# ABSTRACT OF THE REPORT

OF THE

## TEMPORAL COMMITTEE.

---

*To the Congregation of St. Andrew's Church in Annual General Meeting assembled on the first Monday in March, 1870:—*

Your Committee in briefly reviewing what of interest to the congregation has occurred during the year now closing, feel that the first place is due to the subject of the Bazaar held by the ladies of the congregation in May and October last, and rejoice to be able to say that it was a great success, proving at once the energy and zeal of the ladies and their power of doing good.

The net proceeds of that Bazaar amounted to the goodly sum of \$1,544.34, of which \$1,124.41 were applied by order of the ladies to pay off the debt incurred for the improvement on the manse, being the amount of debt stated in last report less \$10, received as further subscription, leaving a balance of \$419.93, which, with interest to 1st March, amounts to \$437.29, as due at this date, and at the credit of the ladies, at 7 per cent. interest, and is subject to their order for its application to any of the approved objects of the Church, but is supposed to be intended to assist in building a new Church when that shall have been determined on.

The sum of \$335.65, received by the former Committee as part of the old Bazaar fund is also still in the charge of your Committee, the note first given by the then President, E. McGillivray, Esq., having been renewed by two of our number and endorsed by Mr. McGillivray, for the amount with interest added and payable in twelve months, also with interest as appears by the accounts herewith.
