

REPORT OF WORK AND PROGRESS OF THE GIRLS' FRIENDLY SOCIETY IN CANADA.

DIOCESE OF FREDERICTON.

FREDERICTON.—Our Branch of the G. F. S. still continues to hold its own, as fresh recruits come in to fill the gaps caused by marriage or death. We now have four classes meeting weekly, two are held in the Secretary's room, one meets at the house of Mrs. Merritt, who lives at Victoria Mills, two miles below Fredericton, and the other at Marysville, under the charge of Mrs. Cowper, assisted by Miss Morehouse.

All the members possess the privilege of attending a Girls' Bible Class, conducted by the Sub-dean, on Friday evenings, in the Cathedral library. The proceeds of work by the Secretary's two classes were in the first place sent, through our Bishop, to the Armenian Fund. The remainder has been spent in purchasing books, which are sent to poor Sunday Schools in our country Missions.

Our entertainments during the past year have consisted in a Christmas Tree for the G. F. S. class at the Victoria Mills, and two tea parties, with music and a magic lantern, given by the Secretary in her room.

We sadly need the aid of more Working Associates in order to carry on our work more satisfactorily.

MARY NAMERIA JACOB,
Diocesan Secretary and Treasurer.

ST. JOHN.—The work of the Society has gone on during the past year in much the same way as formerly. We have at present twenty-seven members on the roll, with a good average attendance
