food will help. But your system has failed to supply to the nerves the nourishment they require. So you must look to Dr. Chase's Nerve Food to establish the upbuilding process which is necessary for your complete restoration to perfect health
