THE first vehicle ever made—the whirling of Time.

WHEN does a caterpillar improve in morals?—When it turns over a new leaf.

A BOSTON girl never speaks of the "naked truth." She refers to it as "truth divested of apparel."

"Now your talk has the true ring?" as the girl said when her lover began to talk of a "diamond circlet."

AN unsophisticated New England commercial traveller, on reading the sign "General Merchandise," on a store, walked in and asked to see the General.

PHOTOGRAPHER—"Now, sir, if you'll look a little less as though you had a bill to meet, and a little more as though you had just been left a legacy, you'll be a picture."

MOTHER (to runaway Tommy)—"Is there any place I can put you and be sure of finding you there five minutes after?"

TOMMY (meekly)—"You might try the cupboard."

BINGO—"My wife is putting up some brandied peaches this year."

CASTLETON—"Are you fond of them?"

BINGO—"I don't care so much for the peaches, but I appreciate the spirit in which she works."

TRUE humanity consists not in a squeamish ear; it consists not in starting or shrinking at tales of misery, but in a disposition of heart to relieve it. True humanity appertains rather to the mind than to the nerves, and prompts men to use real and active endeavors to execute the actions which it suggests.
