THE ANGLO-SAXONS AS THE LAST TEN TRIBES

el World Federation Secretary Says Proofs Obtain-
Statement Similar to

theory is not a new one, and no
the many readers will recall that Rev.
eph Wild, formerly of the Bond street
regional Church, used to discourse
the matter frequently and did indeed
write a book in which he developed the
argument at length. Dr. Wild was the
first or one of the first of what may
be called "typical" preachers in Toronto
and drew large crowds by reason of his
unconventional subjects and the elo-
quence with which his ideas were pre-
sented. It was not Dr. Wild, however,
but a bishop in another church, who
expressed the view not long ago that
instead of man having been descended
from monkeys, monkeys had in fact
descended from man.

Biblical Prophecy.
Dr. Wild found most of his evidence
Biblical prophecy. Beginning with
statement that David's seed and
he are to last to the end of time,
ound that the only throne which
ld likely fulfil this condition was
he throne upon which Queen Victoria

**GIRLS! USE LEMONS
FOR SUNBURN, TAN**
Try it! Make this lemon lotion
to whiten your tanned or
freckled skin.

Squeeze the juice of two lemons into
a bottle containing three ounces of
Orchard White, shake well, and you have
a quartet pint of the best fragile, sun-
burn and tan lotion, and complexion
whitener, at very very small cost.
Your grocer has the lemons and any
drug store or toilet counter will supply
three ounces of Orchard White for a few
cents. Massage this sweetly fragrant
lotion into the face, neck, arms and
hands and see how quickly the freckles,
sunburn, windburn and tan disappear
how clear, soft and white the skin
becomes. Yes! It is harmless.

HELPLESS WITH RHEUMATISM

Until He Took "Fruit-a-lives"
The Fruit Medicine

R. R. No. 1, Lorne, Ont.
"For over three years, I was confined
to bed with rheumatism. I treated with
doctors, and tried nearly everything
without benefit.
Finally, I tried "Fruit-a-lives." Before
I had used half a box I saw improve-
ment, the pain was easier and the swell-
ing started to go down.
I continued taking this fruit medicine,
improving all the time, and now I can
walk about two miles and do light
chores about the place."

then sat, and indeed in the light of the
recent war, there is reason to believe
that the last throne of all will be that
of Great Britain. When Dr. Wild wrote
it seemed to be most strongly challenged
by the throne of Russia, and it is un-
likely that ever again there will be a
throne in Russia. "God," said Dr.
Wild, "made the children of Israel, and
throne of David His executive for civil-
ization, evangelization, order and con-
quest. Through them God will conquer
the world to a universal peace."

David and Bathsheba.

It is well known that David had many

wives, but the wife through which
the Saxons are supposed to have descended
is Bathsheba, formerly the wife of
Uriah, the Hittite, whom David caused
to be destroyed in battle with the com-
plicity of Joab, the able if unscrupulous
captain of the host. However, the little
irregularity by which David secured
Bathsheba is supposed to have been
compensated by the fact that she be-
came the mother of Solomon. So that
on one side of the house, at least, we
would appear to have had some very
distinguished ancestors. If the theory of
Dr. Wild and the statement of Mr. Gar-
rison are to be relied upon. According
to Dr. Wild, Adam lived from B. C. 4000
to B. C. 3070 though contemporary and
subsequent scientists have dated the be-
ginning of the world from a somewhat
earlier period. However, Dr. Wild drew
up a genealogical table beginning with
Adam and continuing to David (B. C.
1035-1015) which was in conformity
with the marginal calculations that ap-
pear in the New Testament.

The Enemies' Gates.

From David he branched off to include
the ancient kings of Scotland and Ire-
land as well as Argyleshire and Great
Britain, and ran down the stretch to
Queen Victoria. If he traced his case
up to that point nobody need have the
slightest doubt about carrying it on for
the next two generations and acclaiming
King George V. as a descendant of King
David and Bathsheba. Said Dr. Wild:
"If we once get a clear idea who the
seed of David are then we can search
among the people of the earth to find
them. Of the special marks one was that
they were to possess the gates of their
enemies." Do the Anglo-Saxons possess
the gates of their enemies? Yes, says
Dr. Wild, and he names the Guernsey
Islands, Gibraltar, Malta, Cyprus, the
Suez Canal, Aden, Zanzibar, Bombay,
Calcutta, Singapore, Malacca, Penang,
Hong Kong, Sarawak and Labuan. It
might be added that the war has added
to these gates, and also has reduced the

number who might have been listed as
enemies in David's time or Dr. Wild's.
Dr. Wild said that the Anglo-Saxon
race was destined to rule over the rest
of the world, and bring about an era of
universal peace. The rule would not be
wholly good, due to human imperfec-
tions, but the bad would be greatly out-
weighed. He saw Russia as the chief
power for evil, and who will say that his
opinion of more than thirty years ago is
not the opinion of millions today. Dr.
Wild thought that the world would
come to an end toward the close of this
century, or as soon as all the prophecies
in the Bible had been fulfilled, and es-
pecially when the other nations had been
brought to understand that it was for
their own good and to carry out the de-
crees of Providence that they should be
ruled over by the Lost Tribes, their
heirs and legates.

