## MR. J. C. CLARKE, SHORTHAND EXPERT

Tells what can be accomplished by a  
simplified modern system of  
shorthand.

Education experts addressing the  
convention of the Ontario Association  
of Teachers yesterday declared that  
there is not sufficient provision in the  
public and high school curriculum for  
commercial education. This state-  
ment is also supported by the fact  
that from twenty to fifty businessmen  
are advertising every day in Toronto  
for capable stenographers, to say no-  
thing of bookkeepers. Ontario school  
teachers assembled in Toronto this  
week from all parts of the province  
not experimenting with a system, I  
started out to teach it in Toronto  
when others lacked the courage to  
compete against the Pitman system,  
and my eighteen years of successful  
experience has justified my faith.

With this system, students can be  
trained in three months who will be  
the equals of graduates produced by  
other methods in six months. The  
system eliminates the use of one char-  
acter for several words of different  
meaning, which is a feature of the  
Pitman system, and therefore stu-  
dents from the beginning are less  
liable to make errors in transcribing  
their notes.

It would be in the interest of all  
teachers now visiting in the city, as  
well as students, to investigate and  
find out what can be accomplished in  
a few weeks in getting a thorough  
grasp of a really workable system of  
shorthand writing.

Colored Man Arrested  
For Attacking White Girl

Walter Griffith, colored, of Cameron  
street, was arrested last night in a  
West Queen street cafe, charged with  
assaulting a white girl, named Dor-  
othy Morton. According to the girl's  
story as related to Detective McMa-  
hon last night, she had been beaten  
into unconsciousness by Griffith, car-  
ried from her home to a motor car,  
and driven to Queen and Spadina  
avenue, where she threw herself out  
of the car, while it was traveling at  
a high rate of speed.

The complainant's story is that she  
had been keeping company with Griffith,  
furnished him with money to  
purchase a motor car, which he was  
driving. Two weeks ago she refused  
to have anything more to do with him  
and moved to the Sussex avenue  
house. She claims she would have  
left Griffith long ago only she was  
afraid he would harm her.

When she went to her home at  
midnight Monday she claims Griffith  
was hiding inside the door, and an-  
other man was upstairs holding the  
attention of the landlady. When she

entered the door, she claims, Griffith  
attacked her and finding she had no  
money, struck her in the left eye,  
taunting a black eye and a swollen  
face. She became unconscious, and  
was carried from the house, and both  
men got in the car and drove south  
on Spadina avenue, where she jumped  
out of the car.

Ward and Tuft went to the home of  
Peter Pelinsky, 214 West Richmond  
street, and arrested him on a charge  
of theft. They took possession of  
about \$300 worth of rubber heels, tire  
canvas and brushes. Mike Dayday,  
185 King street, was also arrested,  
charged with theft. Both men were  
employed at the factory and it is be-  
lieved they carried the tire canvas  
from the factory by hiding it around  
their body, then putting on their over-  
coats and walking out thru the time  
office.

ing to an announcement by Dan Morgan,

## DENTAL INSPECTION

## OF 100,000 CHILDREN

Department of Education  
May Open Depots Thru-  
out Province.

That co-operation between the gov-  
ernment, the inspectors and the dental  
profession was responsible for the  
vastly improved condition of the school  
children of the province in regard to  
the care of teeth, and consequent im-  
proved health, was evident from the  
speeches delivered yesterday at the  
complimentary banquet given by the  
oral hygiene committee of the Ontario  
Dental Society in the King Edward  
Hotel, and that the 150 guests en-  
dorsed this view was amply demon-  
strated by the appreciative rounds of  
applause, which greeted the speakers'  
remarks.

Dr. Conboy said that parents were  
being educated to the necessity of  
having their children's mouths and  
teeth kept clean, and arrangements  
had been completed for the inspection  
of 100,000 children thruout the pro-  
vince, which would be accomplished  
with the assistance, without remun-  
eration, of 350 dental practitioners.  
The department of education, he said,  
was not considering the establish-  
ment of permanent depots, and most  
likely traveling clinics would be  
instituted for the rural districts. Dr.  
Conboy emphasized that many in-  
sufficiencies were the result of neglect of the teeth  
and mouth and gave the startling  
figure that 85 per cent. of the children  
of the province suffered from dental  
defects. He asked all to unite in pro-  
tecting boys and girls from dental  
defects.

A number of inspectors expressed  
the difficulties which underlay the  
giving of effective care to children in  
sparsely populated rural districts, and  
thoroughly established because of its  
simplicity and the fact that it can be  
mastered in half the time ordinarily  
devoted to the older systems. I am  
not experimenting with a system, I  
started out to teach it in Toronto  
when others lacked the courage to  
compete against the Pitman system,  
and my eighteen years of successful  
experience has justified my faith.

## RUBBER HEELS LED TO CACHE OF LOOT

While investigating a quarrel over  
a woman in a house in the ward Sat-  
urday night, Detectives Tuft and Ward  
happened to open a dresser drawer  
and found several pairs of rubber  
heels. Tuft asked the man in the  
room why he had so many new pairs  
of the "spring" heels and he replied a  
friend had left them in his room. The  
detectives made inquiries as to the  
name of the person who was giving  
the "spring" heels and he reported that  
the man and found a quantity of goods.  
The manager of the Dunlop Rubber  
Company, Both avenue, was com-  
municated with and he reported that  
goods were being stolen.

Ward and Tuft went to the home of
