The night express from Halifax was
two hours late in reaching St. John this
morning. Heavy traffic, a hot box, engine
trouble and a variety of other mat-
ters all combined to cause the delay.

Hocken is a former mayor of Toronto.

**TODAY AT CHRISTIAN
CHURCH CONVENTION**

**Mr. Flagler's Report—Evangelistic
Effort in St. John And Halifax
Recommended**

At this morning's session of the con-
ference of the Churches of Christ for
the provinces of Nova Scotia and New
Brunswick, which is being held in Co-
burg street Christian Church, J. S. Flag-
ler, secretary-treasurer of the Home
Mission Board, presented his report. It
showed that the total receipts had been
\$913.00 and the disbursements \$483.00,
leaving a balance of \$430.00 on hand. He
also reported that C. F. Assiter of the
North street church in Halifax, had con-
sented to act as editor of the Christian.
The following reports were recom-
mended: Summerside, St. J. Dyer, 12
and Westport, \$60; Douglas avenue, St.
John, \$60.

L. A. Miles presented the ways and
means report, which included resolu-
tions as follows:
1. That a general offering be made by
the churches on a named Lord's day in
November.
2. That each Bible school make an of-
fering on each Review Sunday for the
benefit of the society.
3. That agents be appointed in each
church to secure pledges and collect
them regularly for this society and also
act as agents for the Christian.
4. That the Young Peoples' Society of
Christian Endeavor in each of our
churches be asked to make yearly con-
tributions to this work.
5. That the policy of the society in the
past, of keeping an evangelist in the
field, be continued.
6. It is the mind of this committee that
the executive of the society should ar-
range for a strong evangelistic effort in
the cities of St. John and Halifax.
7. That the society undertake a system-
atic effort among the churches as to
the execution of the above resolution and
report progress.
Other reports were received. The
conference will be continued this after-
noon and evening and will be concluded
tomorrow.

DRIED FOODS FOR SOLDIERS

Washington, Aug. 24—Dried foods
may take the place in a large measure
of canned goods for the American army
abroad. The subject was discussed by
officers of the quartermaster's depart-
ment of agriculture officials. Representa-
tives of the department are making ar-
rangements now in the drying of vegeta-
bles and the department is having
taken a census of concerns which dry
foods.
Canadian food experts have been here
for several days studying the subject of
drying foods with a view to supplying
the Canadian soldiers with large quanti-
ties.

TELEPHONE STAFF PICNIC
Arrangements had been made for a
picnic for the local staff of the N. B.
Telephone Company at Torriburn this
afternoon and the downpour of rain
came as a severe disappointment. At
a late hour the committee in charge
still was waiting to see if the weather
would clear up. If it does not, the pic-
nic will be held on Monday, provided
the weather then permits.

**EIGHT HOUR DAY
ON INTERCOLONIAL**

Arrangement By Management
and Trainmen Made

**Matter of Status of Yardmen Still
to be Settled—Discussion Also
as to Pay Allowance of Some
of Men Overseas**

The agreement between the manage-
ment of the Intercolonial Railway and
the representatives of the trainmen, un-
der which the eight-hour day will be-
come effective, has been arranged and
now awaits only the settlement of some
other matters not relevant to this issue,
to become effective. Following the course
of other railways, the Canadian govern-
ment system has granted the men the
eight-hour day and the new arrangement
will be in effect before long. The change
will not affect the number of hours, pre-
sented by the running time of their trains,
but it will affect the rate of pay, pre-
sented by the rate of pay, and a half per cent
to the rate.

Representatives of the brotherhood
have been in conference with the manage-
ment for several weeks with regard
to details of this and other matters af-
fecting the trainmen and everything has
been settled with the exception of one
matter. This is the proposal of the man-
agement to separate the yardmen from
the passenger and freight trainmen, a
proposal which the yardmen have been
raising vigorous objections.
It is said that the present system, un-
der which a yardman is regarded as en-
titled to promotion to a position as con-
ductor on freight or passenger trains
according to his seniority in the service,
has been in effect only a few years, that
it is not effective on the transcontinental
division of the government road or on
any other railway. The management ob-
jects to it on the grounds that it has
the effect of disorganizing the yard staff
without adding to the effectiveness of
other branches. One of the difficulties
is said to have been the fact that men
were quite willing to work in the yards
the summer, when they could make
more money there than on the road, but
when winter came, many of them sought
transfer to the trains, to the constant
detriment of the yard service.

The yardmen, on the other hand, ob-
ject that there is no reasonable oppor-
tunity for promotion in the yards and
that the only way for them to advance
in the service is through the opportunity
to transfer to the trains.

Both the management and the men are
firm in their attitude, the head officials
declaring that the two branches must
be separated and the yardmen equally
determined to oppose the change. So far
there are no signs of agreement, but an-
other conference will be held here long
at which the matter will receive further
consideration.

For Sixty Years

Since 1857 the name **MAGEE** has been associated with Fine Hats. The following ap-
peared in "The Chronicle," a local publication April 12, 1860, the original and, an earlier an-
nouncement, June 6, 1857, are displayed in our window:
"New Styles For 1860.—The subscriber has received per steamer Bohemian, from Eng-
land, and Eastern City, from Boston, a part of his spring supply of Hats and Caps. Gentle-
men in want of a Superior Dress Hat can select from five different styles, of either English,
American or domestic manufacture. The stock is the largest in this city, and the prices mod-
erate.—A. MAGEE, 27 KING ST."

Believing in and using the word "Superior" associating it with the quality of merch-
andise we stock has been a hard and fast rule with us since 1857—for sixty years.