CUBA WANTS OUR GYPSUM PLASTER

Canada Has Good Opportu-
nity to Develop New Indus-
try — New Brunswick De-
posits.

Major H. A. Chisholm, Canadian gov-
ernment trade commissioner in Havana,
Cuba, writes as follows:

"If Canada manufactured sufficient
gypsum plaster the Cuban market could
consume many times the quantity im-
ported from Canada at the present time,
which amounts to some 2,000 or 3,000
barrels a month. It appears that a good
deal of the building plaster imported into
Cuba from the United States is manufac-

sured from gypsum mined in Canada. I
should think that Canada has a good
opportunity to build up a new industry
in the manufacture of gypsum building
plaster for Latin-American countries.
There should be no difficulty in sup-
plying any outside market with either
crude or calcined gypsum from Canada,
provided shipping facilities were conven-
ient and reasonably priced. Of 304,532
tons of gypsum mined in Canada during
1919 there were calcined 121,499 tons.
One hundred and forty-eight thousand
three hundred and ninety-four tons of
crude gypsum products were exported
to the value of \$140,225. There was quite
important imports of gypsum, crude and
ground, and of plaster of Paris. Canada's
ability to produce gypsum and gypsum
products of high grade is much larger
than any market that has as yet been
obtained, and during the cessation of
building during the war period many of
the gypsum quarries and calcining plants
in Canada have been idle, and many are
yet.

soreness or irritation. No humbug!

PRESBYTERIAN MINISTERS MEET

The annual meeting of the St. John
Presbyterian Ministers Association was
held in St. Andrew's church vestry yes-
terday afternoon with Rev. F. S. Dow-
ling of St. Andrew's church, presiding.
Mr. Dowling was re-elected to the office
of president and the other officers elected
were: Vice-president, Rev. Wm. Town-
send of St. Columba church, Fairville,
and secretary, Rev. R. Moorhead Legate
of Knox church. It was decided that
a united Presbyterian service should be
held on Thanksgiving Day in St. David's
church and Rev. Mr. Legate consented to
preach on that occasion. In planning for
the winter activities it was suggested
that a series of meetings should be held
at which papers on church subjects
should be given by the members. The
suggestion was heartily approved of and
preliminary arrangements for holding
these meetings were made.

AN AUTOMOBILE RACE FROM ST. JOHN TO HALIFAX

(Canadian Press Despatch.)
Halifax, N. S., Sept. 29.—One thou-
dollar was subscribed yesterday for a
free-for-all motor car race from St. John
to Halifax, it was announced at the Hal-
ifax Commercial Carnival Headquarters
here tonight. The auto race will pass
through Sussex, Moncton, Sackville, Am-
herst, Truro, and other towns. Automobile
agents in the various towns will offer
cash prizes for the car which reaches its
respective town first.

LIBERAL LEADER WELL RECEIVED IN VANCOUVER

(Canadian Press Despatch.)
Vancouver, Sept. 29.—Before a great
audience here tonight, which gave Hon.
W. L. Mackenzie King and his col-
leagues a most enthusiastic reception
and interested hearing, the leader of the
Liberal party addressed the second meet-
ing of his tour of the western prov-
inces, laid special emphasis on the fun-
damental difference in attitude, methods
and outlook between the party in office
at Ottawa and that of the Liberal party.

Old Age Deferred

BY DR. LEE H. SMITH.

Business men who must speed up the works and make business
boom during these days—after the war—must recognize the neces-
sity of keeping fit. When mind is befogged, when you have dull
headaches or feel foggy, when not "up to snuff," keep the bowels
free with a mild laxative. In the morning take a tepid sponge bath
(cold water may be used if it does not chill), follow with a brisk rub
down; a sufficient "setting up" exercise in good air until you are in
a warm glow. Have you tried it lately?

Don't let the poisons accumulate in the intestines either, but try
a dose of castor oil the first thing on arising, or a pleasant laxative
occasionally, such as one made up of May-apple, aloin and jalap, rolled
into a tiny sugar-coated pill, and sold in every drug store as Dr.
Pierce's Pleasant Pellets. Then a cup of hot water before breakfast,
and you'll feel better than a king! If you continue in life thus, you
can pass a Life Insurance examination at sixty.

If you wish to prevent old age coming on too soon, or if you want
to increase your chances for a long life, you should drink plenty of
soft (rain) or distilled water daily between meals. Then procure at the
drug store Dr. Pierce's Anuric (anti-uric-acid). This "Anuric" drives
the uric acid out and relieves backache and rheumatism, as well as
kidney trouble. Anuric dissolves uric acid. Try it now!
