SOLDIERS REFUSE TO GO TO RUSSIA

London, Aug. 23.—Three hundred soldiers belonging to Warwick, Berkshire and Gloucester regiments, were arrested today at Southampton, for refusing to

obey orders to embark for France. The ringleaders were driven away in motor lorries.

The soldiers, who had been on leave, are, for the most part, veterans. They objected to embarking because they had heard they would be sent to the Black Sea after arrival in France, whereas they had received promises that no one would be sent to Russia, unless he volunteered.

A war office statement tonight says that the men were being sent to Turkey, not to Russia.

D. MAGEE'S SONS IN BUSINESS FOR SIXTY YEARS

Steady Growth and Widening of Scope Have Marked the Passing Years—An Anniversary Sale

It has not been given to many local firms to celebrate such an event as that which D. Magee Sons, Ltd., 68 King street, hatters and furriers, is now observing—the diamond jubilee of its founding. It was in August, 1859, that the late David Magee started in business. He was the father and grandfather respectively of the present firm members. The business has increased considerably since then and particularly during the last decade has branched and widened most successfully until, now at the celebration of the firm's jubilee, it is found with a most up-to-date and splendidly equipped house for carrying on its trade and with a stock of various lines of modern range.

The ground floor now presents a rich appearance with newly installed cabinet and wall fixtures in solid mahogany. Beautiful hand carved ornaments, the cabinets which with centre glass doors display the goods to the best advantage. The mahogany wardrobes are used to show the men's raincoats and men's Knox coats in which the firm specializes. The location of the offices has been altered also. In the ladies' show room on the second floor not only have new fixtures been installed but a fitting room has been added and the whole has been redecorated and re-painted. The entire scheme is suggestive of a Fifth Avenue New York store.

Preparing for the increased business which offers the firm is giving some exceptional values in its August sale. It confidently invites inspection feeling sure that its fortunate purchase of skins in the firm will make the prices of its large assortment of furs appeal especially to the economical buyer in view of the advancing cost of fur. Among other lines for which the firm is famous are Knox hats and coats; dress in Betty Walker make and of the Raven blue make and leather and cloth motor coats, all makes of exceptional excellence.

A special feature of the advertising of the firm in connection with its diamond jubilee is a replica of an interesting advertisement which appeared in a St. John paper in 1859 a verbatim copy of which is given below. The particular Magee whose name is appended to the advertisement was an uncle of the David Magee, founder of the present firm.

MAGEE, HATTER.

The subscriber would respectfully inform his friends and the Public in general, that he has removed a part of his Establishment to 27, North Side of King street, directly opposite Cross street, and one door below Mr. J. Frost's Shoe store, where he will be found ready to serve the Public with HATS and CAPS of his own manufacture made under his inspection, which he feels warranted in saying are equal to any made or sold in this City, as has been proved at the Exhibitions held in this City and Fredericton, and also at Halifax, N. S., from which he received a Certificate of merit under the Seal of that Province.

The business will be conducted as formerly at his old Stand, under the management of his nephew, D. Magee, a practical Hatter; where the Public will always find a good article, and at a reasonable price.

HATS and CAPS made to order.

A. Magee,
27 North Side, King street.
