ACID STOMACHS ARE DANGEROUS

Nine-Tenths of All Stomach Trouble Due to Acidity Says New York Physician. A well-known New York physician who has made a special study of stomach and intestinal diseases recently made the startling statement that nearly all intestinal trouble as well as many diseases of the vital organs, are directly traceable to excessive stomach acidity commonly termed sour stomach or heartburn which not only irritates and inflames the delicate lining of the stomach but may often cause gastritis and dangerous stomach ulcers. Neglect he says easily leads to a chronic super-acidity, commonly mistaken for indigestion and is the principal cause for the indiscriminate swallowing of the various so-called patent digestive aids which bring only temporary and false relief. In an acid condition of the stomach no artificial digestants whatever should be employed as these are likely to merely pass the sour, burning acid on into the intestines, causing serious trouble there. Instead he recommends the use of some simple, harmless and inexpensive antacid such as a teaspoonful of bisulphated magnesia, taken with a little hot or cold water right after meals or whenever distress is felt. This simple remedy in just a few seconds from its entering the stomach neutralizes or sweetens all its sour acid contents. Dissolve the dangerous acidity and there will be no need for medicine as all symptoms of indigestion will promptly cease. Sufferers from acidity, sour stomach or indigestion should get a few ounces of the pure bisulphated magnesia from their druggist and give this treatment a trial. In view, however, of the many varieties of magnesia used for various purposes, stomach sufferers should be careful to get it only in the bisulphated form (either powder or tablets) and in a sealed package to insure its purity.

NO SECRET ABOUT VINOL

The Complete Formula of this Great Tonic, Strength Creator is Printed On Every Label.

There is no secret about the reason why Vinol surpasses all other tonics and cod liver oil preparations to create strength for weak, run-down, overworked, debilitated men and women, after sickness, for feeble old people and delicate children. It is because it is a scientific combination of the greatest tonics known to medicine, viz., beef and cod liver peptides, iron and manganese peptonates and glycerophosphates, etc. That is why Vinol quickens the appetite, aids digestion, supplies iron to the blood and brings back the strength of renewed health. The letters from people who have benefited by Vinol, which we are continually publishing in the columns of this paper, form a chain of evidence which proves beyond question that Vinol is the greatest strength creator on the market.

BULGARIANS REVEL IN AWFUL BUTCHERY

Roumanian Civil Population of Trakan Subjected to Diabical Tortures; Women Aid Soldiers

The London Daily Chronicle prints the following from its Bucharest correspondent: "It is more than probable that when all the horrors perpetrated by the Bulgarians and Germans at Trakan are known and officially confirmed they will rival anything yet recorded in Balkan warfare. There seems to have been a systematic, putting the Roumanian prisoners in batches and shooting them in the market places and other convenient spaces. A regular massacre of the Roumanian civil population was organized by the Bulgarian soldiers, aided by Bulgarian inhabitants, going from street to street, killing, maiming, and torturing as they went. Some of those who escaped state death among the Bulgarian inhabitants who took part were well dressed women and young men in light suits and straw hats, while the women incited their children to share in the revel. Knives, hatchets, anything with which torture could be inflicted, were employed, and teeth freely used by women. Nameless horrors were perpetrated. Limbs were lopped off, eyes gouged out, or as many wounds as possible inflicted on the helpless victims. "There is in the hospital today in Bucharest a raving lunatic, a lady of good Roumanian family, wife of a Judge, who, hearing that the Roumanians were being massacred, rushed half dressed to the tribunal to save her husband. She arrived just in time to see a hatchet descend on his head and cleave his body nearly in halves. She was found and recognized by some Roumanian officers who brought her to the capital. "During the fighting the Bulgarian women and children followed the lines, stabbing and torturing the wounded. Bodies were found with twenty and thirty cuts and wounds. There are a dozen Roumanian soldiers in hospital bearing as many wounds who still live to suffer torture. Many of the women had rifles. More than one wounded soldier was shot in the back. "A very strict inquiry is to be made and a full report addressed to allied and neutral countries."

A chicken valued at fifty cents cost Mrs. Albert Barnes and John Jakinsky, both of Drifton, Penn., \$300. To settle a dispute as to the ownership of the bird, Jakinsky caused the arrest of Mrs. Barnes. The contest was too much for Squire Malley of Freeland. Unable to decide who was the real owner, he divided the cost and other expenses, amounting to \$50, between the litigants.
